BEST PRACTICE

“Reaching Out to Society is our
Commitment”

**SWAMI VIVEKANAND
SUBHARTI UNIVERSITY,
MEERUT**

(Established under U.P. Govt. Act no. 29 of 2008 and
approved under section 2(f) of UGC Act 1956)

1. Title of the Practice: “Reaching Out to Society is our Commitment”

2. Objectives of the Practice

- § To facilitate the process of teaching and learning through the mode of service.
- § To establish a community-institution linkage with the motto of service and thus promoting the practical learning capability of the students along with service.
- § To build leadership, and academic skills for strengthening the communities through service.
- § To learn team building through learning to serve the nation and community.
- § To lay foundation to a healthy nation through service oriented learning.

3. The Context

“The best way to find yourself is to loose yourself in the service of others”.

“Service to mankind is Service to God”.

Subharti University is a mission of service. It is committed to provide basic necessities of life such as healthcare and education to everyone without any bar of caste, creed, religion or any other man made factors. It aims to bring people together by removing hatred, spreading love, building up of moral & national character and extending service to mankind so as to make the dream of ~VASUDHAIIV KUTUMABKAM come true. The entire process of teaching and learning has been designed keeping in mind this core concept and ideology. Also the faculty members imbibe basic and universal values before embarking up teaching and developing strategies. Alongside the students are also provided opportunity to pursue and practice these values. Mere learning without practice is meaningless.

Field practicum is a key training where, students receive firsthand exposure. Hence the Subharti University has adopted 5 villages. The practical learning of the students can be enhanced by a combination of class room instruction with community based interaction and service.

The university has adopted neighboring villages with the focus of its development and service through the engagement of students and faculty members. It also serves the purpose of linking

academics with theory and practice and the resources of the institution can be well utilized for the development of the community.

4. The Practice

The Students and Faculty Members from the Departments like Medical, Dental, Nursing, Education, Law , Journalism & Mass communication etc. are posted to the adopted villages for extension activities and also fulfill their curricular requirements.

Each faculty/departments plans its yearly activity on beforehand and gets its approval from the competent authority for extending the services as per plan. Such activities are regularly monitored and evaluated against preset objectives.

Various camps such as Composite Health, Dental, Eye Screening, Blood Donation camps, Legal Awareness, Literacy & rights Awareness etc. are regularly organized by the Departments. Health awareness programmes with regard to various diseases like Cancer, TB, Anemia, Heart diseases etc. are also conducted in adopted and outreach areas each academic year. Other programmes like awareness regarding government projects and schemes, skill trainings, etc are being conducted for enhancing the awareness of rural masses.

During the academic year 2021-2022, total 376 activities organized in which 115 Oral Screening and 97 Eye Screening camps were organized in various areas of Meerut district, Many programs organized as Yoga Camps, Nukkad Natak, Health camps , outreach activities and Training Programmes.

The students conduct surveys in rural areas to assess the problems and needs of the communities. After analyzing the problems and needs, different health awareness activities like “Nukkad Natak”, seminars, workshops etc are conducted to educate the masses. All the activities are conducted under the guidance & monitoring of the teachers and in the end they make an evaluation of the outreach services.

4. Evidence of Success (Add activities)

The service oriented teaching creates and promotes interest in the process of learning in the minds of students. The practice of learning through service has positive effect on both the students and community. Surveys have been conducted in timely intervals after the adoption of villages which shows the following results after implementation of various programmes. There had been a significant increase in the Health awareness of the community served. The preventive and promotive health status of the community got improved as a result of the camps arranged and care provided. The children are now being sent to schools for education, people started utilizing the government schemes etc. were some among the changes observed.

The skills of the students got significant improvement in the areas of survey, assessment and planning of activities. Many students are motivated towards social service after having oriented with the practice of learning with service.

5. Problems Encountered and Resources Required

The motivation levels were low among the people of the community to attend the camps/ awareness programmes and to gather them at one place was a great difficulty. To overcome the problem, wide publicity was given about the camps and awareness programmes through drum beating, banners, posters, announcements from temples, mosques etc. The help of village Pradhan, School Teachers, ASHA workers and other influential persons was also solicited.

The University always stood ahead in providing required resources like specialists, man power, drugs, finance, transport etc.

6. Notes:

By adopting this methodology in community based teaching courses, students are motivated to learn from their experiences in the community service and they become productive citizens of the country and service oriented forever. This method has helped the students to be role models and leaders of the community.

Report

1ST AUGUST 2021 to 31ST JULY 2022

For the successful continued growth and development of the dental profession, the foundation must be based on the understanding of the needs of the community and not just the individual patient. Therefore, to fulfill this aim, the Department of Public Health Dentistry, Subharti Dental College and Hospital is very active in conducting outreach activities. Amongst the various outreach activities, the oral health screening and treatment camps are being conducted at all primary health centres of Swami Vivekanand Subharti University located at Khajuri, Lohiya, Sarawani, Multannagar and Central Jail(Meerut) on every Mondays, Tuesdays, Thursdays, Fridays and Saturdays respectively of every month. In addition to above mentioned regular camp postings, department carries out various school, villages and NGO'S camps in and around Meerut district.

Department of Public Health Dentistry, Subharti Dental College and Hospital organises rural outreach camps for each blocks with the target of covering each block in a month.

Brief details of the patient's examined is given below:-

Year	PHC's	Village camps	School camps	Total Patient's Examined
2021-2022	1476	3661	2708	7845

THE SUMMARY REPORT ON EXTENSION ACTIVITY HELD ON 12/11/2021

In tune with the Subharti slogan Shiksha Sewa and Sanskar, an outreach activity on 'Application of solar energy' was conducted with due permission from Competent authority on 12/11/2021 at 10:30 AM onwards by students of Mechanical Engineering Department, Subharti institute of technology and engineering, Swami Vivekanand Subharti University, Meerut. The students motivated the villagers of Gram Ghat Meerut, by using solar energy model demonstration. The villagers were actively involved in this activity and got the knowledge about the application of solar energy in the field of agriculture and domestic utility. The activity was successful with intent and content with following objectives.

1. To aware the villagers about the use of clean source of energy solar energy.
2. To spread the message of Subharti and PM for use of clean energy through KUSUM scheme.
3. To make student interact with the society and their problem.
4. To make student inculcate mass demonstration Technique.

डिजिटल साक्षरता पर जागरूकता अभियान चलाया

ग्रामीणों को सावधानी पूर्वक प्रयोग करने के लिए प्रेरित किया

मेरठ, 2 नवम्बर (देशबन्धु)। सुभारती इंस्टीट्यूट ऑफ टेक्नोलॉजी एंड इंजीनियरिंग कॉलेज के कंप्यूटर साइंस इंजीनियरिंग विभाग द्वारा आउटरीच एक्सटेंशन एक्टिविटी के अंतर्गत ग्राम पठानपुरा (वार्ड 38, नगर निगम, मेरठ) में 2 नवंबर 2021 को डिजिटल साक्षरता पर जागरूकता अभियान का आयोजन किया गया। इस अभियान में कॉलेज के छात्र छात्राओं एवं शिक्षकों द्वारा ग्रामीणों को डिजिटल माध्यम का सावधानी पूर्वक प्रयोग करने के लिए साक्षर एवं प्रेरित किया गया। इस अभियान के अंतर्गत ग्रामीणों को डिजिटल साक्षरता का महत्त्व, एफिसिएंट सर्चिंग, ऑनलाइन पेमेंट (इंस्टालेशन एवं इस्तेमाल) आरोग्य सेतु एप, ऑनलाइन प्रॉड्स के प्रकार एवं उनसे बचाव आदि का विस्तार से वर्णन किया गया। कार्यक्रम के अंत में वार्ड 38 की पार्षद रेनु सैनी ने कॉलेज के छात्र छात्राओं एवं शिक्षकों की सराहना करते हुए आभार व्यक्त किया। प्रिंसिपल डॉक्टर मनोज कपिल एवं विभाग प्रमुख

डॉक्टर श्रवण कुमार गर्ग के नेतृत्व में छात्रों के उत्साह भरे प्रयासों एवं इंजीनियर श्वेता गर्ग, इंजीनियर पंकज प्रताप सिंह एवं इंजीनियर कोनिका आबिद के योगदान से यह कार्यक्रम सफल रहा।

राष्ट्रीय एकता दिवस पर संगोष्ठी

विश्वविद्यालय मेरठ के सरदार पटेल सुभारती लॉ कॉलेज में राष्ट्रीय एकता एवं अखंडता के अग्रदूत लौह पुरुष और भारत रत्न सरदार वल्लभ भाई पटेल की जयंती पर एक संगोष्ठी का आयोजन किया गया। 'राष्ट्रीय एकीकरण में सरदार

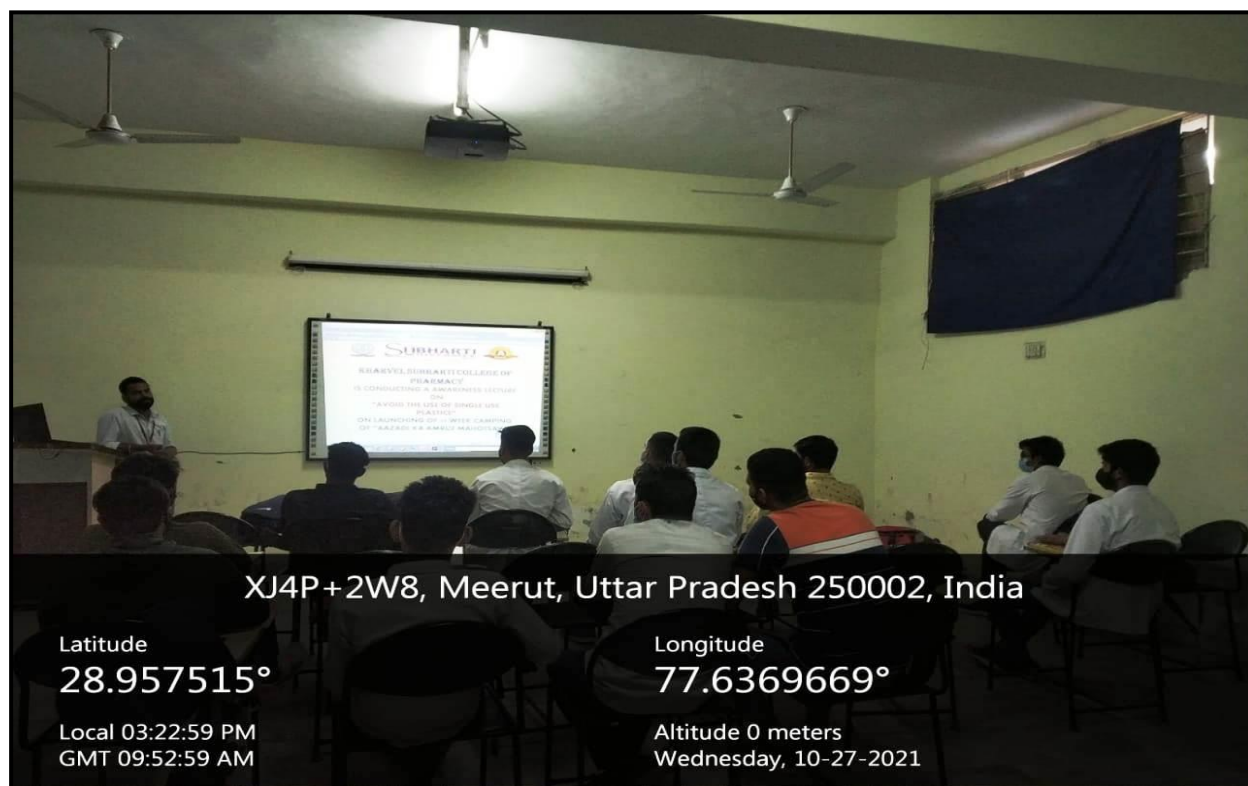

पटेल का योगदान' विषय पर आयोजित इस संगोष्ठी का आयोजन सरदार पटेल सुभारती लॉ कॉलेज एवं राष्ट्रीय सेवा योजना के संयुक्त तत्वाधान में किया गया। डॉ. मनोज कुमार त्रिपाठी संगोष्ठी का संचालन करते हुए सभी अतिथि का परिचय देते हुए स्वागत किया। सुभारती शिक्षा विभाग के विभागाध्यक्ष प्रो. (डॉ.) अनोज राज ने कहा कि अखण्ड भारत की परिकल्पना सरदार वल्लभभाई पटेल ने ही साकार की थी। वे किसान एवं मजदूरों के लिये संघर्ष करने वाले एक निर्विवाद नेता थे।

Single-use Plastics (27 & 28 October 2021)

Kharvel Subharti College of Pharmacy (KSCP) organized awareness programs on 'Single use Plastics' as the Union Ministry of Environment, Forest and Climate Change notified Plastic Waste Management Amendment Rules, 2021, on August 12, 2021, prohibiting 20 identified single-use plastic items by 2022. During this program an awareness talk was delivered by Mr. Vishal Kumar Biswakarma (Assistant Professor, Department of Pharmacology). The students of the pharmacy college asked interesting questions on management of single-use plastics, during this session and these were well answered by the speaker of this awareness talk. A well communicated and an impactful act of social awareness was performed by "Dhanvantri" which is the student Club of Pharmacy College. During community visit, members of the "Dhanvantri" along with participation of some other students of the college had communication with the residents of a nearby community and educated them about the harmful effect and management of single use plastics (SUP). The club member also used banners related to SUP to make it more meaningful and easier to understand.

(Mr. Vishal Kumar Biswakarma delivering a lecture in 'issues related with single use plastic')

(Students showing a poster to explain the problem associated with single use plastic)

(Students in community, spreading awareness for single use plastics)
