INTERNATIONAL CONFERENCE

Hybrid Mode: Both Offline & Online

SATURDAY, 02 DEC 2023

PHARMACON 2023

Pharmacon 2023, the highly anticipated International Conference, is set to bring together leading experts, researchers, and professionals from the pharmaceutical sector worldwide. This prestigious event will be conducted in a hybrid mode, allowing attendees to participate both in person and virtually, fostering global collaboration and knowledge exchange. The conference will revolve around the theme "Advancements in Pharmaceutical Innovation: Exploring Benefits and Opportunities," encompassing groundbreaking research, cutting-edge technologies, and transformative discoveries within the pharmaceutical realm. Participants can expect engaging discussions, insightful presentations, and networking opportunities that will shape the future of pharmaceutical innovation. Pharmacon 2023 promises to be a platform where ideas converge, innovations flourish, and opportunities abound, making it a must-attend event for anyone passionate about the pharmaceutical innovation's progress and impact on society.

This conference not only provides a platform for showcasing cutting-edge research but also facilitates meaningful networking opportunities, fostering collaborations that drive progress. Participants can engage in insightful dialogues, gain valuable insights into the latest trends, and discover collaborative avenues that hold the key to unlocking new horizons in pharmaceutical science. Pharmacon 2023 is more than an event; it's a transformative experience that empowers attendees to navigate the future of pharmaceutical education, discover unprecedented benefits, and explore limitless opportunities within this ever-evolving field.

ABOUT PESOTS

Pharmaceutical Educational Society Originated by Teachers & Students (PESOTS) is an educational society in the field of pharmacy, registered under Uttar Pradesh Society Act No. 21, 1860. It is dedicated to education, research and innovative programs for the all-round growth of pharmaceutical sector. PESOTS is committed to create strong synergy between pharmacy teachers & students through which it promotes the education learning & research opportunities among the students, teachers, professionals and practitioners of pharmacy by organising knowledge sharing and skill development programs. The society is committed to inculcate/Promote the values and ethics among pharmacy students and professionals so they can contribute to society for sustainable development of the nation and the globe at large.

PESOTS strives to recognize the contribution of eminent personalities from academia, industry and research. The society has established student's chapter, teacher's chapter and women's chapter for their welfare. It also contributes by conducting awareness programs to promote scientific and pharmaceutical educational & research activities with skill development. The Society conduct various carrier counselling programs in regards to training and placement of pharmacy students. The society is committed towards enhancing and updating the knowledge of medicine through various modes.

VISION The Vision of society is to work with pharmacy students, teachers and professionals for their future betterment to enhance pharmaceutical education and research in every aspect, so that pharmacy professionals can contribute to the society through development of professional and ethical skills for maximum medicinal benefits for mankind. The Mission of society is to build a platform on which pharmacy students and teachers can interact for the development and enhancement of pharmaceutical knowledge, research and skills and thus we can help the humanity in respect of healthcare.
