The Trust was established in 1991 by Smt. Rajwati Bhatnagar in the memory of her educationist husband late Dr. K. K. Bhatnagar. The purpose of the Trust was to channelize the energy of the youth of our country in the right direction. This aim could only be achieved by educating the youth. Thus the Trust ventured into the field of education by establishing educational Institutions from the primary level to higher education. In addition to providing education, the aim of the trust is to instill principles of service, nationalism and brotherhood into the young Indian minds. The Trust has also been carrying out various other Social, National and Charitable activities.

## VISION

To be an internationally acclaimed multidisciplinary research intensive University that provides a holistic and transformative education to create educatedness and wellbeing along all the dimension of human life.

## MISSION

- To develop good, thoughtful, well rounded and creative individuals by ensuring inclusive and equitable quality education and promote lifelong learning opportunities for all.
- Promote multidisciplinary learning through National & International collaboration and integration of technology, innovation and research.
- Realizing sustainable development goals through strengthening global partnership.

## THE FOUNDER

The boy who set out to make his dream a success was none other than Dr. Atul Krishna, who was still in his sophomore year at LLRM Medical College, Meerut at that time. Armed with a post graduate degree in General Surgery, Dr. Atul soon set out to realize his dream which had already taken shape in his mind.

The dream was to establish such institutions of education and training that would produce highly skilled graduates and masters of academic excellence in every field and all aspects of life.

Graced with fore-vision, versatility, a genius mind and gifted with a vibrant and vivacious personality, Dr. Atul Krishna is not only a reputed surgeon of Northern India but is also a great philanthropist, a learned thinker, visionary and a committed, staunch social reformer, dedicated to the upliftment of the downtrodden and weaker sections of society. Dr. Atul Krishna is the visionary who spearheaded the Subharti Movement and established MTV Religious and Charitable Trust (formerly known as Subharti KKB Charitable Trust), a duly registered body, engaged in social service and various other activities. He has also established several primary, secondary level schools and rural hospitals in the remotest villages. Dr. Atul is not only an ardent follower of Indian culture but is also a diehard patriot. He is a guiding force in bringing people together by removing hatred arising out of casteism and communalism, spreading love and harmony, building up of moral and national character along with service of mankind so as to make his dream of 'Vasudaiva Kutumbakam' Come true. 'संकल्प एक नये भारत का' (SOLEMN VOW FOR A NEW INDIA).

# MESSAGE

Dream while you are awake and to achieve the same, put all at stake. "Education is the first step towards making people aware of their rights and responsible for their duties. The University was established with the dream of making young Indians not only professionally sound but also motivated nationals, who are inclined towards not just building their careers but making their parents and peers proud and, also fulfilling their social and national duties.

'शिक्षा सेवा संस्कार' our motto is based on the national and moral values and ethics with which the University was established.

Today, after the long struggle and overcoming many hurdles, I am proud that Swami Vivekanand Subharti University is not only one of the most reputed Universities of Northern India, but has also established itself in the top ranking Universities of India, and awarded 'A' accreditation by NAAC. I am confident that soon, we will be on the International educational map and be known for our unique combination of values and academics.

Till date, we have left no stone unturned towards achieving excellence and will keep working towards perfection.

"Jai Hind Jai Subharti !"

## MESSAGE OF THE VICE CHANCELLOR

Swami Vivekanand Subharti University, Meerut was founded on the core values of 'Siksha,' 'Seva,' 'Sanskar' & Nationality as propounded by the great son of India, Swami Vivekanand. Our University is fast emerging as a leader in higher education in India by focusing on research, innovation and the use of advanced technologies in imparting quality education. The Subharti Group stands tall as one of the most prestigious and extensive multidisciplinary Universities of India. We are committed to making India become the 'Vishwa Guru' by nurturing and moulding young minds into world leaders of tomorrow.

With the right skills, training and guidance, these bright minds will be equipped to bring the change our society needs, problem-solve the new-world issues engulfing humanity and take upon themselves social responsibilities to look after the underprivileged and disabled.

Subharti is not just a name but a mission with a single-minded aim of nation-building through student-centric holistic education without any discrimination of caste, creed, race or gender. I welcome young minds to join us on their journey to uncover their potential while exploring their interests and aspirations. Our proficient faculty is committed to supporting you, providing you with the necessary knowledge and skillset while imparting the values of being a rational human being, prepared to uncover solutions to the world's problems.

## STUDENTS' SPEAK

As a passionate BFA Animation student, I've found my creative haven at NBSCFF, where every frame is a canvas for imagination. The dynamic curriculum and hands-on approach have honed my skills, from mastering software intricacies to storytelling techniques. The vibrant community of fellow artists and inspiring faculty members has fueled my artistic journey.

**SANCHA MAYA RAI**  
BFA Animation, Batch - 2019

As a B.Sc. Animation student, I have delved into the dynamic world of visual storytelling, mastering the art of bringing characters and narratives to life through cutting-edge animation techniques. Our program emphasizes both creativity and technical proficiency, providing a comprehensive foundation in 2D and 3D animation. The program's collaborative environment and exposure to industry-standard tools have equipped me with the expertise needed to thrive in the ever-evolving field of animation.

**SAGAR CHAUHAN**  
B.Sc Animation, Batch - 2021

I believe that this Institute is the ideal starting point for a promising future. Our college is having industry oriented infrastructure which makes learning more interesting. All the faculty members are having strong practical and theoretical knowledge about their subjects. I am extremely satisfied by joining BCSCHM.

**SIDDHARTHA BHARDWAJ**  
B.Sc.-Culinary Arts 2<sup>nd</sup> Year

Attending Subharti University for my BFA has been nothing short of a dream realized. Becoming a prominent artist has always been my aspiration, and NBSCFF is the perfect nurturing ground for such ambitions. The opportunities provided by the college are exceptional, serving as a springboard to craft a promising future in the realm of art. It's an environment where dreams take shape, aspirations find wings, and creativity thrives.

**MUSKAN ANSARI**  
BFA Applied art 4th year

It's been a fantastic and fulfilling journey till date at Subharti College of Hotel Management. Their excellent academic programmes, easily available professors, and wide range of activities foster a great learning atmosphere to gain practical skills and most importantly, confidence in the workplace. This Institute has so many opportunities beyond academics for the students to learn.

**KM. MEHER DIPIKA**  
BHMCT- 4<sup>th</sup> yr

I really feel proud on saying that I have completed my Hotel Management course from BCSCHM, SVSU, Meerut. The thing I admire the most is the support from everyone at every step. My teachers really helped me a lot in brightening my future. I am really thankful to BCSCHM because whatever I am today is just because of it.

**NITESH GOSWAMI**  
BHMCT (2016-2020)

I have completed my BALLB, from Faculty of law, Swami Vivekananda subharti University. The journey from someone who used to shiver just with the thought of presenting something on podium in front of class to a Civil Judge, Subharti University has made it all possible. It is an institution that converts your dreams into reality. It made me believe if you want to do it, you can definitely do it...

**DIVYA CHINDALIYA**

It's an absolute honor to be part of such a distinguished BFA program, particularly within an institution paying homage to the esteemed Nandal Bose. The faculty's unwavering support and encouragement have truly elevated my journey, providing a seamless blend of hands-on application and in-depth theoretical understanding across all subjects. It's been an enchanting experience immersing myself in the practical aspects of this course, allowing creativity to flourish under their guidance.

**SALONI GUPTA**  
BFA -4 th year

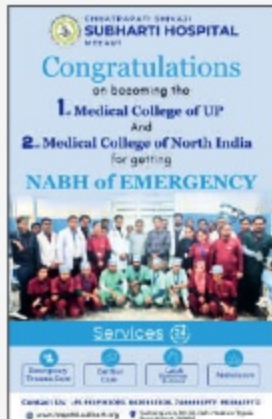

**DR. PRADEEP BHARTI GUPTA**  
Dean & Principal

I welcome all the newly admitted students in this great educational Institution and wish them a memorable, meaningful and rewarding tenure, so that they can emerge as world-class medical professionals.

**OUR VISION WITH A MISSION**

Subharti is an excellent conglomeration of education institutions; it is a movement of service, national integration and education. The mission of Subharti Medical College, Meerut is to prepare compassionate, professionally competent and ethically sound doctors through excellence in education, training and research for primitive, preventive, curative and rehabilitative health care services of the highest standard with special concern for the physically & mentally compromised and the under-served.

FACULTY OF ENGINEERING & TECHNOLOGY

### MESSAGE

Education must bring out the latent potential of the students to the fore. Therefore, the educational institutes have to focus on leveraging knowledge, research and innovation while providing the conducive environment for the same. The entire society rests on the shoulders of these educational institutions where the young minds are being nurtured to serve the nation. The entire education system of India especially the technical institutes have the onus of facilitating overall development of intellectual, ethical, moral and human aspects of the personality of the students.

We at Faculty of Engineering & Technology believe in participative learning, promoting inquisitive spirit, experimentations, research and development rather than drab theoretical teaching and transferring of information. It is rightly said that the child is not vessel to be filled but a lamp to be lit. Every effort is to make the students connect to their inner being, understand their potentials and shine in this world. We encourage them to become job givers instead of job seekers as this is the need of the hour. We teachers and students together can restore the glory and eminence of our Country when we were acknowledged as the Vishwa Gurus, when the oldest universities of this world Taxila and Nalanda took birth in our Bharat. Let us take pledge to rebuild our nation and thus live up to the expectations and the trust reposed in us being the educators and learners.

### Explore the Path of Wisdom and Enlightenment

Welcome to the Samrat Ashok Subharti School of Buddhist Studies, a place where the ancient wisdom of Buddhism meets modern education. Our school is committed to providing a unique and enriching experience for students interested in the profound teachings of Buddhism. Our dedicated team of educators and professors from around the world is here to guide you on this enlightening journey.

### OUR VISION WITH A MISSION

At the Samrat Ashok Subharti School of Buddhist Studies, we aspire to be recognized as the international hub for Buddhist and philosophical learning and research. Our mission is to nurture postgraduates who not only excel in Buddhist academics but also embody the values of Buddhism in their lives. We aim to instill curiosity, spiritual and intellectual leadership, problem-solving abilities, dedication to Buddhism, and a commitment to societal well-being.

#### The Bodhi Upwan – A Place of Serenity

Nestled within our campus, the Bodhi Upwan(garden) is a tranquil oasis that invites contemplation and reflection.

#### The Bodhi Tree – A Living Symbol

Our campus proudly hosts an ancient sacred tree, over a century old, mirroring the tree under which Siddhartha Gautama, the Buddha, found enlightenment. The heart-shaped leaves scattered in the Bodhi Upwan radiate positive energy.

## In the Memory of Samrat Ashok SUBHARTI SCHOOL OF BUDDHIST STUDIES

**OUR VISION WITH A MISSION**

To empower students with skill based knowledge and make them professionally sound so that they can excel in all fields and become a successful professional.

**FUTURE PROSPECTS**

Polytechnic courses offer decent career prospects to students in different sectors. Most companies in the field of Civil Engineering, Computer Science & Engineering, Electronics & Communication Engineering, Electrical Engineering & Mechanical Engineering prefer Diploma holders in respective specializations.

There are two major options which the students can choose after completing their Polytechnic including:

**1. Option for Higher Studies:** The first option is to go for Higher studies in the field of Engineering after completing Polytechnic. This will help the students gain more advanced knowledge in their relevant field which, further, will open more career opportunities for the students.

**2. Option for a Job:** If the student does not want to go for higher studies, he/she can also opt job in either PSU's or Private sectors. This will help the students to gain experience in their field and also they will get promoted later on the basis of their expertise and hard work.

**PRACTICAL TRAINING OPPORTUNITY**

We have well established Lab in Civil Engineering, Computer Science & Engineering, Electronics & Communication Engineering, Electrical Engineering & Mechanical Engineering by which Faculties provide latest practical knowledge to the students so that they can understand the subject better.

**SUBHARTI**  
**DIRECTORATE OF**  
**DISTANCE EDUCATION**

**PROF. (DR.) MAHAVIR SINGH**  
**Director**

Stepping ahead out of all odds is what that makes a diligent person. I feel delighted to see the spirit of the students, who have synergized and focused to the path that will lead them to their desired dream and a college is a place where these students can take a right turn of their precious and promising life. Globalization has vanished, the barriers of culture, nationalities and age groups. For a 'boundary-free' world, education is the most powerful weapon to develop a country, but with the rising population and increasing cost of living, it is not possible that everyone can reach out to standard quality education by resolving all impossibilities in the field of education. The concept of open and distance learning came in to existence for the same. The underlying philosophy of this concept is the result of the barriers and restrictions that are placed on learners as in the conventional education system. It offers opportunities for part-time study and learning at a distance, for innovation in the curriculum. To allow access to wider section of adult population, to enable students to compensate for lost opportunities in the past or can say to acquire new skills and qualifications for the future. It also redresses social or educational inequality. It is pleasures to state that Swami Vivekanand Subharti University, Meerut, was established with the dream of providing quality education and instilling "Siksha, Seva, Sanskar" *avem Rashtriyata* in the youth.

Therefore to realise the dream of spreading education & values of 'Subharti' to all, the Directorate of Distance Education was established in 2009 with Regular Mode (2008). Learning through Distance Mode proved out to be a ray of hope and opened new directions of opportunities for students to obtain higher education without the constraints of geographies and time. Our mission is self-paced learning and to provide ultimate convenience, ease and flexibility to our students. We seek self-motivated individuals who believe in charting their own methods of learning, who take full advantage of the opportunities, and are willing to contribute their best.

As the Director of Directorate of Distance Education of this prestigious University, it is my accountability and responsibility to reach out to maximum students with the aim to increase the country GER (Gross Enrolment Ratio) & spread education till the smallest & darkest of corners. I, along with my team, have pledge to set new standards for education to spread the values of the founders of 'Subharti' far and wide and to contribute in building up of a strongest nation.

"I welcome each one of you to be a part of the 'Subharti University' where Subharti University programmes have been designed with the objective of giving a perfect boost to the career of learners and also to help them in using their full potential for elevation, by bringing together innovation pedagogy, rich content and latest technology, Subharti University programmes are as per the University Grants Commission (UGC), entitled courses are meant for anytime, anywhere learning with Innovative teaching methodologies and quality education are blended together to create unique learning experiences."

The well-researched curriculum, renowned faculty, cutting edge technology is some of the noteworthy features.

**Placement Future Prospects**

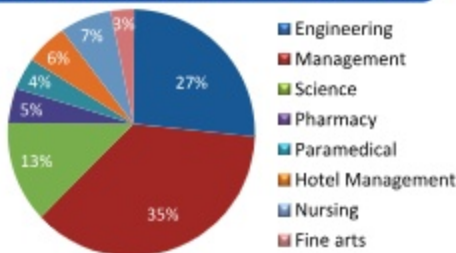

The training and placement departments at universities and colleges play a crucial role in helping students prepare for and find career opportunities. Their primary goal is to bridge the gap between education and employment by offering various services and resources to students.

- **Career Counseling:** Training and placement departments provide career counseling to students. They help students understand their interests, skills, and career goals. This process helps students make informed decisions about their career paths.
- **Skill Development:** Many departments offer workshops and training sessions to enhance students' employability skills. This can include resume writing, interview preparation, communication skills, and soft skills like teamwork and leadership.
- **Internship Opportunities:** They help students find internships that are relevant to their field of study. Internships provide valuable hands-on experience and can often lead to full-time job offers upon graduation.
- **Job Listings:** These departments maintain a database of job openings and connect students with potential employers. They often organize job fairs and on-campus recruitment drives.
- **Networking:** They facilitate networking opportunities by organizing events where students can meet with alumni and industry professionals. Networking is crucial for building connections that can lead to job referrals.
- **Placement Assistance:** The primary focus is to assist students in securing job placements after graduation. This includes helping students prepare for interviews, negotiate job offers, and navigate the job market.

**Future Prospects for Career Opportunities:**

- **Employability:** As the job market continues to evolve, training and placement departments will need to adapt to changing industry needs. This might involve offering training in emerging technologies or industries to ensure students remain employable.
- **Globalization:** With globalization, students may have opportunities to work abroad. Placement departments can expand their services to help students explore international job markets and navigate the complexities of working in different countries.
- **Entrepreneurship:** Some students may choose to start their own businesses. Training and placement departments can support entrepreneurship by offering guidance on business planning, funding, and connecting students with mentors and resources.
- **Online Presence:** With the growth of remote work and the gig economy, students may seek non-traditional career paths. Training and placement departments can help students build a strong online presence, including optimizing LinkedIn profiles and using online platforms to find freelance or remote work.
- **Alumni Support:** The future role of training and placement departments may include providing resources for alumni to continue learning and up skilling throughout their careers and help current students to get support from alumni.
