“YOU CANNOT

IN **YOURSELF**”

The Trust was established in 1991 by Smt. Rajwati Bhatnagar in the memory of her educationist husband late Dr. K. K. Bhatnagar. The purpose of the Trust was to channelize the energy of the youth of our country in the right direction. This aim could only be achieved by educating the youth. Thus the Trust ventured into the field of education by establishing educational Institutions from the primary level to higher education. In addition to providing education, the aim of the trust is to instill principles of service, nationalism and brotherhood into the young Indian minds. The Trust has also been carrying out various other Social, National and Charitable activities.

Late Dr. K. K. Bhatnagar
(16-8-1926 to 29-1-1991)

Late Smt. Rajwati Bhatnagar
(21-4-1926 to 19-8-2016)

*"A Journey of a thousand miles
must begin with a single step"*
- Lao Tzu.

There are life journeys that inspire and then there are journeys that are distinct serving as folklore to forthcoming generations. One such life journey, an epitome of devotion, fortitude, and meticulousness was that of Late Dr Mukti Bhatnagar.

Dr Mukti Bhatnagar born on 16th January 1957, was always an inquisitive youngster and never settled for second best, a habit which helped her to attain many milestones during the journey of her unpretentious life. She lived her life with a passion for love and acceptance of all people. She often would say the humanity and love for fellow human beings should always be one's priority and she exemplified this by being a part of the noblest of the noble profession to serve humankind in her own way. She completed her graduation (MBBS) and post-graduation (MD in General Medicine) from M.L.N. College, Allahabad. Her passion to venture into the unknown led her to acquire knowledge in alternative and contemporary medical fields. She attained further specializations in the field of PG Diploma in Maternal and Child Health, and in Geriatric Medicine from Indira Gandhi National Open University, New Delhi. Her undying passion for learning and unswerving support for various issues plaguing the humankind, earned her the right to be honored with the Sangha Mata title conferred upon her by Secretary-General of Mahanayaka Committee of Myanmar in 2018. She was later bestowed with D.Lit. (Honoris Causa) by Swami Vivekanand Subharti University in recognition of her exemplary work to enrich human lives in particular and society at large.

She was a vivacious, fascinating, multitalented and multidimensional personality. She had a generous temperament with respect towards everyone. Her nature was collaborative one and always asserted that affection and compassion for others is natural and reflexive. She was empathetic and considerate towards not only human beings but animals as well as nature too. She was a free-spirited individual who had a penchant for singing, dancing, painting, fine arts, etc. She always used to take an extra step forward to make everyone feel welcome in Subharti family. She exuded warmth towards everyone which saw her having thriving relationships with friends and family and in turn a happy life. She was the most incredible role model who taught everyone to be always true to oneself and to always push to learn more.

As a young lad, when his contemporaries were busy thinking about the rosy future that lay ahead after completion of their education, Dr Atul Krishna was selflessly aiming and dreaming of the change that he could bring about in the society leading to a betterment of humankind. Dr Atul Krishna, a well-known General Surgeon, of North India completed his postgraduation from the prestigious LLRM Medical college and set out to realize his mission of "Thou shall giveth more than Thou shall receive".

He envisioned a "Subharat" where no discrimination existed based upon the color, caste, creed and religion of an individual and everyone merited an equivalent chance. With the paucity of resources available at his disposal, the best way possible he believed was to provide quality Education and Healthcare to bring about noteworthy transformation. His mission of "शिक्षा, सेवा, संस्कार एवं राष्ट्रीयता" involving one and all saw the light of day with the establishment of Subharti Dental College in the year 1996 and since then there has been no looking back. The challenges were many and the sailing was never smooth but as success follows those who dare, Dr Atul Krishna remained unfazed and resolute to make his dreams a reality. He always forayed into things where others felt there was a barricade to block the progress. Although the success was a little delayed but it made him break the shackles of the society to emerge unscathed. His success saga has continued and led to the establishment of other educational institutes of National and International repute and also Swami Vivekanand Subharti University in the year 2008.

Dr Atul Krishna is a benevolent educationalist, humanitarian entrepreneur and dedicated to the cause of providing equal opportunities to the marginalized and down-trodden sections of the society. His efforts of creating a casteless society and humane scientific temperament have created a virtuous legacy. His enchanting smile and humble demeanour continue to inspire people whose lives he has affected and transformed. He has come a long way and has gained his well-deserved place at the pedestal which make him impervious to snags along the way. His untiring efforts and unwavering dedication, have made him a name to reckon with in the societal and educational spheres.

STUDENT COUNCIL

At the Student Council, we believe that effective governance is less about titles and more about responsibility. Our working policy is simple: plan thoroughly, execute thoughtfully, and review honestly—because assumptions rarely work, but preparation usually does. We prioritize collaboration over confusion, accountability over excuses, and timelines over last-minute brilliance. Decisions are made after discussion, not declarations, and strategies are shaped by feasibility, not popularity. While creativity drives us, structure keeps us grounded, and yes, deadlines are taken seriously (even when enthusiasm suggests otherwise). Our goal remains consistent—to create an environment where ideas are respected, efforts are recognized, and progress is measurable. We work not to appear active, but to actually make a difference.

सनातन संगम न्यास

SANATAN SANGAM NYAS

सनातन संगम न्यास समाज और संस्कृति को जोड़ने की एक सांस्कृतिक पहल है। इसका मकसद हिंदू, बौद्ध, जैन और सिख जैसी हमारी सनातन परंपराओं को एक साथ लाना है, ताकि हम सब मिलकर आपसी बातचीत और सहयोग बढ़ा सकें। 12 जून 2022 को सुभारती संस्थान के संस्थापक डॉ. अतुल कृष्ण ने इसकी शुरुआत इसी सोच के साथ की थी कि भारत की अलग-अलग आध्यात्मिक विचारधाराएं एक सूत्र में बंधें। यह न्यास न केवल हमारे पुराने मूल्यों को सहेजने का काम करता है, बल्कि एक ऐसे समाज का सपना भी देखता है जहाँ जाति का कोई भेदभाव न हो। हमारे लिए 'राष्ट्र प्रथम' की भावना सबसे ऊपर है, जहाँ धर्म या भाषा की दीवारें हमें बाँटने के बजाय, एक मजबूत और एकजुट भारत बनाने की प्रेरणा दें।
