(57) Abstract :

Accordingly, embodiments herein disclose a manual multipurpose cleaning implement (100) such as, mop and broom, comprising of: a handle (110) having an upper end and a lower end; and a cleaning head connected to the lower end of handle (110). The cleaning head comprises a mop portion (120) and a broom portion (130); and a means for selectively disposing the cleaning head into a mop position and a broom position. The broom position is firstly cleaned the floor surfaces followed by the mop position is cleaned the floor surfaces, thereby effectively removing the at least one of loose matter, stains and stuck-on debris from the floor surfaces.
