UNIVERSITY'S CONTRIBUTION TOWARDS ACHIEVING

SDG 3: GOOD HEALTH AND WELL-BEING

Introduction

The United Nations' third Sustainable Development Goal (SDG 3) is to ensure healthy lives and promote well-being for all at all ages. The objective is to address the world's most pressing health issues, such as lowering death rates, preventing illness, raising awareness of mental health issues, and enhancing access to treatment. As a multifunctional university, Swami Vivekanand Subharti University has been instrumental in bringing its research, healthcare, outreach, and academic programs into line with SDG 3. The subsequent sections examine SDG 3 and the significant contributions made by Swami Vivekanand Subharti University to its attainment.

University's Commitment towards SDG 3 ensuring Good Health and Well-Being:

SDG 3 is a multifaceted objective that promotes the improvement of physical, mental, and social well-being at all stages of life in addition to healthcare accessibility. Reducing mother and child mortality, tackling non-communicable illnesses, putting an end to infectious disease outbreaks, improving mental health, guaranteeing universal health care, and lowering health hazards like substance abuse and injuries are some of its main goals. Since social stability, economic productivity, and better life prospects are all facilitated by good health, achieving SDG 3 is essential to sustainable development. The objective acknowledges the significance of providing marginalized people with high-quality, reasonably priced healthcare while integrating gender, equity, and human rights.

The complete healthcare education approach offered by Swami Vivekanand Subharti University, which encompasses faculties of medicine, dental sciences, nursing, physiotherapy, AYUSH, pharmacy, and allied health sciences, sets it apart. For thousands of students and community members, its component institutions and teaching hospitals—most notably Netaji Subhash Chandra Bose Subharti Medical College and Chhatrapati Shivaji Subharti Hospital—offer cutting-edge instruction, research, and service platforms. Modern labs, ICT-enabled classrooms, simulation centers, super-specialty services, and approved diagnostic facilities are all part of the University's infrastructure, which is designed to further the goals of SDG 3.

Comprehensive Outreach and Health Camps conducted at the University

The community outreach component of our university for SDG 3 approach is crucial. Numerous public health awareness campaigns and free health camps are held by faculties to raise awareness of preventative healthcare, dental hygiene, mother and child health, rehabilitation, physical therapy, and lifestyle changes. These programs, which frequently collaborate with governmental organizations and non-profits, guarantee that underprivileged groups receive professional health counseling, examinations, and treatments. The university's direct commitment to healthy communities is further supported by nutrition camps, school health initiatives, drug and alcohol detoxification campaigns, and special events held during World Mental Health Week and International Yoga Day.

University's Contribution to Integrative and Preventive Healthcare for SDG 3:

When it comes to developing integrative medicine, Swami Vivekanand Subhari University is unique. Within the Faculty of AYUSH, the Maharishi Aurobindo Subharti College Hospital of Naturopathy & Yogic Sciences is a renowned pioneer in the teaching of yoga and naturopathy in North India. The college provides regulatory council-approved undergraduate (BNYS) and graduate (MD in Yoga, Naturopathy, Acupuncture, and Nutrition) programs. The university's focus on lifestyle medicine and overall well-being is shown in its research on integrative therapies for chronic diseases and partnerships with the Ministry of AYUSH. Events for the International Day of Yoga and fellowships that are supported demonstrate the University's dedication to mind-body medicine and the larger SDG 3 objectives.

University's Commitment to Nursing Education and Public Health Advancement for SDG 3:

A prime example of the University's influence on nursing education and public health is the Panna Dhai Maa Subharti Nursing College. Its cooperation with NGOs and integration with sizable teaching hospitals guarantee rich experiential learning and assistance to the underprivileged. Alumni from the college strengthen capacity in public health leadership, community outreach, and critical care while working around the world. National recognition, faculty development, research output, and practical training all attest to the college's alignment with SDG 3—creating skilled, caring nurses who can improve health outcomes in a variety of ways.

University's Contribution to Oral Health, Safe Drug Use, and Preventive Care for SDG-3:

Leading the way in both therapeutic and preventative dental care is Subharti Dental College and Hospital. Its dedication to addressing oral diseases—a significant public health concern linked to general health and well-being—is evidenced by its specialized clinics, patient care innovations, and outreach awards. In a same vein, the Kharvel Subharti College of Pharmacy promotes pharmaceutical research, gives students multidisciplinary knowledge, and uses training and outreach to address safe drug use, immunization, and sanitation. The University's practical effect and intellectual leadership are demonstrated by its strong industry relationships and patent-protected products.

Univeristy's Promoting Nutritional Well-Being and Public Health through Academic Excellence for SDG-3:

The Department of Home Science, the University promote research, community service, and nutrition awareness—all of which are critical to the SDG 3 purpose. Health messages are disseminated to a wider audience through national seminars, skill workshops, public health campaigns, and support for women's empowerment and the wellbeing of children. The University reach and reputation are further enhanced by the department's research output, patents, community activities, and alumni participation.

University's Holistic Contribution towards Achieving Good Health and Well-Being for SDG-3:

The University supports extensive sports facilities and wellness infrastructure, promoting physical fitness and mental well-being through organized activities and accessible amenities. Interdisciplinary events such as International Yoga Day, mental health melas, and holistic wellness programs ensure students and community beneficiaries are exposed to a broad spectrum of health-promoting opportunities.

Through its comprehensive healthcare services, multidisciplinary research, social outreach, and high-quality education, Swami Vivekanand Subharti University successfully represents the values and achievable goals of SDG 3. The university's AYUSH, nursing, dental, pharmacy, social science, and wellness programs, as well as its super-specialty hospitals and cutting-edge research facilities, all contribute to the advancement of health and well-being in local, regional, and international communities. By offering a reproducible example for how universities might promote sustainable health development, the University makes a substantial contribution to the accomplishment of SDG 3.

3.1 Research On Health And Well-Being

University's Commitment to Research, Innovation, and Quality Healthcare Education for SDG-3 in the Year 2024:

Research innovation and academic excellence are highly valued at the University. As seen by in various program's adoption the Choice-Based Credit System and the addition of value-added clinical courses, its faculty members frequently change their curricula in response to changing healthcare demands, legal requirements, and international best practices. In the areas of medicine, physiotherapy, dental sciences, nursing, pharmacy, and AYUSH, faculty and students have produced academic books, presented at national and international conferences, obtained patents and copyrights, and contributed hundreds of research articles. Advanced diagnostic tools, wearable health monitors, protocols for treating rare and chronic illnesses, and studies in community medicine, public health, and nutrition are among the projects.

3.1.1 Good Health and Well-being: Paper Views:

This metric evaluates the percentage of the University's research publications pertaining to SDG 3 that are seen or downloaded from Scopus. Strong research visibility, accessibility, and involvement among the international academic community are indicated by high view and download numbers. In line with the goals of SDG 3: Good Health and Well-Being, these measures demonstrate the University's proactive commitment to the advancement of healthcare, disease prevention, and overall health knowledge.

Table 1: University Publications in Scopus-Indexed Journals Corresponding to SDG 3 – Good Health and Well-Being Keywords

S. No	Name of Faculty/ Department	Title of paper	Name of the author/s	Name of journal	Link of particular paper
1	Faculty of Engineering and Technology	Air quality evaluation of Meerut city, Uttar Pradesh, India: A comparative analysis	Mukesh Ruhela, Rakesh Bhutiani, Rahul Kumar, Faheem Ahamad,	Environment Conservation Journal	https://journal.environcj.in/index.php/ecj/article/view/2882
2	Subharti Dental College	Osteomyelitis and Pathologic Fracture of Mandible in Undiagnosed Osteopetrosis	N.K. Sahoo, Titiksha Jain, Gaurav Pawar, Isha Maheshwari, Athira Balagopal	Journal of Craniofacial Surgery	https://journals.lww.com/jcraniofacialsurgery/abstract/2024/10000/osteomyelitis_and_pathologic_fracture_of_mandible.77.aspx

3.1.2 Clinical Citations :

This metric measures the percentage of the University's research publications pertaining to SDG 3 that are referenced in clinical recommendations. These citations demonstrate how research has a real-world impact on medical practice and policy. In line with SDG 3: Good Health and Well-Being, Subharti University's work is included in clinical references, highlighting its support of evidence-based medicine and its influence on enhancing patient care and health outcomes.

3.1.3 Good Health and Well-being: publications:

The University's impactful and superior research displays a strong commitment to SDG 3: Good Health and Well-Being. The University's publications (3.1.3) cover a wide range of topics, including illness prevention, wellness promotion, and healthcare issues. The practical implementation of research in forming evidence-based medical practices is indicated by citations in clinical guidelines (3.1.2), while high paper views and downloads (3.1.1) show worldwide participation and visibility. When taken as a whole, these metrics demonstrate the University's scholarly distinction, scholarly significance, and quantifiable role in promoting sustainable health and well-being both domestically and internationally.

3.2 Number graduating in health professions:

3.2.1 Proportion of Graduates in Health Professions in the Academic Year 2024:

In the year 2024, **Swami Vivekanand Subharti University** recorded a total of **1,983 graduates** across various disciplines. Out of these, **814 graduates** belonged to health-related professional programmes, including Medicine, Dental Sciences, Nursing, Physiotherapy & Allied Health Sciences, AYUSH, and Pharmacy.

This represents **41.05 % of the total graduating batch,** reflecting the University's strong emphasis on health sciences and its sustained contribution to developing skilled healthcare professionals. By ensuring that more than one-third of its graduates are trained in health-related fields, the University directly supports the advancement of **Sustainable Development Goal 3 (Good Health and Well-being)**.

These graduates play a vital role in strengthening healthcare delivery systems, community health initiatives, and wellness promotion, thereby contributing to both local and global health priorities.

Table-2: Graduates in Health Professions

Number of Graduates	Number of Graduates in Health Profession	Proportion of Graduates in Health Professions
1983	814	41.05%

3.3. Collaborations and Health Services

3.3.1 Current Collaborations with Health Institutions:

To support high-quality instruction, research, innovation, and industry integration, the University has forged a number of partnerships with reputable domestic and foreign organizations. In order to give faculties and students enhanced academic exposure, internship opportunities, international connections, and cooperative research platforms.

National MOUs aligned with Good Health & Well Being:

In a variety of fields, including medicine, pharmacy, engineering, fine arts, management, hotel management, education, skill development, research, and cultural studies, the university has signed 76 national memorandums of understanding.

The following are some of the main partnerships:

A) **Medical & Health Sciences:** Dr. Bhatia Medical Coaching Institute (Delhi), Transworld Educare Pvt. Ltd. (Pune), Somaya Research and Health Services (Haridwar), and Assam Down Town University (Assam) for academic and clinical enrichment.

B) **Pharmacy & Research:** *Dabur Research Foundation*, *Institute for Industrial Research & Toxicology (Ghaziabad)*, *Biotenic Pharma Pvt. Ltd.*, and *NAR-Briton Health Care Pharmaceuticals Pvt. Ltd.* for research and pharmaceutical innovation.

C) **Engineering & Technology:** *Tata Consultancy Services iON Industry*, *Softpro India Computer Technologies Pvt. Ltd.*, *CETPA Infotech Pvt. Ltd.*, *IDST (New Delhi)*, and *Naukri Campus (Info Edge India Ltd.)* for skill development, research, and placement.

D) **Fine Arts & Design:** *JD Institute of Fashion Technology*, *LISSA School of Design*, *Orane International Pvt. Ltd.*, *Leher School of Design*, and *Framebox 2.0* for creative learning and design innovation.

E) **Hotel Management & Tourism:** Partnerships with *Holiday Inn (New Delhi)*, *Radisson City Center (Jaipur)*, *Resort Rio (Goa)*, *The Lodhi (New Delhi)*, and *The MARS Resorts (Meerut)* for industry training and internships.

F) **Education, Skill & Cultural Development:** Collaborations with *Samagra Shiksha (UP Govt.)*, *Mahatma Gandhi National Council of Rural Education (MHRD, GOI)*, *Ramakrishna Mission (Delhi)*, and *MSME Technology Development Centre (TDC)* to promote inclusive education and value-based learning.

G) **Publishing & E-Learning:** *Lakshmi Publications*, *Vidya Prakashan Mandir Pvt. Ltd.*, *Pragati Prakashan*, and *Reyansh Authortopic Pvt. Ltd.* for academic content digitization and online resource development.

H) **Industry-Academia Linkages:** *PlusX Electric Pvt. Ltd.*, *BluBear Technology Pvt. Ltd.*, *Prabhu Drone Research & Development*, and *Clines Research* for technology transfer and innovation.

I) **Government & Social Development:** MoUs with *Samagra Shiksha (UP Govt.)*, *Mahatma Gandhi National Council of Rural Education (MHRD, GOI)*, and *MSME Technology Development Centre* to promote rural education, entrepreneurship, and vocational training.

University's International Collaborations in Support of SDG 3:

To improve academic, research, and cultural involvement, the institution actively encourages international collaboration in line with Sustainable Development Goal 3: Good Health and Well-Being. The university has signed 22 international memorandums of understanding with globally recognized institutions and organizations to promote staff-student engagement, collaborative research, academic networking, and cultural exchange programs.

Key partnerships include:

Asia:

1. *Teaching University Geomedi LLC (Georgia)* and *Davao Medical School Foundation (Philippines)* for Medical Education.

2. *Daegu Hanny University* and *SEOUL Korean Medicine Association (South Korea)* for joint research and academic collaboration.

3. *HO CHI MINH University of Economics and Finance (Vietnam)*, *Tien Giang University (Vietnam)*, and *National Changhua University of Education (Taiwan)* for exchange programs.

4. *LSi Business School (Cambodia)* for faculty development.

Europe:

1. *Nante University (France)* and *National Research University – Higher School of Economics (Russia)* for international cooperation and research.

2. *Tashkent Institute of Textile and Light Industry (Uzbekistan)* and *Institute of Genetics and Plant Experimental Biology (Uzbekistan)* for textile and biotechnology research.

Australia & New Zealand:

1. Dhammachai International Research Institute and *Global Consulting Services (Australia)* for Buddhist studies and institutional rankings.

United States & Africa:

1. Coursera*(USA)* for online global learning integration.

2. *Global Link Africa (Nigeria)* for international student exchange and collaboration.

Swami Vivekanand Subharti University's Innovation Initiatives in alignment with SDG 3: Good Health and Well-being.

The university is actively participating in cooperative efforts and creative research projects that support health, wellness, and capacity-building both inside and outside of the academic community, Subharti University has shown a strong commitment to Sustainable Development Goal 3 (SDG 3: Good Health and Well-Being).

The university is actively in line with SDG 3, striving to guarantee healthy lives and advance well-being for everyone at all ages, by strengthening educational links and emphasizing health-focused research and innovation. Its continuous efforts establish it as a significant contributor to sustainable development and the advancement of global health.

Several patents and innovations from Swami Vivekanand Subharti University highlight its pivotal contribution to healthcare advancement are as followed:

Table: 5 List of University's copywrite and patent in alignment with SDG 3: Good Health and Well-being is as below:

S. No.	Name of the Innovator /Designer	Patent Number	Title of the patent	Date of Award
1	Dr.Munish Reddy	201811022223	A portable compact x-ray box for measuring finger bone anatomy of human	11/01/2024
2	Dr. Nitin chauhan, Dr Krishna Murty	202011022855	Respiratory face mask for healthcare professionals	21-02-2024
3	Dr. Ashwani Kumar, Dr. Anju Rani, Dr. Permod Kumar, Dr. Adesh Kumar	202311057960 A	A novel method for the removal of basic fuchsin dye prepared from fungal biomass	29/09/2023
4	URVASHI SHARMA, VIRENDER PAL KAUR	202341049726 A	Herbal composition for the prevention and treatment of PCOD	02/09/2023
5	Mr. Saral Kumar	405327-001	Dissolution apparatus	21/01/2024
6	Dr. Anuj Yadav , Dr. Amit Kumar, Dr. Gambhir Singh	202411003236 A	Chemical and thermal changes during preparation of vermi compost from different agri waste using eisenia foetida	02/09/2024
7	Dr. Shalya Raj, Dr. Mukul Kumar, Dr. Anirudh Srivsatava	202311075123 A	Formulation for improved binding of a dye	24-11-23
8	Dr. Rubi	202311071173 A	A digital transformation using ICT and machine learning	24/11/2023
9	Dr. Vinita Mittal, Dr. Shreya Panwar, Shivani Gupta, Umang Verma, Upkar Tyagi, Sunil Dutt Sharma, Ashish Pant	202311053831 A	An IOT-enhanced automated chatbot for personalized financial services	08/09/2023
10	Dr.Sanjeev Kumar	202341048309 A	Controlling an autonomous vehicle arrangement using	01/09/2023

			artificial intelligence	
11	Dr.Lubhan Singh, Dr.Rupesh Kumar Pandey	202341032341 A	A nanoparticle-based drug delivery system for targeted treatment of cancer	18/08/2023
12	Mr. Sandeep Kumar, Mr. Rahul Kumar	202311047316 A	Artificial intelligence based plastic waste management system	11/08/2023
13	Prof. (Dr.) Shalya Raj, Dr. Nisha Rana	202311049617 A	Aquarium with drainage system for reducing wasting of water	11/08/2023
14	Dr.Kunal Arora	202311046988 A	Controlled release of docetaxel nanoparticles for cancer therapy	04/08/2023
15	Dr. Manish Pathak	202311033411 A	A novel polyherbal film for the treatment of hypertension	28/07/2023
16	Mr. Abhishek Tiwari, Mr. Mayankeshwar Singh, Ms. Ritu Sharma, Dr Mukesh Ruhela	202311044924 A	Development of zero carbon emission geopolymer concrete in the labs	28/07/2023
17	Dr. Anupriya Srivastava	358329-001	Orthodontc Bracket Positioning Mouth Mirior	21/02/2024
18	Dr. Soundarya Singh, Dr. Mayur Kaushik, Dr. Mrinalini Agarwal	202311064653 A	BP Handle with Adjustable Illuminating System	13/10/2023
19	Dr. Vivek Rana, Dr. Nikhil Srivastava, Dr. Noopur Kaushik	L1-135574/2023	Subharti Pedo Giphy Pain Scale	07/11/2023

Subharti University's Collaborative Project Funding for SDG 3: Good Health and Well-being:

The University has actively sought partnerships with domestic and foreign organizations to fund projects that directly support Sustainable Development Goal 3 (SDG 3: Good Health and Well-Being).

The Ministry of Health and Family Welfare (Government of India), the Indian Council of Medical Research (ICMR), and numerous private and international partners have all successfully provided funds for the university. These collaborations span a wide spectrum of medical specialties, such as general surgery, pediatrics, cardiology, medicine, and physical therapy.

Key SDG 3 Project Examples

- **Multicenter Neonatal sepsis prevention project** with ICMR, supporting large-scale research to improve outcomes for low birth weight infants.
- **Internationally funded clinical trials** on heart failure management, antibiotic efficacy, kidney disease treatments, and innovative diabetes therapies, conducted in partnership with research organizations from both government and private sectors.
- **Projects addressing women's health, rehabilitation, and chronic disease management** in collaboration with national consortiums and industry partners.
- **Innovations in physiotherapy, yoga, and naturopathy** supported by private trusts and research foundations, advancing holistic approaches to well-being.

Impact and Alignment with SDG 3

- These collaborative projects bring significant financial resources and expertise to the university, resulting in impactful research, technology development, and improved health outcomes.
- Faculty and student researchers benefit from exposure to international standards and advanced methodologies, strengthening the university's contribution to SDG 3.
- Such efforts ensure University's role in fostering multidisciplinary partnerships, promoting good health, and advancing sustainable development through innovation and joint project funding.

Table: 6 Below is the comprehensive table listing all the national and international collaborative projects funded at Subharti University, reflecting the institution's commitment to advancing Good Health and Well-being through partnerships and research excellence:

S. No.	Name of the Project	Name of the Principal Investigator	Name of the Funding Agency	Type (Government/Non-Government etc.)	Department of Principal Investigator	Year of Award	Funds provided (INR in Lakhs)	Duration of the Project
1	Phase III, Multicenter, Randomized, Double-Blind, Placebo-Controlled Study to Evaluate Efficacy of Probiotic Supplementation for Prevention of Neonatal Sepsis in 0-2 Months old Low Birth Weight Infants in India	Dr. Sunil Sazawal	Indian Council of Medical Research, Ministry of Health and Family Welfare, Government of India.	Government	Department of Pediatrics, Faculty of Medicine	2020-2024	94.84	3 Year
2	A Phase III, Randomized, Double Blind, Active Controlled, Prospective,Parallel Group, Comparative Multicentric Clinical Study to Evaluate the Efficacy, Safety and Tolerability of Fixed Dose Combination of Dapagliflozin plus Metoprolol Succinate Extended Release Tablets Versus Metoprolol Succinate Extended Release Tablets in Patients with Heart Failure with Reduced Ejection Fraction (HFrEF) (Version 02 & Dated Aug 04, 2023).	Dr. Deepak Mamchand Basia	Clins Research	Non-Government	Cardiology	2023	0.59	1 Year
3	A Phase III, Prospective, Randomized, Double Blind, Double Dummy, Active Controlled, Comparative,Parallel Group, Multicenter Clinical Study to Evaluate the Efficacy, Safety and Tolerability of Tedizolid Tablets 200 mg Versus Linezolid Tablets 600 mg in Adult Patients for the Treatment of Acute Bacterial Skin and Skin Structure Infections (ABSSSI). (Version 00 and dated apr 20, 2023)	Dr. Shashank Mishra/ Dr. Rajeev Ranjan Sharma	Clins Research	Non-Government	General Surgery/ Pharmacology	2023	0.59	1 Year

4	A Phase III, Randomized, Double Blind, Active-Controlled, Prospective, Comparative, Parallel Group Multicentric Clinical Study to Evaluate the Efficacy, Safety and Tolerability of Fixed Dose Combnation of Dapagliflozin plus Telmisartan Tablets Versus Concomitant Adminstration of Dapagliglozin Tablets and Telmisartan Tablets in Patients with Chronic Kidney Disease (CT/2023/67, Version no. 00 and Dated Oct 18, 2023)	Dr. Saurabh Singhal	Clins Research	Non-Governme nt	Medicine	2024	0.59	1 Year
5	A Phase III, Prospective, Randomized, Double Blind, Double Dummy, Active Controlled, Comparative,Parallel Group, Multicenter Clinical Study to Evaluate the Efficacy, Safety and Tolerability of Tedizolid Tablets 200 mg Versus Linezolid Tablets 600 mg in Adult Patients for the Treatment of Acute Bacterial Skin and Skin Structure Infections (ABSSSI). (Version 00 and dated Dec 08, 2022)	Dr. Shashank Mishra	Clins Research	Non-Governme nt	General Surgery	2024	0.59	1 Year
6	A Multicentric, Prospective, Active Controlled, Parallel Group, Randomized,Double Blind, Comparative, Phase III Clinical Study to Evaluate the Efficacy, Safety and Tolerability of Fixed Dos Combination of Linagliptin, Glimepiride and Metformin Hydrochloride Sustained Release Tablets in Patients with Type 2 Diabetes Mellitus (CT/2023/20, Version No. : 01 and Dated May 12, 2023)	Dr. Sumit Kant Jha	Clins Research	Non-Governme nt	Medicine	2024	0.59	1 Year
7	An Open label, Single arm, multicenter, Prospective study to evaluate safety and effectiveness of Akynzeo I.V [Fosnetupitant 235 mg and Palenosetron 25 mg concentrate for solution for infusion], in the Prevention of chemotherapy induced nansea and vomiting (CINV), in Indian Patients (STOP-CINV study).	Dr Arun Kumar Verma	Cliniexpe rts Research Services Pvt Ltd	Non-Governme nt	Radiation Oncology	2023	2.242	1 Year

8	A real-world prospective study to evaluate the geographical distribution of prevalence sensitization rate, and utilization of prophylactic treatment of Rh negative women in india (Version 1.0 30/11/2021).	Dr Smriti Gupta	Innvocept Global Solution Pvt Ltd	Non-Governme nt	Gynaecology	2023	0.295	1 Year
9	A Comparative Study of Breathing into Conditions and Haemodynamic Differences Between Laryngeal In Surgical Surgery With generic drugs Anaesthesia	Dr. Salony Agarwal	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.089	1 Year
10	Biomarkers predict the vascular outcomes after chimeric antigen receptor T-cell therapy.	Dr. T. R. Sirohi	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.085	1 Year
11	A comparison of the APACHE II assessment with the Hannover Peritonitis Index to evaluate the prognosis of perforation peritonitis	Dr. Y.P Monga	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.085	1 Year
12	A randomised clinical trial to compare the Proseal Laryngeal Mask Airway against the Baska Mask in elective surgery under general anaesthesia.	Dr. Deepak Sharma	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.087	1 Year
13	A retrospective cohort study discovered a link between patients with lower limb cardiovascular disease's thrombin level and length of stay.	Dr. M. Bhatnagar	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.089	1 Year
14	An observational study on the preoperative assessment of female genital tuberculosis in infertility.	Dr. Poonam Mani	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.086	1 Year
15	Prevalence of chronic hepatitis B virus infection in Meerut	Dr. Harshita Khetan	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.081	1 Year
16	Management of distal hypospadias: new insights and a stepwise management algorithm	Dr. Himanshu Chaudhary	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.08	1 Year
17	The effect of preventive intracameral moxifloxacin on post-cataract surgery endophthalmitis: results from a tertiary eye care centre in rural India.	Dr. Juhi Garg	Vikramsh ila Shodh Sansthan	Non-Governme nt	Faculty of Medicine	2023	0.085	1 Year

18	Examining the effects of two different doses of intravenous nalbuphine as a premedication to minimise the haemodynamic responses to laryngoscopy and endotracheal intubation	Dr. Kopal Gupta	Vikramshila Shodh Sansthan	Non-Government	Faculty of Medicine	2023	0.084	1 Year
19	A clinicopathological examination of chronic feet, focussing on the role of vortex-assisted closure in diabetic foot management.	Dr. Mallika Rai Sinha	Vikramshila Shodh Sansthan	Non-Government	Faculty of Medicine	2023	0.084	1 Year
20	Adverse medication response alterations to the cornea following long-term usage of a timolol-brimonidine combination	Dr. Mansi Chandna	Vikramshila Shodh Sansthan	Non-Government	Faculty of Medicine	2023	0.085	1 Year
21	Radiological investigations are used to diagnose pancreatitis and are compared to clinical and biochemical parameters.	Dr. Medha Goel	Vikramshila Shodh Sansthan	Non-Government	Faculty of Medicine	2023	0.085	1 Year
22	The impact of regular smartphone usage on children's higher posture and lung function	Prof. (Dr) Jasmine Anandabai	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.081	1 Year
23	Identify and assess neuromuscular coordination in patients with and without persistent ankle instability.	Dr. Amit Kumar Goel	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.08	1 Year
24	The impact of Tai Chi Yunshou training on stroke patients' balance and motor functions: a thorough experimental and meta-analysis of randomised controlled trials	Dr. Raj Kumar Sharma	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
25	The effect of 10-week equipment-based pilates and diaphragmatic breathing exercise on heart rate variability and pulmonary function in young adults.	Dr. Danish Nouman	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
26	To compare the efficiency of Pranayama with diaphragmatic breathing on persons with disordered breathing.	Dr. Surandar Kumar	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
27	Psychological stress is prevalent among university researchers.	Dr. Kayinat Hassan	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.087	1 Year
28	To compare patient-centered versus therapist-oriented treatment in healthcare practices in the Physiotherapy clinical environment in Meerut.	Dr. Uzma Khan	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.089	1 Year

29	The Influence of Yoga Yoga postures on equilibrium and Synchronisation in Elderly	Dr. Shikha Singh	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
30	To investigate the incidence of upper back (thoracic) discomfort in school-aged kids carrying bags on both shoulders	Dr. Kapil Rastogi	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
31	The efficacy of theraband education regarding cartilage arthritis regeneration of the knee	Dr. Avnika Singh	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.087	1 Year
32	Effectiveness of physical activity on haemodynamic efficiency after bypass grafting of the coronary artery	Dr. Uzma Khan	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.089	1 Year
33	The impact of physical therapy on plantar fasciitis	Dr. Apoorva	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.086	1 Year
34	The concept of effectiveness of release point treatment among individuals with cervicogenic migraine.	Dr. Aishwarya Rai	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.081	1 Year
35	Efficacy of gluteal conditioning activities in relieving low back discomfort in individuals who are otherwise fit	Dr. Ritika Mani	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.08	1 Year
36	Effect of perception of position exercises in the posterior cruciate ligament regeneration.	Dr. . Ritika Mani	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
37	Stretching-oriented fitness regimen improves discomfort in the area known as carpal tunnel syndrome.	Dr. Noudiyal Kiran Sunil	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.084	1 Year
38	Efficacy of kinesiotaping in reducing pain, lumbar extension range of motion, and impairment in individuals with persistent nonspecific low back pain	Dr. Gaurav Pratap Tyagi	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.084	1 Year
39	Effectiveness of conditioning and stretching exercises (Janda's Approach) in school-aged children with lower crossed syndrome.	Dr. Pooja Chaudhary	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
40	The impact of cardiac rehabilitation, including nordic walking in patients with chronic coronary syndromes following percutaneous coronary procedures in elective mode	Dr. Sumit Sagar	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year

41	Compare the efficacy of TENS (Transcutaneous Electrical Nerve Stimulation) with IFT (Interferrentia Therapy) in treating persistent neck pain.	Dr. Shikha Singh	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.081	1 Year
42	Evaluating health-related quality of life in individuals with chronic obstructive pulmonary disease	Dr. Danish Nouman	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.08	1 Year
43	Compared to the general population, individuals with mental problems integrate into their communities.	Dr. Danish Nouman	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
44	Barriers and facilitators for diagnosing depression in elderly persons:	Dr. Amit Kumar Goel	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
45	Deep breathing through the diaphragm works for improving ventilation in persons with mental health issues.	Dr. Kayinat Hassan	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
46	A randomised feasibility trial of isometric thumb extension exercise as part of a multimodal strategy for de Quervain's syndrome.	Dr.Shikha Singh	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.087	1 Year
47	Task-oriented rehabilitation training's efficacy for individuals with cerebrovascular accidents and strokes	Dr. Uzma Khan	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.089	1 Year
48	The efficacy of hydrotherapy or water treatment for children with cerebral palsy	Dr. Uzma Khan	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
49	To assess the value of qualitative research in enhancing paediatric physical therapy rehabilitation	Dr. Amit kumar Goel	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
50	To assess the value of qualitative research in enhancing cardiopulmonary physical therapy rehabilitation	Dr. Surendar Kumar	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.087	1 Year
51	To assess the value of qualitative research in enhancing neurological physiotherapy rehabilitation	Dr. Ritika Mani	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.089	1 Year
52	To assess the value of qualitative research in enhancing musculoskeletal physical therapy rehabilitation	Dr. Noudiyal Kiran Sunil	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.086	1 Year
53	To ascertain how physical therapy and diet relate to athletes	Dr. Kayinat Hassan	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.081	1 Year
54	Investigating the value of hypothermia for athletes' acute soft tissue injuries.	Dr.Shikha Singh	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.08	1 Year

55	Isometric exercise's effectiveness in reducing pain and strengthening muscles in people with Complicated Area Pain Syndrome	Dr. Danish Nouman	Vikramshila Shodh Sansthan	Non-Government	Faculty of Physiotherapy	2023	0.085	1 Year
56	Impact of Alcohol on Surface Smoothness and Matter Nanohardness of Trendy Mass Fill Composite Materials	Dr. Vineeta Nikhil	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.084	1 Year
57	An in vitro investigation evaluating the resin-composite material's adhesion strength to porcelain bonded using various adhesive techniques	Dr. Sachin Gupta	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.084	1 Year
58	Comparative Analysis Of Skeletal And Dental Changes Using Power Scope And Advanced Synergistic Molar To Molar Class Ii (Momc) In Class Ii Malocclusion	Dr. Ashutosh And Dr. Pradeep	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.085	1 Year
59	Preservative Effect on the Strength of the Epoxy Enamel to Dentin Bond	Dr. Yashika Bali	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.085	1 Year
60	An in vitro investigation looked at how different adhesive methods affected the self-adhering composite dentin's capacity to bond over time.	Dr. Roopse	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.081	1 Year
61	Apex Finder Reliability of Current Technology in Comparative Analysis of Several Healthcare Case Studies	Dr. Shikha Jaiswal	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.08	1 Year
62	An in vitro investigation of the effects of 2-Methoxy-4-(prop-2-en-1-yl)phenol on the maximum sealed capacity and binding integrity of different composite materials	Dr. Rudhra Koul	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.085	1 Year
63	Comparing the Way in Which Fractures Develop in Dental Cavities Prepared with Laser and Ultrasound	Dr. Shravan S Rathi	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.085	1 Year
64	Clinical studies examining the efficacy of biologic mesh material vs coronally advanced flaps in treating certain problems related to gingival recession	Dr. Nitin tomar	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.085	1 Year
65	Assessment of the effectiveness of two fixed functional appliances in treating Class II Misalignment	Dr. Pankaj Wadhwa	Vikramshila Shodh Sansthan	Non-Government	Faculty of Dental	2023	0.087	1 Year

66	The sleep patterns of medical students in an academic acute care hospital: a comparative investigation	Dr. Braj Bhushan Kumar	Buddhist Education Mission	Non-Government	Faculty of Naturopathy & Yogic Sciences	2023	0.089	1 Year
67	Determine the prevalence of obesity and related risk factors among Swami Vivekanand Subharti University students by cross-sectional study.	Dr. Sumanlata Dewangan	Buddhist Education Mission	Non-Government	Faculty of Naturopathy & Yogic Sciences	2023	0.085	1 Year
68	The potential therapeutic benefit of cold hip baths for individuals with endocrine problems was investigated in a prospective randomised controlled experiment.	Dr. Tazmani Sultana	Buddhist Education Mission	Non-Government	Faculty of Naturopathy & Yogic Sciences	2023	0.085	1 Year
69	Prospective Study of Naturopathy and Yoga in the Treatment of Lung Breathing Disorders	Dr.Laurembam Jeensehwori Chanu	Buddhist Education Mission	Non-Government	Faculty of Naturopathy & Yogic Sciences	2023	0.087	1 Year
70	Problems with blood loss and the impact of carrot-beet juice on haemoglobin levels in teenagers and adults	Dr. Garima Malani	Buddhist Education Mission	Non-Government	Faculty of Naturopathy & Yogic Sciences	2023	0.089	1 Year
71	Vamana Dhauti and Shavasana Together: A Pre-Post Pilot Study on Their Combined Therapeutic Effect on Alcohol Dependency Patients' Withdrawal Symptoms	Dr. Navneet Vats	Buddhist Education Mission	Non-Government	Faculty of Naturopathy & Yogic Sciences	2023	0.086	1 Year
72	Hip Bath's Beneficial Effects on Primary Menstrual Cramps: An Organised Pre-Post Investigation	Dr. Priya Devi	Buddhist Education Mission	Non-Government	Faculty of Naturopathy & Yogic Sciences	2023	0.081	1 Year
73	Examining the Frequency of Bowel Movements in Constipation Patients After Using Cold Compression for a Month: A Pre-Post Interventional Study	Dr. Jyoti Madhur	Buddhist Education Mission	Non-Government	Faculty of Naturopathy & Yogic Sciences	2023	0.08	1 Year
74	The development and validation of UV absorbance A method for determining how much nicotinic acid is used in pharmaceuticals	Dr. Manish K. Pathak	Indraprastha Institute Of Pharmacy	Non-Government	Faculty of Pharmacy	2023	0.085	1 Year
75	Ketoconazole Estimation Using the HPLC Method: Development and Validation	Dr.Vikrant Verma	Younker Scientific And Social Science Research Foundation	Non-Government	Faculty of Pharmacy	2023	0.084	1 Year
76	The Antimicrobial Properties of Bhuiavla Plant Extract Against Sensitive Pathogenic Bacterial Strains	Mr. Gaurav Updhyay	Gyan-Vighyan Sansathan	Non-Government	Faculty of Pharmacy	2023	0.084	1 Year

77	Design, development, and assessment of nanoemulsions using a polymer-drug combination	Dr. Prasanjit Paul	Gyan-Vighyan Sansathan	Non-Government	Faculty of Pharmacy	2023	0.085	1 Year
78	Development and evaluation of the stability of a crearm formulation containing the Bicyclic monoterpenoid	Dr. Lubhan Singh	Gyan-Vighyan Sansathan	Non-Government	Faculty of Pharmacy	2023	0.085	1 Year
79	The development and assessment of ciprofloxacin solid dispersion tablets derived from polyethylene glycol and tween-80	Ms. Anchal Tyagi	Indraprastha Institute Of Pharmacy	Non-Government	Faculty of Pharmacy	2023	0.081	1 Year
80	Increased Oral Bioavailability of Silver Nanoparticles Loaded with Rivaroxaban	Mr. Sahil Siddiqui	Indraprastha Institute Of Pharmacy	Non-Government	Faculty of Pharmacy	2023	0.08	1 Year
81	Synthesis of new quinolone-surfactant prodrugs efficiently in one pot: potential antibacterial and anticancer agents	Dr. Manish K. Pathak	Indraprastha Institute Of Pharmacy	Non-Government	Faculty of Pharmacy	2023	0.085	1 Year
82	Anticancer medication formulations with enhanced and assessed disintegration rates that contain nanoparticles	Mr. Pradeep Kumar	Nar-Briton Health Care Pharmaceuticals Hrt. Ltd.	Non-Government	Faculty of Pharmacy	2023	0.085	1 Year
83	Nanoemulsion biofabrication Utilising fruit peel extract from Citrus aurantifolia when taking ibuprofen	Ms. Anjali	Nar-Briton Health Care Pharmaceuticals Hrt. Ltd.	Non-Government	Faculty of Pharmacy	2023	0.085	1 Year
84	Formulation and Assessment of Ionic Liquid-Paracetamol Drug Microspheres	Mr. Yogesh Kumar	Nar-Briton Health Care Pharmaceuticals Hrt. Ltd.	Non-Government	Faculty of Pharmacy	2023	0.087	1 Year
85	Improve Aceclofenac's Solubility Using Spectrophotometric Method and Bio-Polymers	Mr. Yatendra Kumar	Nar-Briton Health Care Pharmaceuticals Hrt. Ltd.	Non-Government	Faculty of Pharmacy	2023	0.089	1 Year
86	Increase the oral medication's capacity to dissolve the components. Hydrochloropride with rabeprazole sodium	Ms. Swati Sagar	Nar-Briton Health Care Pharmaceuticals Hrt. Ltd.	Non-Government	Faculty of Pharmacy	2023	0.085	1 Year
87	Creating and evaluating a seraconazole nano-emulsion for fungal infections	Ms. Anjali	Nar-Briton Health Care Pharmaceuticals Hrt. Ltd.	Non-Government	Faculty of Pharmacy	2023	0.085	1 Year

88	New dioctyl sulfosuccinate sodium-piperazine derivatives: design, production, and biological assessment as antibacterial agents	Ms. Nandini Sharma	Nar-Briton Health Care Pharmaceuticals Hrt. Ltd.	Non-Government	Faculty of Pharmacy	2023	0.087	1 Year
89	Production of Retha-Neam herbal lotions to treat microbial problems	Dr. Ganesh Prasad Mishra	Indraprastha Institute Of Pharmacy	Non-Government	Faculty of Pharmacy	2023	0.089	1 Year
90	In vitro pharmacoequivalence study of an oral film-coated tablet containing diclofenac sodium and paracetamol in relation to widely available generics	Dr. Kunal Arora	Indraprastha Institute Of Pharmacy	Non-Government	Faculty of Pharmacy	2023	0.086	1 Year
91	Thermodynamic and spectrophotometric analysis to enhance the encapsulation of tinidazole and ofloxacin in aqueous medium	Dr. Manish Kumar Pathak	Indraprastha Institute Of Pharmacy	Non-Government	Faculty of Pharmacy	2023	0.081	1 Year
92	Increasing the solubility of fluconazole in an aqueous media by using polyelectrolyte sodium carboxymethyl cellulose	Dr. Ganesh P Mishra	Indraprastha Institute Of Pharmacy	Non-Government	Faculty of Pharmacy	2023	0.08	1 Year

SWAMI VIVEKANAND SUBHARTI UNIVERSITY™
Approved by UGC
Where Education is a Passion...
ACCREDITED WITH GRADE A NAAC

SDG 03: -Good Health & Well Being

3.3.2 HEALTH OUTREACH PROGRAMMES IN ALIGMENT WITH SDG 3 GOOD HEALTH & WELL BEING:

Through a variety of health outreach and extension programs, Swami Vivekanand Subharti University showed its strong dedication to promoting community health and well-being during the academic year 2023–2024. In order to ensure that healthcare information and services reached a variety of societal segments, these initiatives were cooperatively carried out by multiple faculties in collaboration with the government, non-governmental organizations, and community organizations.

Through free health check-up camps, awareness campaigns on preventive healthcare, oral hygiene, maternal and child health, rehabilitation, physiotherapy support, traditional medicine, and responsible drug use, the Faculty of Medicine, Dental Sciences, Nursing, Physiotherapy & Allied Health Sciences, AYUSH, and Pharmacy directly served the community. These initiatives raised long-term knowledge of healthy living habits in addition to offering prompt assistance and direction.

Through scientific demonstrations, teacher training, and wellness efforts centered around sports and yoga, the faculty of AYUSH, Faculty of Science, Education, and Physical Education made a substantial contribution to raising awareness about nutrition, environmental health, hygiene, school health programs, and fitness.

In order to increase the inclusivity and impact of health messages, the Faculty of Fine Arts and Arts & Social Sciences (Departments of Journalism & Mass Communication, Home Science, and Languages) engaged the community through art, street plays, posters, radio programs, documentaries, nutrition workshops, and multilingual campaigns.

Thousands of individuals benefited directly from Swami Vivekanand Subharti University's comprehensive community outreach, which was made possible by its multi-faculty and interdisciplinary approach.

These group initiatives demonstrate the University's consistent support for reaching Sustainable Development Goal 3 (Good Health and Well-Being) of the UN.

Table-1 Health outreach programmes and projects in the local community (which can include student volunteering programmes) to improve or promote health and well-being including hygiene, nutrition, family planning, sports, exercise, aging well, and other health and well-being related topics.

S.No	Faculty/Department	Year	Name of the activity	Organising unit/ agency/ collaborating agency	Number of students participated in such activities	Number of teachers participated in such activities	No. of Beneficiaries (Community People)
1	Faculty of Pharmacy	2023-2024	Outreach activity: To aware the people about Overdose the Drug	Pharma Scientific Club of Kharvel Subharti College of Pharmacy	15	2	150
2	Faculty of Pharmacy	2023-2024	Outreach activity: To aware the people about Misuse of Antibiotics	Pharma Scientific Club of Kharvel Subharti College of Pharmacy	15	1	200
3	Faculty of Pharmacy	2023-2024	Outreach activity: To aware the people about World Health Day	Pharma Scientific Club of Kharvel Subharti College of Pharmacy	15	2	160
4	Faculty of Pharmacy	2023-2024	Awareness camp on safe use of medicines at Pradhanmantri Jan Aushadhi Kendra, Vedvyas Puri, Meerut	Pharma Care Club of Kharvel Subharti College of Pharmacy	14	3	248
5	Faculty of Pharmacy	2023-2024	National Pharmacovigilance Week	Department of Pharmacology, Kharvel Subharti College of Pharmacy	121	20	141
6	Faculty of Pharmacy	2023-2024	A relaxing session with workshop on unique and universal method of meditation	Department of Pharmaceutics, Kharvel Subharti College of Pharmacy	56	20	76

7	Faculty of Pharmacy	2023-2024	Yoga Practice on ' International Day of Yoga ' on the theme : "Yoga for Self and Society	Faculty of Pharmacy, Kharvel Subharti College of Pharmacy	0	21	35
8	Faculty of Pharmacy	2023-2024	Vaccination Day	Faculty of Pharmacy/ Kharvel Subharti College of Pharmacy	15	1	16
9	Faculty of Pharmacy	2023-2024	Generate Awareness About Sanitization And Its Linkage With Public Health	Faculty of Pharmacy/ Kharvel Subharti College of Pharmacy	13	2	15
10	Faculty of Pharmacy	2023-2024	Role of Environment for Good Health	Faculty of Pharmacy/ Kharvel Subharti College of Pharmacy	40	4	40
11	Faculty of Pharmacy	2023-2024	Swachhata Pakhwada	Faculty of Pharmacy/ Kharvel Subharti College of Pharmacy	20	5	25

Awareness Camp on 'Rational Use of Medicines and Betterment of Health' in Pradhanmantri Jan Aushadhi Kendra', Ved Vyaspuri, Meerut

Kharvel Subharti College of Pharmacy in association with the 'Pharma Care Club' organized an awareness camp at 'Pradhanmantri Jan Aushadhi Kendra', Ved Vyaspuri, Meerut 20th June 2024.

The aim of setting up this awareness camp was to aware the General public and patients regarding the proper use of the medicines so that they could lead a healthy life. The students of Pharma Care Club along with other students of Pharmacy College took a keen interest in spreading awareness to the Public and Patients so that they could understand and gain knowledge regarding medicines and their proper use.

The students were involved in the distribution of Pamphlets in the selected area which were made by them and in the pamphlets, there were instructions written regarding the use of medicines and some other key points which could definitely benefit the residents in their health. These pamphlets were distributed everywhere in the ved vyaspuri including all the shops and houses, all the points in the pamphlets explained in a very simple manner by the students so that this camp could bring a positive output on the health of people and they could get a benefit in using medicines. The public were told to strictly avoid the self medication which is generally seen in almost all areas and the students explained the disadvantages and harm that the public could experience by adopting Self Medication.

The people of the area were told to take full course of medicines which is prescribed by the doctor and must not leave the medicines before the completion of full course of medicines. The persons of vedviyaspuri were also informed by the students to properly use the face mask when going outside from home and the use of sanitizers must also be incorporated regularly so that they could live a healthy life and remain safe from Covid virus. The students told the villagers that they should purchase the medicines carefully and must read all the instructions given on the medicines before administering them. They were also able to learn about the expiry medicines and how they could avoid using the expiry medicines.

The residents of vedviyaspuri were made aware regarding the Pradhan Mantri Jan Aushadi Kendra and how they could get benefit by making use of these centers by purchasing the generic medicines in a much affordable price.

The awareness camp in the vedviyaspuri was a successful event and after this, the public have started adopting new ways of taking medicines. They have started avoiding self medication and whenever they fell unwell, they always take advice from a registered medical practitioner and also started purchasing the medicines from nearby **Pradhanmantri Jan Aushadi Kendra.**The head of the nearby Jan Aushadi Kendra **Mr. Rajendra Kumar Pushpad** has appreciated the **initiative of the Pharma Care Club of Kharvel Subharti College of Pharmacy** in his letter in organizing this camp which is attached below.

Activity Organized By	Department of Pharmacology	Day	Monday to Saturday
Name of the Associated Faculty/College/Department/Outside Agency	Department of Pharmacology, Faculty of Pharmacy, Kharvel Subharti College of Pharmacy	Time	9:00-04:00 pm
Name and address of Guest Speaker	Mr. Surojit Ghoshal & Mr. Devajyoti Datta Director Instituendi Graduati Pvt, Ltd	Venue	MMM, SITE, SVSU, Meerut (Offline)
Total Participants	141	Organizing Coordinator(s)	Dr. Kulsoom Hamid, Mr. Vishal Kumar Biswkarma, Ms. Neeru Singh,
Students	121	Report Prepared by	Dr. Kulsoom Hamid
Teachers	20		
Non-Teaching Staff	-		
Others (Specify)	Village Public, Patient in Hospital & Health Care Professional Become the Part of Awareness Sessions		

Objective of the Activity:

The primary goal of the 3rd National Pharmacovigilance Week, held from September 17th to 23rd, 2023, was to boost public confidence in pharmacovigilance. The overarching objective was to raise awareness about the importance of monitoring and reporting adverse drug reactions, ultimately fostering a safer and more transparent healthcare environment.

Description:

The 3rd National Pharmacovigilance Week was a comprehensive initiative that brought together various stakeholders, including healthcare professionals, regulatory bodies, pharmaceutical companies, and the general public. The week-long event featured a series of activities, including seminars, workshops, awareness campaigns, and interactive sessions.

Quiz Competition:

An online quiz competition was organized to disseminate the knowledge regarding Pharmacovigilance practice among students.

Public, Patient and Health Care Professional Awareness Program: Public awareness campaigns were conducted at different places like Village and Hospital. The campaigns emphasized the significance of reporting adverse drug reactions, empowering the public to actively participate in ensuring medication safety.

Poster Presentation: Students involve in Poster preparation and presentation regarding Medicine Safety, ADR Reporting, PvPI, etc.

Seminars and Workshops: Renowned experts in pharmacovigilance conducted informative seminars, addressing key issues and emerging trends in drug safety. These sessions aimed to enhance the knowledge and skills of Students and healthcare professionals

Interactive Sessions: Engaging and interactive sessions were organized to facilitate dialogue between healthcare professionals, faculty member and students. These sessions provided a platform for sharing experiences, clarifying doubts, and fostering a collaborative approach to pharmacovigilance.

Outcome of the Activity: The 3rd National Pharmacovigilance Week yielded several positive outcomes:

Increased Public Awareness: The awareness campaigns successfully reached a wide audience, resulting in increased public awareness about the importance of pharmacovigilance and the role of individuals in reporting adverse reactions.

Enhanced Healthcare Professional Competence: Healthcare professionals benefited from the educational seminars, gaining deeper insights into pharmacovigilance practices and improving their ability to identify and report adverse drug reactions.

The 3rd National Pharmacovigilance Week successfully achieved its objective of boosting public confidence in pharmacovigilance, fostering collaboration among stakeholders, and enhancing awareness and reporting rates. The positive outcomes and participant feedback underscore the importance of such initiatives in promoting medication safety and public health.

Analysis of Participant's Feedback:

Participant feedback played a crucial role in evaluating the success of the 3rd National Pharmacovigilance Week. Key themes emerging from the feedback included:

Positive Reception: The majority of participants expressed satisfaction with the quality and relevance of the activities, indicating a positive overall experience.

Increased Confidence: Healthcare professionals and the general public reported feeling more confident in their understanding of pharmacovigilance principles and procedures.

Call for Continued Initiatives: Many participants emphasized the need for ongoing initiatives to sustain and build upon the momentum generated during the National Pharmacovigilance Week.

Report On A relaxing session with workshop on unique and universal method of meditation

Title of the Activity	A relaxing session with workshop on unique and universal method of meditation	Level of Program (State/National/International etc.)	DEPARTMENTAL
Focused Area	Meditation for students and professionals	Date of Activity (From-To) (DD/MM/YYYY)	7 October 2023
Activity Organized By	Department of Pharmaceutics	Day	Saturday
Name of the Associated Faculty/College/Department/Outside Agency	Faculty of Pharmacy, Kharvel Subharti College of Pharmacy	Time	11:00AM
Name and address of Guest Speaker	Mr. Pranay Kumar	Venue	Kharvel Subharti College Of Pharmacy
Total Attendees	76	Organizing Coordinator(s)	Dr. Garima Verma
Students	56	Report Prepared by	Mr Deepak Aswal
Teachers	20		
Non-Teaching Staff	-		
Others (Specify)	-		

Objective of the Activity:

To conduct a workshop on unique and universal method of meditation so that student can learn the need of hour for better, efficient, tension free, managed, happy, enjoy full and meaningful life.

Description:

A relaxing session with workshop on meditation was organized with students and Faculty of Pharmacy in which 56 students and 20 faculties were participated. The workshop was very informative and participant also learned to practice the meditation.

Introduction:

Meditation has important role in holistic and complete development of human personality. Meditation is actually the part of yoga(Subtle from of yoga or Mansik yog) which is basically path to achieve self realization which is the ultimate aim of human life. Apart from this, by doing meditation practice, actually an individual can develop beautiful art of living.It can enables individual to live with efficient, tension free, managed and happy life style. India has profound legacy in field of yoga and meditation. As the practice of Yog is not bound by caste, creed, religion etc, it may be practiced by one and all which help to create social harmony and tension free happier family life. It further contributes to enhance skill, efficiency and creativity of practitioners that are very essential for students and professionals.

Objectives of the Event:

1. To facilitate all-round development through extension activityfor the better future of the students, faculty members and others.
2. To facilitate the knowledge of **"**Physical mental practice through different activity**"** amongthe students, faculty members and others.

Description:

An Extension Activity tittle **Learn with Fun: Nukaad Natak & Planation** including ,role-play ,yoga, sports activity organised during the last day of School Internship dated 13-04-2024 at Sardar Patel Municipal Inter College Sharda Road Meerut under the supervision of **Dr Reeba Devi**, Assistant Professor & **Dr. Sangeeta Rani,** Assistant Professor Department of Education Faculty of Education SVSU Meerut.

Prof. (Dr.) G.K. Thapliyal, Vice Chancellor, SVSU and Prof. (Dr.) Shalya Raj, CEO, SVSU highly appreciated the efforts ofStudents Coordinators&all participants under the guidance of convenor of the activity.

Prof. (Dr.) Sandeep Kumar, Dean Faculty of Education commended the outstanding performance of the students and emphasized the importance of such extension activities in nurturing holistic development

Prof (Dr.) Anoj Raj, Head of the Department of Education SVSU, Meerut, congratulated to all participants and acknowledged the efforts of the organizing team and highlighted the role of experiential learning in honing students' practical skills.

The aim of activity was fostering real-life problem-solving skills and promoting the all-round development of students. The activity was a culmination of various engaging activities designed to enhance students' learning experiences beyond traditional classroom settings.

Activities: ***Nukkad Natak* (Street Play)** on Plantation: Students showcased a *nukkad natak* emphasizing the importance of environmental conservation and the significance of tree plantation in mitigating climate change. Through vibrant performances, they conveyed the message of sustainability and encouraged the audience to actively participate in tree plantation drives**.**

Role-play: A series of role-play sessions were conducted, wherein students enacted scenarios depicting real-life problems encountered in society. By stepping into different roles and perspectives, they developed empathy and critical thinking skills, while also exploring effective solutions to address societal challenges.

Yoga Session: A rejuvenating yoga session was organized to promote physical and mental well-being among students. Led by certified yoga instructors, the session focused on breathing techniques, meditation, and various yoga asanas, fostering mindfulness and stress relief among participants.

Sports Activities: Students actively participated in various sports activities. These activities not only promoted physical fitness but also fostered teamwork, leadership, and sportsmanship among the students.

Acknowledgments: Special appreciation letter is extended by **Dr. Navin Kumar Tomar**, Principal of Sardar Patel Municipal Inter College, Sharda Road Meerut to Coordinators of the activity, **Dr. Reeba Devi,** Assistant Professor & **Dr. Sangeeta Rani,** Assistant Professor DOE, FOE, SVSU, Meerut,whose meticulous planning and execution ensured its success.

Outcome of the event: The "Learn with Fun" extension activity served as a platform for students to apply classroom learning to real-life situations, fostering essential skills such as problem-solving, teamwork, and creativity. It not only enriched their educational experience but also contributed to their overall growth and development as responsible citizens.

Analysis of the Participant's feedback: This activity was considered to be educative and informative as well as an agent of moral and character development.

" Role of Positive Mental Health and Wellness in Career Formation"

Title of the activity	**Role of Positive Mental Health and Wellness in Career Formation"**	**Level of Program**	Department Level
Focused Area	Awareness about positive mental health through well being	**Date of Activity**	October 12, 2023
Activity Organized By	Department of Education, SVSU	**Day**	Thursday
Resource Person	Dr.Rahul Bansal, Chairman of wellness Centre, SVSU and Dr. Seema Sharma, Sr.Cunsaltant	**Time**	10.00.A.M to 12:00 P.M.
Total Participants	103	**Venue**	Faculty of Education
Students	90	**Convener**	Dr.Reeba Devi
Teachers/Faculty members	13 **Report Prepared By**	Dr. Reeba Devi Department of Education, FOE, SVSU, Meerut with GungunB.El.Ed III semester	

Objectives of the Event:

1. To facilitate moral, ethical development through positive mental health of the students, faculty members.
2. To facilitate the knowledge of "positive and healthy mind set"under the wellness in career formation the students, faculty members.

Description:

Swami Vivekanand Subharti University, Department of Education hosted an enlightening **one-day workshop** on **October 12, 2023**, dedicated to the profound influence of positive mental health and wellness on the formation of successful careers. The event, held within the esteemed marked a significant endeavour to enhance awareness of the pivotal role that mental well-being plays in the journey toward career development. The program commenced with a ceremonial inauguration where **Resource Person Dr. Rahul Bansal**, Chairman Wellness Centre, SVSU Meerut and **Dr. Seema Sharma, Sr. Consultant (Clinical Psychological)** Department of Psychiatry Subharti Medical College & Hospital, SVSU , **Prof. (Dr.) Sandeep Kumar**, the distinguished **Dean of the Faculty of Education**, and **Prof.(Dr.) Anoj Raj, Head, Department of Education** other respected dignitaries, illuminated the ceremonial lamp in front of Maa Sarasvati. This symbolic gesture signified the auspicious beginning of the workshop, emphasizing the importance of knowledge, wisdom, and holistic well-being in one's educational and career journey.

Dr. Sandeep Kumar, in his welcoming address, expressed gratitude to the esteemed chief guests, dedicated faculty members, and the attentive audience. This warm welcome set the tone for an intellectually stimulating and enriching event, celebrating the synergy of education and mental wellness. The chief guests were honored with saplings, representing the institution's commitment to nurturing growth and fostering a greener, more sustainable future.

The workshop gained further momentum **as Prof. (Dr.) Anoj Raj, Head, Department of Education,** took the stage to provide attendees with a comprehensive overview of the day's program. His enlightening speech not only outlined the workshop's objectives but also highlighted the intrinsic connection between mental health and the development of successful careers. It was underlined that, in today's fast-paced and competitive world, the well-being of individuals plays a pivotal role in shaping the direction of their careers.

The heart of the workshop featured presentations by the **keynote speakers: Dr. Rahul Bansal, Chairman of the Wellness Centre, and Dr. Seema Sharma, a Senior Consultant in Clinical Psychology.** The presentations encompassed a wide spectrum of topics, touching upon the spiritual dimension of health, scientific evidence regarding the permanent transformation of energy within the human body, the profound experiences of near-death encounters, and the intricate interplay between spirituality and health Dr. Rahul Bansal shed light on the spiritual dimension of health, explaining how it is a vital component of overall well-being. He shared insights into the profound spiritual experiences that individuals might encounter and how these experiences can positively impact one's mental health. Dr. Seema Sharma, on the other hand, delved into the scientific evidence behind the transformation of energy within the human body. She emphasized that understanding this process can provide individuals with a deeper appreciation for the connection between physical and mental health.

The discussion on near-death experiences (NDEs) was particularly intriguing. Attendees were introduced to the phases of NDEs, their impact on individuals, and the various perspectives on what happens when a person's mind seems to survive even when the body faces a life-threatening situation. These insights were accompanied by reference to well-known researchers in the field. The workshop's culmination was marked by a gracious vote of thanks presented by Prof. (Dr.) Anoj Raj. He expressed heartfelt gratitude to the chief guests, the enlightening speakers, dedicated faculty members, and the entire team responsible for organizing this insightful event.

The event's success was a testament to the concerted efforts of a **collaborative team. Members,** including **VedikaVerma, Nisha Saharan Vijay, Gunjan, Kumkum, Saakshi, Gungun, Shrutee, Saloni, Sagaf, Bhawna, Pardeep, Shruti Kaushik, Ajay, Pallavi, Kanak, Saakshi Saini, Anusha, and Pardeep Yadav, stu**dents of Department of Education worked diligently under the capable supervision of **Dr. Reeba Devi, Assistant Professor & Coordinator of the workshop** at the Faculty of Education. Their dedication and coordination were instrumental in ensuring the seamless execution of the seminar.

In conclusion, the workshop provided an intellectual feast for attendees. It not only served as a platform for insightful discussions on the vital intersection of mental health and career development but also left participants with a profound understanding of how positive mental health and wellness can significantly influence the trajectory of one's career. This event underscored the university's commitment to nurturing the holistic development of its students and the broader community, emphasizing that true success is not just measured by career achievements but by the overall well-being of individuals in their pursuit of knowledge and excellence.

Outcome of the event:

1. Participants were facilitated of health sensitive issues and awareness of positive mental health.
2. Health development awareness through wellness workshop for the students, faculty members were facilitated.

Analysis of the Participant's feedback: The workshop was considered to be primary level of carefulness and informative as well as an agent of mental and positive development through workshop.

सुभारती विश्वविद्यालय के एनएसएस सेल तथा स्वच्छता समिति द्वारा बृहद सफाई कार्यक्रम आयोजित

राहुल ठाकुर

मेरठ (विधान केसरी)। भारत सरकार युवा कार्यक्रम एवं खेल मंत्रालय, एनएसएस महानिदेशालय एवं विश्वविद्यालय अनुदान आयोग नई दिल्ली के निदेशानुसार "एक तारीख एक घंटा" कार्यक्रम के तहत "स्वच्छता ही सेवा" अभियान के अन्तर्गत दिनांक 01/10/2023 को स्वामी विवेकानंद सुभारती विश्वविद्यालय मेरठ के एनएसएस सेल तथा स्वच्छता समिति द्वारा बृहद सफाई कार्यक्रम किया गया।

विश्वविद्यालय में एनएसएस की चारों इकाइयों के चार सौ से भी अधिक स्वयंसेवकों ने विभिन्न स्थानों पर सफाई कार्यक्रम चलाया और 25 कुंतल से भी अधिक कूड़ा उठाया। एनएसएस के स्वयंसेवकों से विश्वविद्यालय से लगे एन एच 58, दिल्ली हरिद्वार राष्ट्रीय राजमार्ग के दोनों ओर कॉरिडोर में लगभग एक किमी. क्षेत्र में सफाई की गई जिसमें वेदव्यासपुरी का स्थानीय मार्किट भी शामिल था। इस अवसर पर एन एच पर स्थित फुट ओवर ब्रिज की सफाई की गई जो बहुत ही गन्दी हालात में था। विश्वविद्यालय के कुलपति मेजर जनरल डॉ जी.के.थपलियाल एवं मुख्य कार्यकारी अधिकारी डॉ शल्या राज ने कार्यक्रम के सफल आयोजन की हार्दिक शुभकामनाएं दी।

स्वयंसेवकों द्वारा प्रधानमंत्री जी के आह्वान पर स्वच्छता अभियान चलाकर क्षेत्र में साफ - सफाई करते हुए लोगों को स्वच्छता हेतु जागरूक किया गया। अभियान के प्रारम्भ में एनएसएस के विश्वविद्यालय समन्वयक प्रोफेसर सुभाष चंद्र थलेडी द्वारा स्वयंसेवकों को स्वच्छता अभियान के बारे में विस्तार से जानकारी दी। उन्होंने कहा कि विश्वविद्यालय के कुलपति मेजर जनरल डॉ जी. के. थपलियाल और मुख्य कार्यकारी अधिकारी प्रोफेसर डॉ. शल्या राज के विशेष दिशा-निर्देश में यह राष्ट्रीय कार्यक्रम विश्वविद्यालय द्वारा किया जा रहा है। उन्होंने कहा कि विश्वविद्यालय की स्वच्छता कमेटी ऐसे अभियान चलाती रहेगी और जनता को स्वच्छता के प्रति जागरूक करती रहेगी।

विश्वविद्यालय की एनएसएस इकाई एक के द्वारा मार्स रिसोर्ट से गेट नम्बर दो की सफाई की गई वहीं इकाई-2 और तीन द्वारा वेदव्यासपुरी मार्किट से लगी एनएच की रोडसाइड कॉरिडोर और मार्किट को साफ किया गया। इकाई चार द्वारा विश्वविद्यालय के गेट दो से गेट चार तक की सफाई की गई और सड़क किनारे फैले कूड़े को साफ किया गया। इस अवसर पर स्वच्छता कमेटी के चेयरमैन और एनएसएस के विश्वविद्यालय समन्वयक प्रो डॉ सुभाष चंद्र थलेडी, प्रो डॉ सरताज अहमद, डॉ विवेक कुमार, डॉ संदीप कुमार, कार्यक्रम अधिकारी हिमांशु सिरोही, शिवानी भदौरिया, धर्मेंद्र सिंह समेत रामप्रकाश तिवारी, डॉ. नेहा सिंह, स्वाति शर्मा, डॉ. अभिजीत के.बी., डॉ. दुर्वेश पुंडीर, इंजीनियर गुरु सेवक केसरवानी, डॉ. विशाल सिंह, डॉ. धनंजय कुमार, पुष्पेंद्र कुमार, दाउद चौहान ने सहयोग किया। संजय जुगरान, कपिल गिल, संजय पाल, प्रिंस चौहान, बिजेंद्र और कुलदीप ने महत्वपूर्ण भूमिका निभाई।

Introduction: The guest lecture on the psychological effects of substance use on athletes' mental health and performance provided a comprehensive examination of this critical topic. The presentation commenced with an overview of the prevalence of substance use among athletes and emphasized the significance of understanding its psychological ramifications.

Types of Substances Used by Athletes: The lecture commenced by elucidating the various types of substances commonly used by athletes, including alcohol, performance-enhancing drugs (PEDs), recreational drugs, and prescription medications. The presenter outlined the motivations driving athletes' substance use and delineated the distinctions between different

categories of substances.

Psychological Effects of Substance Use: Attendees were provided with insights into both the short-term and long-term psychological effects of substance use on athletes. The lecture explored how substances can modulate mood states, impair cognition, and augment risk-taking behavior. Moreover, the presentation delved into the potential development of addiction or substance use disorder and elucidated how different substances may exert distinct impacts on psychological functioning.

Mental Health Implications: A significant portion of the lecture was dedicated to examining the mental health implications of substance use among athletes. Attendees gained an understanding of the correlation between substance use and mental health issues such as anxiety, depression, and personality disorders. The presenter underscored how substance use can exacerbate pre-existing mental health conditions and predispose athletes to the onset of new ones.

Performance Effects: The lecture also addressed the influence of substance use on athletic performance. Attendees were provided with insights into how substances may impact physical abilities, reaction time, coordination, and decision-making skills. The presenter emphasized the potential detrimental effects of substance use on performance, including heightened injury risks and career setbacks.

Risk Factors and Protective Factors: During the presentation, various risk factors and protective factors associated with substance use among athletes were identified. Attendees learned about individual, social, and environmental determinants that may heighten or mitigate the likelihood of substance use. Strategies for preventing substance use and fostering mental health and well-being in athletic populations were discussed.

Intervention and Support: Effective intervention approaches for addressing substance use and mental health issues among athletes were elucidated. The lecture underscored the importance of education, counseling, and peer support programs in bolstering athletes' well-being. Moreover, the need to destigmatize help-seeking behaviors and enhance accessibility to resources for athletes in need was emphasized.

Conclusion: In conclusion, the guest lecture provided a comprehensive exploration of the psychological effects of substance use on athletes' mental health and performance. Attendees gained valuable insights into the intricate interplay between substance use, mental health, and athletic performance, and were encouraged to reflect on the implications for their future roles in sports psychology, coaching, or athletic training.

Overall, the guest lecture was informative, engaging, and thought-provoking, fostering meaningful discourse among attendees. It underscored the imperative of adopting holistic approaches to athlete well-being and addressing substance use issues within the purview of mental health care.

The thirst of the Question asked by the students were drenched by the Dr. Ranjan Chakarvarty.

Title of the activity	Guest Lecture on Understanding and Managing Stress in College	**Level of Program**	Faculty Level
Focused Area	Understanding and Managing Stress in College	**Date of Activity**	27.05.2024
Name of the associated department	Department of Physical Education ,Faculty of Education, Swami Vivekanand Subharti University, Meerut	**Day**	Monday
Name and address of the guest speakers	Dr. Barkha Bhardwaj, assistant Professor, SRDA Girls PG College Hathras, Uttar Pradesh	**Time**	9:00- 11:00 AM
Total Participants	40	**Venue**	Seminar Hall, Faculty of Education, SVSU
Students	30	**Event Coordinator**	Dr. Mohd Salim Javed Assistant Professor Department of Physical Education
Teachers	10	**Report Prepared By**	Dr. Tusshar D. Alekar Assistant Professor Department of Physical Education
Others	-	**Activity organized by**	Faculty of Education, SVSU, Meerut

Objectives of the Activity: What is Stress is the body's response to any demand or challenge, which can be physical, mental, or emotional.

External Factors: Work-related pressures, relationship issues, financial problems, major life changes. Internal factors include negative self-talk, unrealistic expectations, perfectionism, and a lack of flexibility. Prioritize Tasks: Focus on completing high-priority tasks first. Break tasks into smaller steps. This can make large tasks more manageable and less overwhelming.

Set realistic goals: Avoid overcommitting, and learn to say no when necessary.

Description: Talk to Someone: Sharing concerns with friends, family, or a therapist can

provide relief and perspective. Connecting with others facing similar issues can be reassuring and offer practical advice. Information from diverse sources including critical thinking, information from diverse sources, including academic journals, databases and online repositories. Critical Reading and evaluation. Synthesizing information: students of Swami Vivekanand Subharti University gained insight into synthesizing information from multiple sources to develop coherent arguments and solutions. Prioritize Tasks: Focus on completing high-priority tasks first. Break Tasks into Smaller Steps: This can make large tasks more manageable and less overwhelming.

Set Realistic Goals: Avoid overcommitting and learn to say no when necessary. Techniques for organizing and integrating research findings were elucidated.

Relaxation Techniques: Progressive Muscle Relaxation (PMR): Tense and then slowly relax each muscle group in the body. Visualization: Imagine a peaceful scene or situation to create a sense of calm. Breathing Exercises: Practice deep, slow breathing to reduce tension and anxiety. The same techniques were told while taking Judo practical of the students in the University these techniques were told to improve the performance in sports while participating. The lecture explored about substances can modulate mood states impair cognition and augment risk-taking behaviour. Physical Education Department of Swami Vivekananda University in Seminar Hall Faculty of Education SVSU, Meerut. Dr Barkha Bhardwaj They discussed. Teachers of the Physical Education Department, Dr Deepak Raghav, Dr Salim Javed, and Dr Tushar Alekar, were also present to grasp the knowledge imparted.

The outcome of the Activity: The guest lecturer was engaging in academic performance and relationship Action and reaction. An effective coping mechanism and sports failure by positive Physical Education Department of Swami Vivekanand University in seminar hall faculty of Education SVSU.

Analysis of the Participant's Feedback: The questions asked by the students were answered by Dr. (Mrs.) Barkha Bhardwaj on how to deal with stress relief in our daily lives and improve the performance of the Judo participants.

Swachh Bharath Abhiyan: Health & Hygiene Awareness Program

The Department of Languages, Faculty of Arts and Social Science at Swami Vivekanand Subharti University, organized a **Health & Hygiene Awareness Program** at Uchha Prathmik Vidyalaya, Bohla, Rohta, Meerut on 2 July 2024. The program aimed to enhance community engagement, provide educational insights, and promote awareness on key issues affecting the local population. This initiative was a part of the university's outreach efforts to support the educational growth and awareness in rural areas, ensuring alignment with the National Education Policy (NEP) 2020's goal of inclusive education.

The Objectives of the Program were to provide basic educational guidance and tools to students of Uchha Prathmik Vidyalaya, to raise awareness about issues like health, hygiene, environmental conservation, gender equality, and the importance of education, especially for girls and to foster stronger relationships between the university and the local community by involving both students and teachers in collaborative learning activities.

It brought together students, teachers, and the community to work towards a common goal of societal improvement through education. This initiative is a testament to the university's commitment to the ideals of holistic education and community development.

Title of the Activity: Sensitization programme on "Wellness & Positive Mental Health" for Non- Teaching staff

Date of Activity: 09.04.2024 & 10.04.2024
Day: Tuesday and Wednesday
Time: 10:00 am to 11:00 am
Venue: Faculty of Dental Science

Resource person/ Guest Speaker: Dr. Rahul Bansal, Subharti Medical College

Objective of the Activity: To enhance emotional & mental wellbeing among non-teaching staff.

Description: Department of Oral Medicine & Radiology in collaboration with Wellness Centre, SVSU conducted a Guest lecture on the topic of "Wellness and Positive Mental Health and its Role in personal and professional life" for non-teaching staff of SDC under the able guidance of our dynamic Principal Dr. Nikhil Srivastava Sir and Dr. Nagaraju Kamarthi (Co-Chairman, Wellness Centre and Incharge, SDC). The Guest speaker was Dr. Rahul Bansal (Chairman, Wellness Center, SVSU). He explained the benefits of maintaining a positive approach towards life, how one should handle stress and understanding the value of having a high spiritual and emotional quotient. Also, apart from physical and mental health, spiritual wellbeing also plays a pivotal role in life and how it adds sense of purpose and meaning in life, including one's morals and ethics.

Outcome of the Activity: The staff found it an interesting interaction. They were motivated and inspired by the lecture. They agreed that further such session should be conducted and should include their family members.

Total Participants 89

Analysis of Participant's Feedback: The non-teaching staff members found it a very inspiring session. Their overall experience was good.

Description:-

Sardar Patel Subharti Law Institute, Swami Vivekananda Subharti University, Meerut Under the direction of Director of the Subharti Law College Mr. Rajesh Chandra (Former Justice, Prayagraj, High Court, Uttar Pradesh) and under the guidance of Prof. (Dr.) Vaibhav Goel Bhartiya, Dean, Subharti law college organized a Wellness Session on the topic "Positive Mental Health and Wellbeing.

Convener of the program Dr. Sarika Tyagi, requested Professor Dr. Reena Bishnoi to welcome the speaker of the program Dr. Rahul Bansal, Chairman wellness Center Swami Vivekananda Subharti Vishwavidyalaya, Meerut, further he was invited on the stage to address the Teachings and Non-Teaching Staff of the college. He said that Ability to Cope with Stress in Life is called as positive mental health. If you can maintain good mental health and well-being, you'll lead a life with less stress by adopting and following the tips, you'll be ready for any hard situation and though the situation is hard, you'll overcome it with ease. Mental and psychological well-being encompasses the way you feel about yourself, but also the way you deal with external situations and the quality of your relationships. It's important to remember that positive mental health is not simply the absence of mental health issues, such as depression or anxiety. Being mentally healthy is predominantly about the presence of positive characteristics such as a feeling of purpose, contentment, maintaining fulfilling relationships and participating in life to the fullest. After that he told that the law of karma holds that every action, physical or mental, has its own outcomes which must be faced either in this present life or in the lives to come. When we perform good deeds, it refers to good karmas and future happiness and bad karma results when we do bad actions or deeds. Why positive mental health is important? Positive mental health allows you to enjoy all the activities you want to participate in. Foster positive mental health and adopt a more positive mental attitude and take care of your physical needs, Make time for social connection, Exercise, physical activity and positive mental health, Use positive words to boost your mental health. At the end of the program vote of thanks was given by Dr. Sartaj Ahmad, Associate Professor Subharti Law College

The Outcome of the Activity:-

- Participants were become aware about Positive Attitude and Mental Health
- Participants become aware about theory of Karma.

Report of
SEVEN DAY/NIGHT NSS SPECIAL CAMP - 2024
15th MARCH -21st MARCH 2024

National Service Scheme (NSS) is a Central Sector Scheme of the Government of India, Ministry of Youth Affairs and Sports that provides the opportunity for studentsto take part in various government programs and camps. This expresses the essence of democratic living, upholds the need for selfless service and appreciation of the other man's point of view, and underlines that the welfare of the individual is ultimately dependent on the welfare of society asa whole. Therefore, it should be theaim of the NSS to demonstrate this motto in its day-to-day programs.

Description:"Biodiversity Day " on 22 May 24 was celebrated by Panna DhaiMaaSubharti Nursing College and Environment committee Swami VivekanandSubharti University Meerut. In this programme two eventswere organised as Plantation drive and Poster competition. The programme was initiated by the lighting of lamp in front of Goddess Sarasvati at 10:00 am followed by Sarasvati Vandana by the Pdmsncstudents. The programme was attended by the students from different constituted college of SVSU, faculty members of PDMSNCollege,SVSU, Meerut and Dr Mahek ,Dr tripti ,Lab technician and staff nurse of RohtaChc. In this program 50 students from colleges were participated in all two different events.

Outcome of the Activity: This program is helpful to create awareness related toBiodiversity ecological system and effect of climate change on health and life including water bodies, air and soil. As have been degraded since the 1700s, and we are losing Biodiversity three times faster than forests. Yet, biodiversity are critically important ecosystems that contribute to biodiversity, climate mitigation and adaptation, freshwater availability, world economies and more. So it is an urgent need to react and save the water bodies from further degradation. Keeping this view this one-day program has been organised by the university

Their dedication ensured the program's success. This program successfully organized under the guidance of **Dr. Geeta Parwanda Dean & Principal**, expressed her satisfaction with the event's outcome, emphasizing the need for continued awareness campaigns to reduce stigma and promote mental health well being.

PANNA DHAI MAA SUBHARTI NURSING COLLEGE

SWAMI VIVEKANAND SUBHARTI UNIVERSITY

REPORT ON WORLD NO TOBACCO DAY

Date: 01-06-2024

Theme: "Protecting Children from Tobacco Industry Interference"

Time: 10-12 Pm

Venue: Community Area (Vill. - Baleni), Meerut

Organizers: Department of Community Health Nursing and GNM Ist yr. Students

This Year World No Tobacco Day (31st-May-2024), focusing on "Protecting Children from Tobacco Industry Interference."

"World No Tobacco Day 2024 will give a platform to young people across the world, who are urging governments to shield them from predatory tobacco marketing tactics. The industry targets youth for a lifetime of profits, creating a new wave of addiction. Children are using e- cigarettes at rates higher than adults in all regions and globally an estimated 37 million youthaged 13–15 years use tobacco."

PROGRAMME ACTIVITIES: *On June 1, 2024, our community Health Nursing Department organized an Anti-Tobacco Day event in the Community area Village- Baleni. The primary aim of this event was to educate and raise awareness among the villagers about the dangers and harmful effects of tobacco use and to promote a tobacco-free lifestyle. Event Highlights: Nukkad Natak (Street Play): The event began with a powerful Nukkad Natak performed by GNM-1st Year Students (21 Students Participated). The play shows the harmful effects of tobacco on health, focusing on real-life stories and the impact on families. The engaging performance attracted a large crowd, making it an effective way to spread the massage through Nukkad Natak along with Posters.*

INTERACTIVE SESSIONS: ***We organized interactive sessions where GNM-IST Yr. students discussed the ill effects of tobacco consumption. They highlighted how tobacco can cause various diseases, including cancer, heart disease, and respiratory problems.***

GUEST LECTURE ON "ROLE OF MEDITATION IN PEACE & TRANQUILITY OF MIND"

A guest lecture on **"ROLE OF MEDITATION IN PEACE & TRANQUILITY OF MIND"** was organized at the Maharishi Aurobindo Subharti College & Hospital of Naturopathy & Yogic Sciences College, Swami Vivekanand Subharti University for the BNYS & MD students.

- Date & Day: 2nd December 2023 (Saturday)
- Time: 10:00 AM -11:00 AM
- Venue: Yoga Hall, MASCHNYS (SVSU).
- Total no. of participants:

Dr. Jyoti Madhur was the overall- coordinator of this workshop.

Dr. Praveen Kumar, Associate Professor from the Department of Buddhist Studies was the speaker of this lecture.

He speaks about the Basic Introduction to Meditation which is a practice that involves focusing or clearing your mind using a combination of mental and physical techniques. Depending on the type of meditation you choose, you can meditate to relax, reduce anxiety and stress, and more.

He also talks about Anapanasati, how to practice it, the result of practicing Vipassana meditation & its effect on social life.

Vipassana meditation is a Buddhist technique for ten days. Buddha was a great Psychologist who understood the minds of people. It helps to reduce stress and anxiety and enhance self-awareness and empathy. "When practiced properly, the practice does not just lead to a temporary blissful experience but to a profound experience of truth realization."

Education Tour to Central Research Institute of Yoga and Naturopathy Dever Khana Jhajjar Haryana

- Maharishi Aurobindo Subharti College and Hospital of Naturopathy & Yogic Sciences organized an educational tour for all BNYS Students and MD 2nd Year (Batch 2022) to Central Research Institute of Yoga and Naturopathy Dever Khana Jhajjar Haryana" on 25th February 2024.

- They welcome the students with a welcome drink and refreshments after that they visit the hospital campus where they see the male & female treatment section, hospital rooms, Thai massage section, the reflexology area, the physiotherapy section, the herbal garden, and the Hospital's new building.

- The Director of CCRYN Dr. Ragavendra Rao shared his experience with the students in the Naturopathy field, and he said that Naturopathic medicine is a system that uses natural remedies to help the body heal itself. It embraces many therapies, including herbs, massage, acupuncture, exercise, and nutritional counseling.

- He also said that naturopathic medicine is to treat the whole person -- that means mind, body, and spirit. It also aims to heal the root causes of an illness -- not just stop the symptoms.

- Dr. Adil (Asst. Professor) is the overall coordinator of the educational tour. The total number of students who participated was 49 UG and 3 PG.

Report on

Maharani Aurobindo Subharti College & Hospital of Naturopathy & Yogic Sciences in association with the University Environment Committee conducted a Yoga session for the ANM & GNM students of Panna Dhai Maa Subharti Nursing College to celebrate "**INTERNATIONAL DAY OF YOGA WEEK"**

- Date: 18th June 2024
- Time:9:00-10:00 AM
- The total No. of participants was 54.
- Dr. Jyoti Madhur, Lecturer was the overall coordinator of the activity.

The session starts with brief introduction of Yoga, it is fantastic for both physical and mental well-being. Whether you're practicing yoga poses (asanas), breathing exercises (pranayama), or meditation, each element contributes to a holistic approach to health. After that they have learned and practice various Asana like Pawanmuktasana, Tadasana, Paschimotasana, Pranayama like Sheetali & Sadanta, and relaxation techniques and Surya Namaskar.

Yoga asanas, or poses, are a central component of yoga practice. They encompass a wide range of postures that promote flexibility, strength, balance, and overall physical well-being. Here are a few common yoga asanas and their benefits:

1. **Tadasana (Mountain Pose)**: Improves posture, strengthens thighs, knees, and ankles.
2. **Adho Mukha Svanasana (Downward-Facing Dog Pose)**: Stretches shoulders, hamstrings, calves, and strengthens arms and legs.
3. **Virabhadrasana (Warrior Poses)**: Enhances stamina, balance, and strengthens legs, arms, and core muscles.
4. **Sukhasana (Easy Pose)**: Promotes inner calm, opens hips, and improves seated posture.
5. **Balasana (Child's Pose)**: Relaxes the back, neck, and shoulders, aids digestion, and reduces stress and fatigue.

Practicing these poses regularly can bring about physical benefits while also helping to cultivate mindfulness and a sense of inner peace.

Report on the Workshop: "Role of Positive Mental Health and Wellness in Career Formation"

Organised by: **Nandlal Bose Subharti College of Fine Arts and Fashion Design**
Under the Aegis of: **Subharti Wellness Centre**
Date: **September 16, 2023**

The workshop on "Role of Positive Mental Health and Wellness in Career Formation," held on September 16, 2023, at Nandlal Bose Subharti College of Fine Arts and Fashion Design, proved to be an enlightening and enriching experience for the students of Batch 2023. The workshop aimed at providing insights into the critical interplay between mental health, overall wellness, and career development.

The sessions were conducted by distinguished experts in the field. Dr. Rahul Bansal, Chairperson of the Wellness Committee and Professor from the Community Medicine department at Subharti Medical College, shared profound insights into the importance of mental well-being in shaping successful careers. Dr. Seema Sharma, a clinical psychologist from Subharti Medical College, delved into practical strategies for maintaining positive mental health in the face of career challenges. The workshop saw active participation, with a total of 55 students from Batch 2023 attending the sessions. The students represented various programmes and disciplines, reflecting the universal relevance of the workshop's theme.

The seamless coordination of the workshop was ensured by Dr. Neha Singh, a member of the Wellness Committee and the Head of the Department of Fashion, Textile, and Interior Design. Under the able supervision of Prof. (Dr.) Pintu Mishra, the Dean and Principal of Nandlal Bose Subharti College of Fine Arts and Fashion Design, the workshop achieved its objectives with precision and effectiveness. The workshop covered a spectrum of topics, including stress management, emotional intelligence, and mindfulness techniques tailored to the unique challenges of career formation. The engaging presentations, interactive discussions, and practical exercises facilitated a holistic understanding of the subject matter.

Post-workshop feedback indicates a highly positive response from the students. Many expressed gratitude for the practical tools provided, emphasizing the immediate applicability of the strategies discussed in their academic and career pursuits.

In conclusion, the workshop on The "Role of Positive Mental Health and Wellness in Career Formation" was a resounding success. It not only imparted valuable knowledge but also fostered a culture of well-being and resilience among the students. The efforts of the organising committee, the expertise of the speakers, and the active participation of the students collectively contributed to the success of this insightful event.

Acknowledgment:
The organisers extend sincere thanks to Dr. Rahul Bansal, Dr. Seema Sharma, and all the participants for making this workshop a meaningful and impactful experience.

Report

Free Cancer Health Check-Up Camp

Keral Verma Subharti Science College (Department of Chemistry) in collaboration with Subharti Cancer Hospital organized a free cancer health check-up camp on 01 November 2023 at village Chudiyala, District Ghaziabad under the supervision of Prof. (Dr.) Renu Mavi, Dean of Faculty of Science. The main objective of this outreach activity was to increase awareness about the causes, symptoms and preventive measures related to different types of cancer. Under this initiative, free medical check-up was provided to all sections of Chudiyala villagers so that early symptoms of cancer could be detected and treatment could be started at the right time. Free dental checkup and screening of various types of cancers were provided in this camp. During the camp, trained health professionals conducted physical examinations for various types of cancer. They are aligned for further treatment or follow-up care, if needed. Doctors from Subharti Hospital and students from the Chemistry Department also provided education on cancer resistance. Through this event, an effort was made to make the residents of Chudiyala village understand the important role of health checkups and to raise awareness about cancer.

Senior Oncologist and Director Cancer Wing Subharti Medical College and Hospital Dr. Anurag Srivastava was the main speaker & support in this program. He talked about cancer diseases and their symptoms, prevention and treatment. He also talked about the modern technology in the field of cancer diseases. In this program, Assistant Professor of Chemistry Department, Dr. Ankita Agarwal, Dr. Abida, Dr. Preeti Singh, Ms. Nisha and 10 team members of Subharti Hospital including three Dentists Dr. Mohnish Muchhal, Dr. Kanika Vats, Dr. Sanjeev. Kumar Rai, two Gynaecologists Dr. P. Vinusha, Dr. Berkha, two Surgeons Dr. Shekhar, Dr. Utkarsh, A Senior Public Relations officer Mr. Pradeep Kumar, A PRO supervisor Mrs. Anjali Bhatnagar and staff nurse Ms. Neha were included. Students of the Department of Chemistry, Zoology and Forensic Science of Keral Varma Subharti College of Science and local villagers were present and contributed in the program.

Health Camp

A health camp was organized on 28.04.2024 to 29.04.2024by the Department of marketing, Swami Vivekananda Subharti University atSt. Patrick School Meerut.

The main objective of the program was to provide health services to the community in form of expert consultation & diagnosis of the common disease, proper treatment advice along with free medication and even guidance to consult tertiary care centre for further investigation and consultation to the population at large.

The programme had active participation of:

1. Dr. Aaakash Arora -Department of Medicine
2. Dr Awan Verma -Department of Medicine

The team was assisted with 3interns of MBBS (_2019___) Batch namely

Activity - Doctors told that the child should get the vaccine of BCG, hepatitis B as soon as possible and should get regular vaccinations for five years. If the child has diarrhea, give him a solution of ORS. Women and adolescent girls should take special care of their food. For example, pulses, spinach, seasonal fruits, curd, milk, matta gram, jaggery dates, etc. should be eaten Cleanliness should be taken care of during pregnancy. Dr. Surendra Kaur LMO and Dr. Babita also told important things related to nutrition and to consult at the center in case of any problem.

The meeting was attended by 212 patients . Sudheer kumar and Rahul Kumar had special contribution in making the Health Camp .

SWAMI VIVEKANAND SUBHARTI UNIVERSITY™
Approved by UGC
Where Education is a Passion...
ACCREDITED WITH GRADE A NAAC

University's Contribution towards Achieving SDG 3: Good Health and Well-Being

3.3.3 SHARED SPORTS FACILITES IN THE UNIVERSITY'S CAMPUS:

Subharti University firmly upholds that sports and physical education are essential to holistic learning and personal development. The University has established comprehensive indoor and outdoor sports facilities that nurture physical fitness, teamwork, discipline, and mental well-being among students. These facilities, accessible to both boys and girls, operate under the supervision of qualified coaches and physical education instructors.

Aligning with Sustainable Development Goal 3 (Good Health and Well-Being), all sports infrastructure and programs are designed to foster active lifestyles, reduce academic stress, and build resilient, health-conscious individuals.

Indoor Sports Facilities:

- **Badminton Court**

Equipped with wooden flooring, standard lighting, and comfortable seating, the indoor badminton courts host regular inter-faculty and inter-university tournaments, promoting fitness, competitive spirit, and sportsmanship.

- **Table Tennis Hall**

Professional-grade tables, rackets, and accessories create a conducive environment for recreational play and performance improvement through guided coaching sessions.

- **Carom Room**

A dedicated space where students engage in recreational indoor games to enhance concentration, coordination, and teamwork while relaxing in a stress-free setting.

- **Chess Room**

This calm and focused environment supports intellectual development through chess training and competitions, fostering strategic thinking and mental agility.

- **Boxing Hall**

A fully equipped facility with protective gear, punching bags, and a professional boxing ring. Expert trainers guide students in building strength, confidence, and discipline.

- **Yoga Hall**

A serene area dedicated to yoga, meditation, and mindfulness practices. Certified instructors conduct regular sessions that enhance flexibility, mental clarity, and emotional balance, aligning perfectly with SDG 3 objectives.

- **Judo & Wrestling Hall**

Fitted with mats, safety padding, and specialized equipment, this zone supports both traditional and modern grappling forms, improving students' agility, strength, and balance.

- **Gymnastics & Aerobics Hall**

Designed for rhythmic movement and cardiovascular health, the hall hosts aerobics, dance fitness, and flexibility training programs with modern apparatus for gymnastics and floor exercises.

- **Weight Training Hall**

A modern fitness facility equipped with advanced machines and free weights. Individualized fitness programs are offered under expert supervision to promote endurance and muscle strength.

- **Girls' & Boys' Gyms**

Separate, fully equipped gyms ensure privacy and convenience. Both include cardio and strength-training equipment, managed by professional trainers for safe and efficient workouts.

Outdoor Sports Facilities:

- **Track & Field Arena**

A standard athletic track supports events like sprints, long-distance running, long jump, shot put, and discus throw. Annual meets and training sessions help identify and nurture athletic talent.

- **Football Ground**

A full-sized turf ground with floodlights hosts training and competitive matches, fostering endurance, teamwork, and leadership among participants.

- **Handball Court**

Built to national standards, the court enables regular practice and inter-college tournaments, promoting agility and coordination.

- **Tennis Court**

Modern synthetic courts provide spaces for recreational and professional practice, with coaching programs preparing students for district- and state-level competitions.

- **Basketball Court**

Well-lit, standard-size courts facilitate both practice and inter-university matches, encouraging physical fitness and collaborative gameplay.

- **Volleyball Court**

Multiple courts meet competitive standards and support both intramural and state-level events, inspiring active participation and inclusive engagement.

ACCREDITED WITH GRADE A NAAC

University's Contribution towards Achieving SDG 3: Good Health and Well-Being

3.3 Collaborations and Health Services

3.3.4 University as a body provide students access to sexual and reproductive health-care services including information and education services

The University successfully carried out a number of outreach and extension initiatives to advance wellness, community care, and preventive health awareness in line with the UN Sustainable Development Goal 3: Good Health and Well-Being.

In an effort to address concerns like mental health, cancer awareness, hygiene, stress management, and lifestyle disorders, the University's constituent colleges and institutes have arranged wellness sessions, medical camps, health education programs, awareness drives, and sensitization workshops. In order to provide health information and services outside of campus, several projects were carried out in partnership with medical experts and social organizations.

In collaboration with the Subharti Institute of Cancer Management and Research and Anandi Sheros, Jyotirao Phule Subharti College of Physiotherapy, which is a part of Swami Vivekanand Subharti University, arranged an Awareness Programme on Breast Cancer on October 16, 2023, with the goal of enhancing community involvement and raising awareness of preventive health.

The program's objectives were to inform staff and students about breast cancer prevention, symptoms, and early identification while highlighting the need of physical therapy in post-mastectomy rehabilitation. A cancer survivor's inspirational speech encouraged attendees to support community welfare and health awareness.

By developing a culture of wellbeing, empathy, and health consciousness among students and the community, the University continues to fulfill its social responsibility and makes a significant contribution to the achievement of SDG-3.

Description:

A Breast Cancer Awareness Program was organized on 16th October 2023 by Jyotirao Phule Subharti College of Physiotherapy in collaboration with the Subharti Institute of Cancer Management and Research and *Anandi Sheros*.

The program commenced with the lamp lighting ceremony, followed by a warm welcome to the esteemed guests. The event was graced by Dr. Anurag Shrivastava, Director, Subharti Institute of Cancer Management and Research; Dr. Arun Kumar Verma, Head, Subharti Institute of Cancer Management and Research; Prof. (Dr.) Jasmine Anandabai, Dean & Principal, Jyotirao Phule Subharti College of Physiotherapy; and Ms. Sarika Rana, Cancer Survivor, Team Anandi Sheros.

The speakers highlighted the importance of breast cancer awareness, early detection, and preventive measures. Ms. Sarika Rana shared her inspiring journey as a cancer survivor, motivating students and faculty to contribute towards spreading awareness and supporting those affected by cancer.

The program was co-ordinated by Dr. Uzma Khan, Assistant Professor, Jyotirao Phule Subharti College of Physiotherapy. The event concluded with an interactive session and a vote of thanks, marking a successful initiative towards promoting health awareness.

Outcome of the Activity:

1. The participants gained enhanced awareness about breast cancer, its early detection methods, and preventive strategies.
2. Students understood the vital role of physiotherapy in rehabilitation and recovery of breast cancer patients.
3. The motivational session by the cancer survivor encouraged positive attitudes toward cancer awareness and support initiatives.
4. The program fostered collaboration and interaction between students, faculty, and healthcare experts from the Subharti Institute of Cancer Management and Research and Anandi Sheros.
5. Overall, the event successfully promoted health education and social responsibility among the participants.

TALK ON (Personal) Menstrual Hygiene

Venue-. Adarsh Nagric Inter College, Khajuri, Meerut.

Participants- Dr.Akshita Yadav JR Department of Community Medicine, Subharti Medical College, Meerut.

Volunteer Medical Students – Miss. Apoorva Singh, Miss. Ayushi Regal, Miss. Ruchi Singh,

Miss. Rushda, Miss. Sneha.

On 29 august 2024 a health awareness talk was organized on personal hygiene and menstrual hygiene

This event was organized by the girls of MBBS Students for 11th and 12th stander of Adarsh nagrik inter college Khajuri Dr. Akshita Rohit Yadav JR Department of Community Medicine, Subharti Medical College, Meerut emphasized on the impotence of maintaining personal hygiene of girls during period by bathing with hot water, using menstrual pads or cups, avoiding coffee and soft drink and heaving foods like fresh fruits and vegetables during menstrual periods. She also talked about proper disposal of sanitary menstrual pads in newspaper in the dustbin and not flushing them because it can clog the toilets and drains and can cause environmental pollution. She also consult the girls about providing emotional support by the family of the girls during periods and to perform some light exercises and walking during periods. The social stigma and taboo regarding periods should be removed from the society and periods should be normalized. The girl and women should not feel shameful during periods because it is normal process. if a girl is experiencing any menstrual period related problem, like increased or descries frequency of periods, light or heavy bidding or irregular bleeding, then she should consoled to the gynecologist as soon as possible.

AIDS DAY

World AIDS Day Awareness Program Conducted at Kalavati School (conducted by UHTC Multanagar Department of Community Medicine Subharti Medical College)

On the occasion of World AIDS Day, an awareness program was organized by Urban Health and Training Center of department of community medicine at Kalavati School multanagar on 2/12/24 The programme was organised by Dr. Bhawana Pant (professor and Head of Department of community medicine) and Dr. Varsha Chaudhary (Professor, MOIC, UHTC), the session was taken by Dr. Rahul Bansal (professor , advisor department of community medicine). A gathering of 60-70 students, aged approximately 16 years were educated about HIV/AIDS prevention and healthy living.

Students were emphasized upon the importance of avoiding risky behaviors, such as unsafe sexual contact and the reuse of needles or blades. Additionally, Dr. Rahul Bansal advised students to adopt a balanced lifestyle, including consuming native fruits, maintaining a nutritious diet, getting adequate sleep, and avoiding excessive screen time, particularly scrolling through social media late at night.

Students eagerly participated, asking about HIV/AIDS prevention, signs and symptoms, diagnostic methods, and dietary recommendations. Dr. Rahul Bansal answered their questions with clarity, earning the trust and gratitude of the students. As a token of encouragement, Red Cross badges were awarded to students who actively participated. The program successfully raised awareness and motivated students to adopt healthier lifestyles, reflecting the commitment of the medical team to community health education.

Lady Medical Officer Dr. Usha Minhas, along with interns Dr. Achyut, Dr. Faizal, and Dr. Shreya, as well as naturopathy interns and staff, were present on stage to assist in addressing students' queries.

The program's success was also made possible by the effective contributions of Mr. Virender, Mrs. Kusum, and Mrs. Anju, who worked diligently to ensure the required arrangements were in place.

University's Contribution towards Achieving SDG 3: Good Health and Well-Being

3.3. Collaborations and Health Services

3.3.5 University as a body provide students with access to Mental Health Support:

In keeping with the UN Sustainable Development Goal 3: Good Health and Well-Being, The University in Meerut is organizing a number of programs to support the mental, emotional, and physical wellness of its faculty, staff, and students. Under the direction of the Subharti Wellness Center, several constituent colleges, which include the Faculty of Dental Sciences, Subharti Medical College, Nandlal Bose Subharti College of Fine Arts and Fashion Design, and Kharvel Subharti College of Pharmacy, provided lectures on wellness and spirituality, stress management programs, meditation workshops, and sensitization sessions.

The purpose of these activities was to create awareness of holistic well-being, positive lifestyle choices, and mental health. In order to play a major role in the achievement of SDG-3, the University is still dedicated to fostering a safe, welcoming, and encouraging environment that fosters resilience, emotional equilibrium, and happiness.

Report prepared by	:	Dr. Sarika Tyagi, Member of Wellness Committee, Faculty of Law, S.V.S. University, Meerut

Objectives of the Activity:-

- To make aware about Positive Attitude and Mental Health
- To make aware about Self-reliant.

Description:-

Sardar Patel Subharti Law Institute, Swami Vivekananda Subharti University, Meerut Under the direction of Director of the Subharti Law College Mr. Rajesh Chandra (Former Justice, Prayagraj, High Court, Uttar Pradesh) and under the guidance of Prof. (Dr.) Vaibhav Goel Bhartiya, Dean, Subharti law college organized a guest lecture on the topic "Positive Mental Health and Wellbeing.

Convener of the program Dr. Sarika Tyagi, counselor of Wellness Cell, Subharti Law Institute, welcome the speakers of the program Dr. Seema Sharma (Clinical Psychologist) Psychiatry Department, Swami Vivekananda Subharti Vishwavidyalaya, Meerut, She was invited on the stage to address the Student she said that Ability to Cope with Stress in Life is called as positive mental health. If you can maintain good mental health and well-being, you'll lead a life with less stress by adopting and following the tips, you'll be ready for any hard situation and though the situation is hard, you'll overcome it with ease. Mental and psychological well-being encompasses the way you feel about yourself, but also the way you deal with external situations and the quality of your relationships. It's important to remember that positive mental health is not simply the absence of mental health issues, such as depression or anxiety. Being mentally healthy is predominantly about the presence of positive characteristics such as a feeling of purpose, contentment, maintaining fulfilling relationships and participating in life to the fullest. After that she told that why positive mental health is important? Positive mental health allows you to enjoy all the activities you want to participate in. It doesn't mean you will never be sad or go through emotionally-challenging times. However, those with positive mental health will be able to bounce back more easily from these experiences this is called mental resilience. Foster positive mental health and adopt a more positive mental attitude and take care of your physical needs, Make time for social connection, Exercise, physical activity and positive mental health, Use positive words to boost your mental health. At the end of the program vote of thanks was given by Dr. Sarika Tyagi, Associate Professor Subharti Law College

REPORT: Sensitization programme on

"Positive Mental Health"

Date of Activity (From-To) (DD/MM/YYYY) : 07/09/2023 and 6/10/2023

Time: 07/09/2023 10 am to 12:00 am

06/10/2023 12:00noon -1:00pm

Venue: Faculty of Dental Sciences

Resource person/ Guest Speaker: Dr. Rahul Bansal, Subharti Medical College

Objective of the Activity: To enhance emotional and mental wellbeing of the students.

Description: Department of Oral Medicine & Radiology in collaboration with Wellness Centre, SVSU conducted a Guest lecture on the topic of "Positive Mental Health and its role in Career enhancement" for our budding dentists (BDS batch 2023 students) under the able guidance of our dynamic Principal Dr. Nikhil Srivastava Sir and Dr. Nagaraju Kamarthi (Co-Chairman, Wellness Centre and Incharge, SDC). The Guest speakers were Dr. Rahul Bansal (Chairman, Wellness Center, SVSU). He explained the benefits of maintaining a positive approach towards life, how one should handle stress and understanding the value of having a high spiritual and emotional quotient. It was an insightful session in which students participated enthusiastically. The session was followed by the student's visit to Wellness Centre, SVSU on 6th Oct2023. Here, Dr Nagaraju K. briefed the students. They were explained that they can look up to Wellness centre experts for their help in case of emotional/ interpersonal stress/ or any kind of difficult situation which they find difficult to handle.

Outcome of the Activity: The students showed full enthusiasm and participated whole heartedly. They were motivated and inspired by the lecture. Few students have also given their personal queries.

Total Participants 100

Students 100

Teachers 3

Analysis of Participant's Feedback: The students find it a very insightful and motivational session. They agreed that the lecture brought positivity in their thoughts and suggested that similar type of lectures should be conducted in future. Their overall experience was good.

Notice: Workshop on "Role of Positive Mental Health and Wellness in Career Formation"

Dear Students of Batch 2023,

This is to inform you all that there is a workshop on the "Role of Positive Mental Health and Wellness in Career Formation" specially designed to benefit all students of the Batch 2023. This workshop aims to equip you with essential skills and insights that will play a crucial role in your career development and overall well-being.
Details of the workshop are as follows:

Date: 16th September 2023
Time: 9:00 am to 12:00 pm
Venue: Amrita Shergill Conference Hall

The workshop will feature sessions led by an expert in the field, who will provide valuable guidance and strategies to enhance your mental health and wellness, ultimately contributing to a successful career journey. This workshop is mandatory for all students from the Batch of 2023, regardless of your program of study. We believe that investing in your mental health and well-being is fundamental to achieving your academic and career goals. Please make every effort to attend this important workshop and arrive on time to make the most of this opportunity.
We look forward to your active participation in the workshop and hope to see you there!

Dr. Neha Singh
Member, Wellness Centre (SVSU)
Head, Deptt. of Fashion, Textile & Interior Design
NBSCFF, SVSU

Report on the Workshop: "Role of Positive Mental Health and Wellness in Career Formation"

Organised by: **Nandlal Bose Subharti College of Fine Arts and Fashion Design**
Under the Aegis of: **Subharti Wellness Centre**
Date: **September 16, 2023**

The workshop on "Role of Positive Mental Health and Wellness in Career Formation," held on September 16, 2023, at Nandlal Bose Subharti College of Fine Arts and Fashion Design, proved to be an enlightening and enriching experience for the students of Batch 2023. The workshop aimed at providing insights into the critical interplay between mental health, overall wellness, and career development.

The sessions were conducted by distinguished experts in the field. Dr. Rahul Bansal, Chairperson of the Wellness Committee and Professor from the Community Medicine department at Subharti Medical College, shared profound insights into the importance of mental well-being in shaping successful careers. Dr. Seema Sharma, a clinical psychologist from Subharti Medical College, delved into practical strategies for maintaining positive mental health in the face of career challenges. The workshop saw active participation, with a total of 55 students from Batch 2023 attending the sessions. The students represented various programmes and disciplines, reflecting the universal relevance of the workshop's theme.

The seamless coordination of the workshop was ensured by Dr. Neha Singh, a member of the Wellness Committee and the Head of the Department of Fashion, Textile, and Interior Design. Under the able supervision of Prof. (Dr.) Pintu Mishra, the Dean and Principal of Nandlal Bose Subharti College of Fine Arts and Fashion Design, the workshop achieved its objectives with precision and effectiveness. The workshop covered a spectrum of topics, including stress management, emotional intelligence, and mindfulness techniques tailored to the unique challenges of career formation. The engaging presentations, interactive discussions, and practical exercises facilitated a holistic understanding of the subject matter.

Post-workshop feedback indicates a highly positive response from the students. Many expressed gratitude for the practical tools provided, emphasizing the immediate applicability of the strategies discussed in their academic and career pursuits.

In conclusion, the workshop on The "Role of Positive Mental Health and Wellness in Career Formation" was a resounding success. It not only imparted valuable knowledge but also fostered a culture of well-being and resilience among the students. The efforts of the organising committee, the expertise of the speakers, and the active participation of the students collectively contributed to the success of this insightful event.

Acknowledgment:
The organisers extend sincere thanks to Dr. Rahul Bansal, Dr. Seema Sharma, and all the participants for making this workshop a meaningful and impactful experience.

Name of the Associated Faculty/College/Department/Outside Agency	Faculty of Pharmacy, Kharvel Subharti College of Pharmacy	Time	11:00AM
Name and address of Guest Speaker	Mr. Pranay Kumar	Venue	Kharvel Subharti College Of Pharmacy
Total Attendees	72	Organizing Coordinator(s)	Dr. Garima Verma
Students	56	Report Prepared by	Mr Deepak Aswal
Teachers	16		
Non-Teaching Staff	-		
Others (Specify)	-		

Objective of the Activity:

To conduct a workshop on unique and universal method of meditation so that student can learn the need of hour for better, efficient, tension free, managed, happy, enjoy full and meaningful life

Description:

A relaxing session with workshop on meditation was organized with students and Faculty of Pharmacy in which 56 students and 20 faculties were participated. The workshop was very informative and participant also learned to practice the meditation.

Introduction:

Meditation has important role in holistic and complete development of human personality.

Meditation is actually the part of yoga(Subtle from of yoga or Mansik yog) which is basically path to achieve self realization which is the ultimate aim of human life. Apart from this, by doing meditation practice, actually an individual can develop beautiful art of living.It can enables individual to live with efficient, tension free, managed and happy life style. India has profound legacy in field of yoga and meditation. As the practice of Yog is not bound by caste, creed, religion etc, it may be practiced by one and all which help to create social harmony and tension free happier family life. It further contributes to enhance skill, efficiency and creativity of practitioners that are very essential for students and professionals.

If students and professionals learn and follow the art of this unique method of concentration & meditation then they can also achieve more efficiency, happiness, ability to handle different problems with positive thoughts, managed and tension free life with human values.

Highlights of the Programme:

1. Introduction about meditation
2. Need of meditation for students and professionals.
3. Development of different Core skill of student and professional life through meditation.
4. Introduction and Methodology of unique and universal method of meditation the "AnandYog" A Divine Science.
5. Demonstration and workshop on AnandYog concentration & Meditation Practice.

Outcomes of the Activity:

After completion of programme, students learn-

1. The importance of meditation in student life.
2. Art of self motivation.
3. The art & techniques of an unique and universal method meditation.
4. How efficiency can be increased.

5. Capacity building and interest generation.

6. Time management & Life management.

7. How to live tension free life.

8. Art of living peacefully and happily.

9. Art of increasing thinking capacity and memory power.

10. Development of noble and positive thoughts with attitude of service and humanity necessary for professional life.

11. How to become mentally strong to cope up with any situation of life.

12. How to develop will power for success.

13. How to add good qualities in life.

14. Habit of sound sleep.

15. Success Mantra through Meditation

Analysis of Participant's Feedback:

The workshop was well defined with practical session. It was very helpful Session for Students and Faculty Members. Participants was able to understand the power of meditation.

Report on Guest Lecture

Topic: Importance of Mental Wellness and Techniques to Achieve It
Speaker: Dr. Seema Sharma, Sr. Consultant, Clinical Psychologist, Department of Clinical Psychology
Organized by: Department of Languages, Faculty of Arts and Social Sciences, Swami Vivekanand Subharti University, Meerut
Venue: Lecture Hall, Faculty of Arts & Social Sciences, 3rd Floor of Law College
Participants: Students – 11 | Faculty – 10

A Guest Lecture on "Importance of Mental Wellness and Techniques to Achieve It" by **Dr. Seema Sharma**, Senior Consultant, Clinical Psychologist, Department of Clinical Psychology, was organized for the students of the **Department of Languages**, Faculty of Arts and Social Sciences, SVSU during Students Induction Program from 7th Aug. 2023 to 12th Aug. 2023

The session aimed to help students develop and maintain strong relationships, cultivate emotional balance, and achieve an overall sense of contentment. It was an **interactive session** where Dr. Seema Sharma, through real-life case examples, explained how to **identify early signs of poor mental well-being** and how to address them with **empathy and care** before they intensify.

She emphasized that in today's fast-paced life, students often suffer from stress caused by uncontrollable circumstances, which adversely affects their physical and mental health. To overcome such avoidable stress, one must practice **self-control, mindfulness, and positive thinking**. She highlighted that challenges are part of life, but true wisdom lies in handling them sensibly and calmly. A person who maintains composure during adversity remains free from unnecessary stress.

Dr. Sharma also informed students about the **Wellness Centre** located within the University campus, where they can seek professional counseling and mental health services when needed.

Objectives of the Program

1. To create awareness about the importance of mental wellness among students and faculty members.
2. To help participants identify the symptoms of stress, anxiety, and emotional burnout.
3. To impart practical techniques for maintaining emotional balance and resilience.
4. To encourage students to seek professional help without stigma when required.
5. To promote the use of the University Wellness Centre for counseling and mental health support.

Outcomes of the Program

1. Participants gained a deeper understanding of the need for mental wellness in academic and personal life.
2. Students learned practical coping strategies for managing stress and emotional challenges.
3. The session encouraged open discussion about mental health, reducing hesitation and stigma.
4. Faculty members became more aware of how to support students showing signs of stress.
5. Increased awareness about the University Wellness Centre and its available services.

PANNA DHAI MAA SUBHARTI NURSING COLLEGE

REPORT

Wellness centre at Swami Vivekannd Subharti University is proactive in conducting regular lecture and workshops on **"positive health & tips to how to Allay Anxiety"** for all students of university under the leadership of Dr. Rahul Bansal (chairman, wellness centre).

It is an interesting blend keynote lecture by resource person of wellness centre and an interactive session.

This session have been successfully complete at Panna Dhai Maa Subharti Nursing College for B.Sc (N) &GNM 2023 Batch. Total 150 students attended this lecture. The lecture of **"positive health & tips to how to Allay Anxiety"** was held on 2nd August 2023under the able guidance of our dynamic principal Dr. Geeta Parwanda mam. The resource person was Dr. Rahul Bansal, Holistic Physician, Chairman, wellness centre, SVSU, Meerut on positive health how to improve the quality of thoughts that generate and occur in their mind. When a person think positively than he/ she improves his/her chemistry from within.

Dr. Rahul Bansal sir explained about the healthy life style like meditation, Yoga & Exercise etc. Sir explained the benefits of having positive approach towards life, how one should tackle stress and ways of maintaining healthy and positive health. it was an insightful session in which students participated enthusiastically. The session was followed by the students visit to wellness center, SVSU. They were motivated and inspired by the lecture. Few students also gave their personal queries on a paper handed to them at the end of the session.

We have taken the feedback from the students after completed the session. Total 150 students were attending the lecture.

Feedback Analysis :-

4. Overall rating of the lecture

- To make aware about Self-reliant.

Description:-

Sardar Patel Subharti Law Institute, Swami Vivekananda Subharti University, Meerut Under the direction of Director of the Subharti Law College Mr. Rajesh Chandra (Former Justice, Prayagraj, High Court, Uttar Pradesh) and under the guidance of Prof. (Dr.) Vaibhav Goel

Bhartiya, Dean, Subharti law college organized a guest lecture on the topic "Positive Mental Health and Wellbeing.

Convener of the program Dr. Sarika Tyagi, counselor of Wellness Cell, Subharti Law Institute, welcome the speakers of the program Dr. Seema Sharma (Clinical Psychologist) Psychiatry Department, Swami Vivekananda Subharti Vishwavidyalaya, Meerut, She was invited on the stage to address the Student she said that Ability to Cope with Stress in Life is called as positive mental health. If you can maintain good mental health and well-being, you'll lead a life with less stress by adopting and following the tips, you'll be ready for any hard situation and though the situation is hard, you'll overcome it with ease. Mental and psychological well-being encompasses the way you feel about yourself, but also the way you deal with external situations and the quality of your relationships. It's important to remember that positive mental health is not simply the absence of mental health issues, such as depression or anxiety. Being mentally healthy is predominantly about the presence of positive characteristics such as a feeling of purpose, contentment, maintaining fulfilling relationships and participating in life to the fullest. After that she told that why positive mental health is important? Positive mental health allows you to enjoy all the activities you want to participate in. It doesn't mean you will never be sad or go through emotionally-challenging times. However, those with positive mental health will be able to bounce back more easily from these experiences this is called mental resilience. Foster positive mental health and adopt a more positive mental attitude and take care of your physical needs, Make time for social connection, Exercise, physical activity and positive mental health, Use positive words to boost your mental health. At the end of the program vote of thanks was given by Dr. Sarika Tyagi, Associate Professor Subharti Law College

The Outcome of the Activity:-

- Participants were become aware about Positive Attitude and Mental Health
- Participants become aware about Self-reliant.

Objective of the Activity: To enhance emotional and mental wellbeing of the students.

Description: Department of Oral Medicine & Radiology in collaboration with Wellness Centre, SVSU conducted a Guest lecture on the topic of "Positive Mental Health and its role in Career enhancement" for our budding dentists (BDS batch 2023 students) under the able guidance of our dynamic Principal Dr. Nikhil Srivastava Sir and Dr. Nagaraju Kamarthi (Co-Chairman, Wellness Centre and Incharge, SDC). The Guest speakers were Dr. Rahul Bansal (Chairman, Wellness Center, SVSU). He explained the benefits of maintaining a positive approach towards life, how one should handle stress and understanding the value of having a high spiritual and emotional quotient. It was an insightful session in which students participated enthusiastically. The session was followed by the student's visit to Wellness Centre, SVSU on 6th Oct2023. Here, Dr Nagaraju K. briefed the students. They were explained that they can look up to Wellness centre experts for their help in case of emotional/ interpersonal stress/ or any kind of difficult situation which they find difficult to handle.

Outcome of the Activity: The students showed full enthusiasm and participated whole heartedly. They were motivated and inspired by the lecture. Few students have also given their personal queries.

Analysis of Participant's Feedback: The students find it a very insightful and motivational session. They agreed that the lecture brought positivity in their thoughts and suggested that similar type of lectures should be conducted in future. Their overall experience was good.

Jai Hind!

Respected Sir,

As per the telephonic discussion, the date scheduled for the workshop on **"Role of Positive Mental Health and Wellness in Career Formation"** for the students of **Batch 2023** is September 16, i.e., Saturday. Timings: from 9:00 a.m. onwards.

The workshop would be highly beneficial for students. It can have a profound impact on their personal and professional lives. It equips participants with the tools and knowledge to manage their mental well-being, make informed career decisions, and thrive in their chosen paths.

I pay my heartfelt thanks to the dignitaries for giving me the date for the aforementioned counselling sessions for the students of faculty of Fine Arts.

Thanks & Regards

Dr. Neha Singh

Notice: Workshop on "Role of Positive Mental Health and Wellness in Career Formation"

Dear Students of Batch 2023,

This is to inform you all that there is a workshop on the "Role of Positive Mental Health and Wellness in Career Formation" specially designed to benefit all students of the Batch 2023. This workshop aims to equip you with essential skills and insights that will play a crucial role in your career development and overall well-being.
Details of the workshop are as follows:

Date: 16th September 2023
Time: 9:00 am to 12:00 pm
Venue: Amrita Shergill Conference Hall

The workshop will feature sessions led by an expert in the field, who will provide valuable guidance and strategies to enhance your mental health and wellness, ultimately contributing to a successful career journey. This workshop is mandatory for all students from the Batch of 2023, regardless of your program of study. We believe that investing in your mental health and well-being is fundamental to achieving your academic and career goals. Please make every effort to attend this important workshop and arrive on time to make the most of this opportunity.
We look forward to your active participation in the workshop and hope to see you there!

Report on the Workshop: "Role of Positive Mental Health and Wellness in Career Formation"

Organised by:** Nandlal Bose Subharti College of Fine Arts and Fashion Design
Under the Aegis of: Subharti Wellness Centre
Date: September 16, 2023

The workshop on "Role of Positive Mental Health and Wellness in Career Formation," held on September 16, 2023, at Nandlal Bose Subharti College of Fine Arts and Fashion Design, proved to be an enlightening and enriching experience for the students of Batch 2023. The workshop aimed at providing insights into the critical interplay between mental health, overall wellness, and career development.
The sessions were conducted by distinguished experts in the field. Dr. Rahul Bansal, Chairperson of the Wellness Committee and Professor from the Community Medicine department at Subharti Medical College, shared profound insights into the importance of mental well-being in shaping successful careers. Dr. Seema Sharma, a clinical psychologist from Subharti Medical College, delved into practical strategies for maintaining positive mental health in the face of career challenges. The workshop saw active participation, with a total of 55 students from Batch 2023 attending the sessions. The students represented various programmes and disciplines, reflecting the universal relevance of the workshop's theme.
The seamless coordination of the workshop was ensured by Dr. Neha Singh, a member of the Wellness Committee and the Head of the Department of Fashion, Textile, and Interior Design. Under the able supervision of Prof. (Dr.) Pintu Mishra, the Dean and Principal of Nandlal Bose Subharti College of Fine Arts and Fashion Design, the workshop achieved its objectives with precision and effectiveness.The workshop covered a spectrum of topics, including stress management, emotional intelligence, and mindfulness techniques tailored to the unique challenges of career formation. The engaging presentations, interactive discussions, and practical exercises facilitated a holistic understanding of the subject matter.
Post-workshop feedback indicates a highly positive response from the students. Many expressed gratitude for the practical tools provided, emphasising the immediate applicability of the strategies discussed in their academic and career pursuits.
In conclusion, the workshop on The "Role of Positive Mental Health and Wellness in Career Formation" was a resounding success. It not only imparted valuable knowledge but also fostered a culture of well-being and resilience among the students. The efforts of the organising committee, the expertise of the speakers, and the active participation of the students collectively contributed to the success of this insightful event.

Acknowledgment:
The organisers extend sincere thanks to Dr. Rahul Bansal, Dr. Seema Sharma, and all the participants for making this workshop a meaningful and impactful experience.

2. To facilitate the knowledge of "positive and healthy mind set"under the wellness in career formation the students, faculty members.

Description:

Swami Vivekanand Subharti University, Department of Education hosted an enlightening **one-day workshop** on **October 12, 2023**, dedicated to the profound influence of positive mental health and wellness on the formation of successful careers. The event, held within the esteemed marked a significant endeavour to enhance awareness of the pivotal role that mental well-being plays in the journey toward career development. The program commenced with a ceremonial inauguration where **Resource Person Dr. Rahul Bansal**, Chairman Wellness Centre, SVSU Meerut and **Dr. Seema Sharma, Sr. Consultant (Clinical Psychological)** Department of Psychiatry Subharti Medical College & Hospital, SVSU , **Prof. (Dr.) Sandeep Kumar**, the distinguished **Dean of the Faculty of Education**, and **Prof.(Dr.) Anoj Raj, Head, Department of Education** other respected dignitaries, illuminated the ceremonial lamp in front of Maa Sarasvati. This symbolic gesture signified the auspicious beginning of the workshop, emphasizing the importance of knowledge, wisdom, and holistic well-being in one's educational and career journey.

Dr. Sandeep Kumar, in his welcoming address, expressed gratitude to the esteemed chief guests, dedicated faculty members, and the attentive audience. This warm welcome set the tone for an intellectually stimulating and enriching event, celebrating the synergy of education and mental wellness. The chief guests were honored with saplings, representing the institution's commitment to nurturing growth and fostering a greener, more sustainable future.

The workshop gained further momentum **as Prof. (Dr.) Anoj Raj, Head, Department of Education,** took the stage to provide attendees with a comprehensive overview of the day's program. His enlightening speech not only outlined the workshop's objectives but also highlighted the intrinsic connection between mental health and the development of successful careers. It was underlined that, in

today's fast-paced and competitive world, the well-being of individuals plays a pivotal role in shaping the direction of their careers.

The heart of the workshop featured presentations by the **keynote speakers: Dr. Rahul Bansal, Chairman of the Wellness Centre, and Dr. Seema Sharma, a Senior Consultant in Clinical Psychology.** The presentations encompassed a wide spectrum of topics, touching upon the spiritual dimension of health, scientific evidence regarding the permanent transformation of energy within the human body, the profound experiences of near-death encounters, and the intricate interplay between spirituality and health Dr. Rahul Bansal shed light on the spiritual dimension of health, explaining how it is a vital component of overall well-being. He shared insights into the profound spiritual experiences that individuals might encounter and how these experiences can positively impact one's mental health. Dr. Seema Sharma, on the other hand, delved into the scientific evidence behind the transformation of energy within the human body. She emphasized that understanding this process can provide individuals with a deeper appreciation for the connection between physical and mental health.

The discussion on near-death experiences (NDEs) was particularly intriguing. Attendees were introduced to the phases of NDEs, their impact on individuals, and the various perspectives on what happens when a person's mind seems to survive even when the body faces a life-threatening situation. These insights were accompanied by reference to well-known researchers in the field. The workshop's culmination was marked by a gracious vote of thanks presented by Prof. (Dr.) Anoj Raj. He expressed heartfelt gratitude to the chief guests, the enlightening speakers, dedicated faculty members, and the entire team responsible for organizing this insightful event.

The event's success was a testament to the concerted efforts of a **collaborative team. Members,** including **VedikaVerma, Nisha Saharan Vijay, Gunjan, Kumkum, Saakshi, Gungun, Shrutee, Saloni, Sagaf, Bhawna, Pardeep, Shruti Kaushik, Ajay, Pallavi, Kanak, Saakshi Saini, Anusha, and Pardeep Yadav, stu**dents of Department of Education worked diligently under the capable supervision of **Dr. Reeba Devi, Assistant Professor & Coordinator of the workshop** at the Faculty of Education. Their dedication and coordination were instrumental in ensuring the seamless execution of the seminar.

In conclusion, the workshop provided an intellectual feast for attendees. It not only served as a platform for insightful discussions on the vital intersection of mental health and career development but also left participants with a profound understanding of how positive mental health and wellness can significantly influence the trajectory of one's career. This event underscored the university's commitment to nurturing the holistic development of its students and the broader community,

emphasizing that true success is not just measured by career achievements but by the overall well-being of individuals in their pursuit of knowledge and excellence.

Outcome of the event:

1. Participants were facilitated of health sensitive issues and awareness of positive mental health.
2. Health development awareness through wellness workshop for the students, faculty members were facilitated.

Analysis of the Participant's feedback: The workshop was considered to be primary level of carefulness and informative as well as an agent of mental and positive development through workshop.

Objective of the Activity: The Guest lecture and wellbeing session on the "Role of Positive Mental Health and Wellness in Career Formation," organized by the Shaheed Baba Deep Singh Department of Home Science, aimed to achieve the following objectives:

- Increase awareness among students about the vital role of positive mental health in shaping successful and fulfilling career paths.
- Offer insights into the intersection of mental well-being and career formation, emphasizing the need for a holistic approach.
- Equip students with practical strategies for maintaining positive mental health during their academic journey and subsequent career endeavours.

Description:

Key Speakers:

1. **Dr. Rahul Bansal (Professor and Advisor Community Medicine, SMC):** Dr. Bansal shared expertise on the relationship between mental well-being and overall health, emphasizing its impact on career development.

HEAD
DEPARTMENT OF HOME SCIENCE
S. V. Subharti University, Meerut

2. **Dr. Seema Sharma (Consultant Clinical Psychology, SMC):** Dr. Sharma focused on the psychological aspects of career formation, offering insights into stress management and maintaining a positive mindset.

The session commenced with an introduction to the significance of positive mental health in the context of today's fast-paced world. Dr. Bansal highlighted the importance of adopting a holistic approach that considers mental, emotional, and physical well-being in career planning. Dr. Sharma's presentation emphasized the role of psychological resilience in navigating challenges during the academic and professional journey. An interactive Q&A session allowed students to engage with the speakers, seeking guidance on specific concerns related to mental health and career development.

Outcome of the Activity: The session successfully achieved its objectives, providing students with a deeper understanding of the integral connection between positive mental health and career formation. Attendees gained practical insights and strategies for maintaining mental well-being throughout their academic and professional pursuits.

Conclusion: The Department of Home Science expresses gratitude to Dr. Rahul Bansal and Dr. Seema Sharma for their invaluable contributions to the session. This event is part of our ongoing commitment to fostering a culture of well-being and resilience among our students. We look forward to organizing more such sessions to empower our students in their personal and professional growth.

REPORT
Session on '*Wellness*'

Objective: To motivate the students to cope up from failure and to educate them that life does exist after life.

A session on wellness of the mind and body with the theme 'Life after Life-Proved Scientifically' was conducted by the Computer Science Engineering Department of Faculty of Engineering & Technology, SVSU by the aegis of Wellness Centre, SVSU.

Dr. Rahul Bansal, Professor & Advisor Community Medicine, SMC and Head of the Wellness Centre, SVSU was the Resource Person. He started the session by motivating the students. Dr. Bansal gave certain proof that life does not come to an end, death is just a comma.

The students were given tips to cope up with failure and were told that one should be satisfied with what we have been given.

After the session, the students were told to ask questions. Dr. Bansal gave satisfactory answers to the queries of students.

Dr. Bansal was accompanied by his interns, Dr. Tushar Malik, Dr, Kartikaey Tomar & Dr. Mortues Lavi.

The session was made successful in the presence of Prof.(Dr.) Shravan Kumar Garg, Dean, Faculty of Engineering & Technology, Dr. Archita Bhatnagar, Associate Professor, Computer Science Engineering, Er. Ravi Agrawwal, Assistant Professor, Electrical & Electronics Engineering, Mr. Amardeep, Computer Science Engineering Department.

123 students were benefitted from the event.

Outcome: The students were given scientific proof that life exist after life and they were motivated to cope up with failure.

Dr. Archita Bhatnagar

Objective of the Activity: To enhance spiritual wellbeing among faculty and post graduates

Description: Department of Oral Medicine & Radiology in collaboration with Wellness Centre, SVSU conducted a Guest lecture on the topic of "Wellness and Spirituality" for Dental faculty and post graduates under the able guidance of our dynamic Principal Dr. Nikhil Srivastava Sir and Dr. Nagaraju Kamarthi (Co-Chairman, Wellness Centre and Incharge, SDC). The Guest speaker was Dr. Rahul Bansal (Chairman, Wellness Center, SVSU). He explained how wellness and spirituality goes hand in hand. Also, apart from physical and mental health, spiritual wellness also plays a pivotal role in life and how it adds sense of purpose and meaning in life, including one's morals and ethics. He also exhibited various books written on spirituality by renowned authors around the world.

Outcome of the Activity: The faculty and post graduates showed full enthusiasm and participated whole heartedly. They were motivated and inspired by the lecture.

Analysis of Participant's Feedback: The faculty members along with post graduates find it a very insightful and motivational session. They agreed that the lecture enhanced positivity in their thoughts and suggested that similar type of lectures should be conducted in future. Their overall experience was good.

Objective of the Activity:

The primary objective of this training program was to increase awareness about cognitive distortions and to equip participants with practical strategies to identify and overcome these distortions in their thought processes.

Description:

The training program, organized by Shaheed Baba Deep Singh, was held in the Conference Hall of the Department of Home Science. The session was led by Dr. Shalu Nehra, a subject expert, and was attended by 17 students. The program included a series of interactive discussions, practical exercises, and theoretical insights into cognitive distortions and their impact on mental well-being.

Outcome of the Activity:

The training program successfully achieved its objective by enhancing participants'

understanding of cognitive distortions. Students were able to identify common cognitive distortions in themselves and others, and they learned effective techniques to challenge and alter these distortions. Feedback from participants indicated a significant improvement in their awareness and practical skills for managing cognitive distortions.

Conclusion:

The "Clearing the Cognitive Clouds" training program was a valuable educational experience for the attendees. The session provided important insights into cognitive distortions and offered practical solutions for improving mental resilience. Dr. Shalu Nehra's expert guidance played a crucial role in the success of the program. The participation of 17 students reflects the relevance and interest in such training, and the positive outcomes suggest that similar programs could be beneficial in the future.

REPORT OF WORKSHOP ON "ROLE OF POSITIVEMENTAL HEALTH AND WELLNESS IN CAREER FORMATION"

Title of the Activity	"Role of Positive Mental Health and Wellness in Career Formation"	Level of Program (State/National/International etc.)	College Level
Focused Area	Carrier Oriented	Date of Activity (From-To) (DD/MM/YYYY)	25/04/ 2024
Activity Organized By	Wellness Center	Day	Thursday
Name of the Associated Faculty/College/Department/ Outside Agency	JyotiraoPhuleSubharti College of Physiotherapy	Time	12:00 PM- 2:00 PM.
Total Participants	101	Venue	Seminar Hall, Ground Floor, JRPSCPT
Students	95	Organizing Coordinator(s)	Dr. Uzma Khan
Teachers	06	Report Prepared by	Dr. Ishika Saxena

Objective of the Activity:

- To aspire students to become successful and trust the process.
- To guide students about the importance of positive mental health on well-being and how it impacts all spheres of our lives.
- To encourage students to share their views and problems and be vocal o about what is hampering their young minds.
- To spread message of feel confident in their own and improve quality of life.

Description:

A workshop was organized for the students of BPT Batch 2023 (first year) on 25/04/2024 by Wellness Center, SVSU in JRPSCPT in Seminar Hall, Ground floor from 12:00pm to 2:00pm on topic "Role of Positive Mental Health & wellness in career formation". A total no. 95 students attended the workshop. The resource person were Prof (Dr) Rahul Bansal, Chairman of Wellness Center and Dr. Seema Sharma, Clinical Psychologist.

The purpose of the workshop was to aware students about the importance of positive mental health on well-being and its role in career formation. The session was made joyous by our resource person's singing followed by a quiet session where we were made to focus on our breathing and relaxing our mind.

The session was concluded with a vote of thanks given by Dr. Uzma Khan, Wellness Co-ordinator. The session was made possible by substantial support of Dr. Jasmine Anandabai, Dean & Principal, JRPSCPT and co-operation of all the students and teaching and non-teaching staff.

Outcome of the Activity:

- Students enjoyed and felt relaxed after attending the session.
- They were encouraged and determined to seek help and vocalizing about their problems without depressing the mental health.

GLIMPSE OF THE EVENT

Prof (Dr) Rahul Bansal, Chairman, Wellness Center

Dr. Seema Sharma , Clinical Psychologist

Report on Wellness Session on "Role of Positive Mental Health and Wellness in Career Formation" held at Subharti Polytechnic College on 3rd May 2024.

Workshop Details:

- **Event Title**: Workshop on "Role of Positive Mental Health and Wellness in Career Formation"
- **Organized By**: Subharti Polytechnic College, SVSU, Meerut
- **Date**: May 03rd , 2024

Objectives:

1. **Moral and Ethical Development**:
   The workshop aimed to facilitate moral and ethical development through positive mental health for both students.
2. **Promoting Positive Mindset**:
   Participants explored the concept of a "positive and healthy mindset" in the context of career formation.

Key Highlights:

- **Inauguration**:
  - Dr. Rahul Bansal, Chairman of the Wellness Center at SVSU Meerut, emphasized that wellness encompasses a healthy body, mind, and soul. Speaker also discussed how positive mental health energizes career preparation and makes goals more achievable.
- **Connection Between Mental Health and Careers**:
  - They also highlighted the crucial role of well-being in shaping career trajectories.
  - In today's competitive world, mental health significantly influences career success.
- **Keynote Speakers**:
  - Dr. Rahul Bansal delivered engaging talks with students and a questionnaire session was also held in the end.
  - The discussion on **near-death experiences (NDEs)** was particularly very interesting.
  - Attendees learned about NDE phases, their impact, and the survival of the mind even in life-threatening situations.
  - Speaker also motivated to students in between several times with his melodious voice by singing very inspiring and spiritual songs.
- **Gratitude**:
  - Dr. S.C Tiwari, Professor, (Department of Electrical Engineering, SPC Meerut) and Er. Himanshu Agarwal (Academic Coordinator, SPC Meerut) expressed heartfelt gratitude to guests, speakers, faculty, and the organizing team.

Note: This workshop provided valuable insights into the intersection of education and mental well-being, emphasizing the importance of positive mental health for successful careers

ind !

Sir,

1. Faculty of Engineering & Technology in collaboration with IQAC wants to organize a Group discussion on **"Role of Positive thinking and healthy lifestyle in happiness & wellness"** for the faculty members of FET.

2. This is an activity to achieve sub criteria 7.1.8 of NAAC AQAR which describe the institutional efforts/ initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socioeconomic and other diversities.

Venue : MMM Auditorium, FET.
Date : 08th June 2024 (Saturday)
Time : 10:00 AM onwards.

3. You are cordially invited as resource person to enable benefit to the attendees. Please give your consent for conducting above programme.

4. You are also requested to accompany a person from concerned department for conducting a Relaxation Technique programme.

Thanks and regards.

Prof.(Dr.) Manoj Kapil
Dean

REPORT

Group Discussion on 'Role of Positive Thinking & Healthy Lifestyle in Happiness & Wellness'

Objective: To motivate the faculty members to lead a healthy lifestyle and to keep positive thoughts in order to live a happy life.

A session on wellness of the mind and body with the theme '*Role of Positive Thinking & Healthy Lifestyle in Happiness & Wellness*' was conducted by the Faculty of Engineering & Technology, SVSU in collaboration with IQAC & Wellness Centre, SVSU.

Dr. Rahul Bansal, Professor & Advisor Community Medicine, SMC and Head of the Wellness Centre, SVSU was the Resource Person. He started the session by motivating the Faculty members. Dr. Bansal introduced certain books like How to be happy by Ruskin Bond, Life after life, Many lives many masters etc.

The faculty members were told to read these books or such books in life to know the ultimate truth.

Dr. Bansal told about 6 laws:
Law of Success, Law of Potentiality, Law of Giving & Receiving, Law of Karma, Law of Least effort, Law of intention & desire.

After this motivational session, there was a meditation session & chair yoga session conducted by Dr. Balkrishna, JR2, Maharishi Aurobindo Subharti College & Hospital of Naturopathy & Yogic Sciences.

Dr Balkrishna gave some helpful techniques of chair yoga to release stress of mind and body.

Around 28 faculty members attended the session.

The session was made successful in the presence of Prof.(Dr.) Manoj Kapil, Dean, Faculty of Engineering & Technology and was organized by Dr. Archita Bhatnagar, Associate Professor, Computer Science Engineering, with the help of Mr. Amardeep, Computer Science Engineering Department.

Outcome: The faculty members felt motivated to lead a healthy lifestyle and to keep positive thoughts in order to live a happy life.

Jai Hind!
There was a Group Discussion organized by Faculty of Engineering & Technology in collaboration with IQAC, SVSU for the faculty members on the topic "ROLE OF POSITIVE THINKING AND HEALTHY LIFESTYLE IN HAPPINESS & WELLNESS" on 08TH JUNE 2024.
This was accompanied by Programme on Relaxation techniques.
Dr. Balkrishna, JR , MD, Naturopathy was deputed for the same.
The session taken by Dr. Balkrishna was commendable. We thank him immensely and wish all the best to him!

We thank The college **Maharishi Aurobindo Subharti College & Hospital of Naturopathy & Yogic Sciences** for arranging the session on short notice.

Report: 19.10.2024

Objective of the Activity: To enhance emotional and mental wellbeing of the students.

Description: Department of Oral Medicine & Radiology in collaboration with Wellness Centre, SVSU conducted a Guest lecture on the topic of **"Mental and Spiritual Wellness for Success and Peace"** for our budding dentists (BDS batch 2024 students) under the able guidance of our dynamic Principal Dr. Nikhil Srivastava Sir and Dr. Nagaraju Kamarthi (Co-Chairman, Wellness Centre and Incharge, SDC) on **19th October 2024** which was earlier schedule on 12th October 2024. The Guest speaker was **Dr. Rahul Bansal (Chairman, Wellness Center, SVSU).** He explained the benefits of maintaining a positive approach towards life, how one should handle stress and understanding the value of having a high spiritual and emotional quotient. It was an insightful session in which students participated enthusiastically. The session was followed by the student's visit to Wellness Centre, SVSU on 24th Oct 2024. Here, Dr Nagaraju K. and Dr. Swati Gupta briefed the students. They were explained that they can look up to Wellness centre experts for their help in case of emotional/ interpersonal stress/ or any kind of difficult situation which they find difficult to handle.

Total no of participants – 102

Total no of Students – 99

Total no of teachers -02

Outcome of the Activity: The students showed full enthusiasm and participated whole heartedly. They were motivated and inspired by the lecture. Few students have also given their personal queries.

Analysis of Participant's Feedback: The students find it a very insightful and motivational session. They agreed that the lecture brought positivity in their thoughts and suggested that similar type of lectures should be conducted in future. Their overall experience was good.

NOTICE

Maharishi Aurobindo Subharti College & Hospital of Naturopathy & Yogic Sciences, Swami Vivekanand Subharti University, Meerut, is organizing a "**Guest Lecture on the Role of positive thinking in wellness & career Formation**" on 05th July 2025, from 12:00 PM to 1:00 PM.

All M.D 1st year students are invited to attend the program.

Resources Person: Dr. Rahul Bansal, Professor from the dept. Of community medicine, Subharti Medical College, SVSU.

Activity Coordinators: Dr. Adil (Assistant Professor), MASCHNYS.

Venue: LT-04th Subharti Medical College, SVSU, Meerut.

For,

Dr. Abhay M. Shankaregowda

REPORT:

- Maharishi Aurobindo Subharti College & Hospital of Naturopathy & Yogic Sciences, Swami Vivenkanand Subharti University, Meerut, is a **Guest lecture on Role of positive thinking in wellness career formation**" at 12:00 PM - 1:00 PM, for all P.G students of MASCHNYS.

- Total Number of participating 13 PG students

- **Resource person:** Dr. Rahul Bansal, Professor from the Department. Of Community Medicine, Subharti Medical College, SVSU.

- **Venue**: in LT -4 Subharti Medical College, SVSU,

- Positive thinking plays a crucial role in shaping both **personal wellness** and **career development**. Fostering a **resilient mindset** enables individuals to navigate challenges with confidence and clarity. Positive thinkers are often better at **problem-solving**, and they tend to enjoy **improved mental and physical health**, including reduced stress and increased emotional stability.
- In the professional world, maintaining a positive attitude can significantly impact success. It leads to **higher productivity**, **better interpersonal relationships**, and a stronger ability to adapt in dynamic environments. Over time, this mindset opens doors to **career advancement opportunities** and a more fulfilling work life.
- During the program, the Resource person explains that cultivating positive thinking isn't just an emotional choice — it's a strategic one that enhances **both well-being and professional growth**.

STANDARD OPERATING PROCEDURE (SOP)
THE SMOKE FREE RULES
IN THE UNIVERSITY CAMPUS

Swami Vivekanand Subharti University in its continuous endeavors to provide healthy lifestyle among students and staff of the University, will ensure smoke-free environment. In doing this, the University is embracing a wider vision of integrating health into the culture, structures and processes of the University by eliminating Environmental Tobacco Smoke (ETS) exposure for all staff, students and visitors. The University is actively assisting in the protection and improvement of the health of the community.

To better estimate the burden of toxic cigarette butt waste and create awareness of the hazardous nature of cigarette butts, for smoke-free campuses, the government rules, law or institutional policy prohibits smoking of combustible tobacco products on the entire campus property, publicly including remote parking lots, stadiums, auditorium, and hostels.

SOP Scope of Application

1. All faculty, staff, students, and visitors (parents, vendors, contractors, and service providers) of the University are covered by this policy.
2. All persons using the facilities of the University are subject to this policy.

Smoking and/or use of tobacco or tobacco-related products on campus property is prohibited. This policy statement is specifically referenced in the Community Standards for students and is covered in the Faculty Handbook

(Faculty Conduct) and Staff Handbook (Rules of Conduct) and is considered a violation of university policy.

Tobacco is defined to include lighted cigarettes, cigars, cigarillos, pipes, Bidi, hookah products, and any other smoking products, including cannabis. This also includes any smokeless, spit or spitless, dissolvable, or inhaled tobacco products, including but not limited to dip, chew, snuff, and snus in any form (orbs, sticks, pellets, etc.) A vaping product is defined as an electronic cigarette or similar device. Nicotine products not approved by the Food and Drug Administration as a smoking cessation product, such as e-cigarettes, are also prohibited.

Tobacco and nicotine product advertisements are prohibited in university-sponsored publications.

General Rules

Smoking or use of tobacco or nicotine products as described above by faculty, staff, students, and visitors shall be prohibited at all times on SVSU campus properties as identified above without exception.

Compliance

The success of the Smoke and Tobacco-Free Policy will depend on the thoughtfulness, consideration, and cooperation of smokers and nonsmokers. Faculty, staff, and students have a collective responsibility to promote the safety and health of the campus community and therefore share in the responsibility of enforcement. All members of the SVSU community are required to comply with this policy, which shall remain in effect at all times, in addition to Hostel Rules. Members of the community who refuse to comply with this policy may be subject to corrective action through the applicable process.

1. If any person is found smoking on the SVSU publicly, he/she will be penalized with Rs. 500/- minimum every time.
2. If the student is found in the inebriated state or consuming alcohol publicly, he/she will be penalized with Rs. 2000/- minimum every time.
3. If someone is found in possession of illicit material/drugs or consuming

it publicly, he/ she will be penalized with Rs. 5000/- and a minimum three months suspension from the college and hostel.

4. For every repeat offender the penalty will increase in three-fold for example if some one is found smoking publicly, he/she will be penalized Rs. 500 for the first time but if the same person caught again, he/she will be penalized Rs. 1500/- (500x3).

5. To ascertain the liquor effect, student/employee will be taken to diagnostic lab to find out liquor effect on the blood/breath. If students/employees were found that he/she has consume more liquor then the government permissible norms (Govt. norms are 30) without getting biased they will be penalized as either first time offender/repeated offender. If someone is found within stipulated liquor prescribed by Govt., he/she will not be penalized. However, if student/employee is drinking publicly they will be penalized as per university rules.

In accordance with the applicable law and policy, any member of the SVSU community can voice objections to smoking violations by students, faculty, or staff by reporting such conduct to registrar@subharti.org without fear of retaliation.

University's Contribution towards Achieving SDG 3: Good Health and Well-Being

3.3 Collaborations and Health Services:

3.3.7 University as a Body Provide Staff with Access to Mental Health Support

Through collaboration with wellness centers, health organizations, and community partners, Swami Vivekanand Subharti University, Meerut has been consistently conducting significant extension and outreach activities in alignment with the UN Sustainable Development Goal 3: Good Health and Well-Being. Among learners, employees, and the wider community, these programs aim to improve mental health, emotional equilibrium, physical fitness, and general well-being.

A variety of significant collaborations have been organized by the University's constituent colleges, such as the Faculty of AYUSH, Subharti Dental College, Sardar Patel Subharti Institute of Law, and Kharvel Subharti College of Pharmacy. These consist of:

Maharishi Aurobindo Subharti College & Hospital of Naturopathy and Yogic Sciences, along with with the Subharti Wellness Center, arranged workshops on "Mental Health and Suicidal Prevention Strategies" to provide information to faculty and students on coping strategies, stress management, and emotional awareness.

The Subharti Wellness Centre and the Faculty of Dental Sciences collaborate to provide wellness and spirituality sessions that emphasize the significance of spiritual well-being and how it relates to both physical and mental health.

Kharvel Subharti College of Pharmacy will be offering meditation workshops and yoga practice sessions with the topic "Yoga for Self and Society" in an effort to promote traditional Indian wellness practices and stress-free, balanced lifestyles.

The Sardar Patel Subharti Institute of Law, in collaboration with the University Wellness Center, organizes lectures on positive mental health and well-being that focus on the importance of karma, mindfulness, and positive thinking for happiness and personal development.

These collaborative initiatives encouraged sustainable health practices based on yoga, meditation, and emotional intelligence in addition to targeting important issues including stress, anxiety, and mental health awareness. Participants participated through experiential learning and useful strategies for mental and emotional resilience by experts such as Dr. Jyoti Madhur, Dr. Rahul Bansal (Chairman, Wellness Centre, at University), and other wellness specialists.

By encouraging inter-institutional cooperation, community involvement, and a comprehensive approach to health education, the outreach initiatives have effectively improved the University's social engagement. In pursuit of SDG-3: Good Health and Well-Being, Swami Vivekanand Subharti University continues to show its dedication to the holistic development of people and its vision of helping to create a world that is healthier, happier, and more balanced through such programs.

Title of the Activity: Sensitization programme on "Wellness & Positive Mental Health" for Non- Teaching staff

Date of Activity: 09.04.2024 & 10.04.2024

Day: Tuesday and Wednesday

Time: 10:00 am to 11:00 am

Venue: Faculty of Dental Sciences

Resource person/ Guest Speaker: Dr. Rahul Bansal, Subharti Medical College

Objective of the Activity: To enhance emotional & mental wellbeing among non-teaching staff.

Description: Department of Oral Medicine & Radiology in collaboration with Wellness Centre, SVSU conducted a Guest lecture on the topic of "Wellness and Positive Mental Health and its Role in personal and professional life" for non-teaching staff of SDC under the able guidance of our dynamic Principal Dr. Nikhil Srivastava Sir and Dr. Nagaraju Kamarthi (Co-Chairman, Wellness Centre and Incharge, SDC). The Guest speaker was Dr. Rahul Bansal (Chairman, Wellness Center, SVSU). He explained the benefits of maintaining a positive approach towards life, how one should handle stress and understanding the value of having a high spiritual and emotional quotient. Also, apart from physical and mental health, spiritual wellbeing also plays a pivotal role in life and how it adds sense of purpose and meaning in life, including one's morals and ethics.

Outcome of the Activity: The staff found it an interesting interaction. They were motivated and inspired by the lecture. They agreed that further such session should be conducted and should include their family members.

Total Participants 89

Analysis of Participant's Feedback: The non-teaching staff members found it a very inspiring session. Their overall experience was good.

Objective of the Activity:

To conduct a workshop on unique and universal method of meditation so that student can learn the need of hour for better, efficient, tension free, managed, happy, enjoy full and meaningful life

Description:

A relaxing session with workshop on meditation was organized with students and Faculty of Pharmacy in which 56 students and 20 faculties were participated. The workshop was very informative and participant also learned to practice the meditation.

Introduction:

Meditation has important role in holistic and complete development of human personality. Meditation is actually the part of yoga(Subtle from of yoga or Mansik yog) which is basically path to achieve self realization which is the ultimate aim of human life. Apart from this, by doing meditation practice, actually an individual can develop beautiful art of living.It can enables individual to live with efficient, tension free, managed and happy life style. India has profound legacy in field of yoga and meditation. As the practice of Yog is not bound by caste, creed, religion etc, it may be practiced by one and all which help to create social harmony and tension free happier family life. It further contributes to enhance skill, efficiency and creativity of practitioners that are very essential for students and professionals.

If students and professionals learn and follow the art of this unique method of concentration & meditation then they can also achieve more efficiency, happiness, ability to handle different problems with positive thoughts, managed and tension free life with human values.

Highlights of the Programme:

1. Introduction about meditation
2. Need of meditation for students and professionals.
3. Development of different Core skill of student and professional life through meditation.
4. Introduction and Methodology of unique and universal method of meditation the "AnandYog" A Divine Science.
5. Demonstration and workshop on AnandYog concentration & Meditation Practice.

Outcomes of the Activity:

After completion of programme, students learn-

1. The importance of meditation in student life.
2. Art of self motivation.
3. The art & techniques of an unique and universal method meditation.
4. How efficiency can be increased.
5. Capacity building and interest generation.
6. Time management & Life management.
7. How to live tension free life.
8. Art of living peacefully and happily.
9. Art of increasing thinking capacity and memory power.
10. Development of noble and positive thoughts with attitude of service and humanity necessary for professional life.

11. How to become mentally strong to cope up with any situation of life.

12. How to develop will power for success.

13. How to add good qualities in life.

14. Habit of sound sleep.

15. Success Mantra through Meditation

Analysis of Participant's Feedback:

The workshop was well defined with practical session. It was very helpful Session for Students and Faculty Members. Participants was able to understand the power of meditation.

Report on International Day of Yoga

Title of the Activity	Yoga Practice on ' International Day of Yoga ' on the theme : "Yoga for Self and Society"	Level of Program (State/National/International etc.)	Departmental
Focused Area	Awareness and benefits of yoga on day today life.	Date of Activity (From-To) (DD/MM/YYYY)	21/06/2024
Activity Organized By	Ms. Swati Wadhawan	Day	Friday
Name of the Associated Faculty/College/Department/Outside Agency	Faculty of Pharmacy, Kharvel Subharti College of Pharmacy	Time	9:00-10:00 am
Name and address of Guest Speaker	-	Venue	Basement, Faculty of Pharmacy
Total Participants	35	Organizing Coordinator(s)	Dr. Prabhat Singh Ms. Swati Wadhawan
Students	-	Report Prepared by	Ms. Swati Wadhawan
Teachers	21		
Non-Teaching Staff	14		
Others (Specify)	-		

Objective of the Activity: To make this ancient practice popular among the present generation of people who are unaware of its benefits. Adopting this practice is believed to provide significant relief from physical ailments and mental tension which plagues our day to day life. World Yoga Day aims to educate people about the various means of overcoming stress naturally without resorting to any artificial medicine and develop the habit of meditation among youngsters so that they can enjoy more peace of mind and self-awareness, which is essential for a stress-free existence.

Description: An activity was conducted on date 21/06/2024 by the members of "Pharma Cultural and sports club" on the occasion of "International Day of Yoga", 2024 on the theme of "Yoga for Self and Society". The activity was organized by Dr. Prabhat Singh and Ms. Swati Wadhawan as Coordinator. Teaching and Non-Teaching members were participated in Yoga Practice conducted by Prof. (Dr.) Sokindra Kumar (Dean & Principal). Prof. (Dr.) Sokindra Kumar taught various asans to the staff of KSCP followed by Suryanamaskar, Tadasan, Katichakrasan etc. All the faculty and staff members learned the benefits of performing yoga and overcoming stress naturally without resorting to any artificial medicine in day today life

Objectives of the Activity:-

- To make aware about Positive Attitude and Mental Health
- To make aware about theory of Karma.

Description:-

Sardar Patel Subharti Law Institute, Swami Vivekananda Subharti University, Meerut Under the direction of Director of the Subharti Law College Mr. Rajesh Chandra (Former Justice, Prayagraj, High Court, Uttar Pradesh) and under the guidance of Prof. (Dr.) Vaibhav Goel Bhartiya, Dean, Subharti law college organized a Wellness Session on the topic "Positive Mental Health and Wellbeing.

Convener of the program Dr. Sarika Tyagi, requested Professor Dr. Reena Bishnoi to welcome the speaker of the program Dr. Rahul Bansal, Chairman wellness Center Swami Vivekananda Subharti Vishwavidyalaya, Meerut, further he was invited on the stage to address the Teachings and Non-Teaching Staff of the college. He said that Ability to Cope with Stress in Life is called as positive mental health. If you can maintain good mental health and well-being, you'll lead a life with less stress by adopting and following the tips, you'll be ready for any hard situation and though the situation is hard, you'll overcome it with ease. Mental and psychological well-being encompasses the way you feel about yourself, but also the way you deal with external situations and the quality of your relationships. It's important to remember that positive mental health is not simply the absence of mental health issues, such as depression or anxiety. Being mentally healthy is predominantly about the presence of positive characteristics such as a feeling of purpose, contentment, maintaining fulfilling relationships and participating in life to the fullest. After that he told that the law of karma holds that every action, physical or mental, has its own outcomes which must be faced either in this present life or in the lives to come. When we perform good deeds, it refers to good karmas and future happiness and bad karma results when we do bad actions or deeds. Why positive mental health is important? Positive mental health allows you to enjoy all the activities you want to participate in. Foster positive mental health and adopt a more positive mental attitude and take care of your physical needs, Make time for social connection, Exercise, physical activity and positive mental health, Use positive words to boost your mental health. At the end of the program vote of thanks was given by Dr. Sartaj Ahmad, Associate Professor Subharti Law College

The Outcome of the Activity:-

- Participants were become aware about Positive Attitude and Mental Health
- Participants become aware about theory of Karma.

Detailed Report-

Workshop on "Stress Management"

The Department of Languages, Faculty of Arts and Social Sciences at Swami Vivekanand Subharti University, organized a workshop on "Stress Management" aimed at both teaching and non-teaching staff. The workshop took place on April 12, 2024 at 2:00 PM in Lecture Theatre-I and sought to address the growing concerns of stress in academic environments.

The session began with an introductory speech by **Dr. Seema Sharma**, Head of the Department who emphasized the importance of managing stress for maintaining both mental health and overall productivity in the workplace. She highlighted the various factors that contribute to stress in an educational setting and the necessity of equipping staff with effective coping strategies.

The workshop was facilitated by an expert in the field of psychology and wellness **Dr. Nishi Raghav, Assistant Professor, Dr. K.N.Modi University. Rajsthan** who guided participants through various techniques for stress management. **Dr. Nishi** covered several essential topics aimed at enhancing participants' understanding and management of stress.

First, it focused on understanding the causes and effects of stress, enabling attendees to recognize their personal stress triggers. Participants were introduced to various techniques for relaxation, including mindfulness and deep-breathing exercises, which are effective in alleviating stress.

Additionally, time management strategies were discussed to help reduce stress by prioritizing tasks and balancing responsibilities. The workshop also emphasized the importance of developing a positive mindset and resilience, equipping participants with the tools to face challenges more effectively and maintain their well-being.

Participants engaged in interactive discussions and practical exercises, allowing them to share their experiences and learn from one another. The facilitator encouraged staff to identify their own stressors and work collaboratively to develop actionable strategies to manage them effectively.

The workshop was well-attended, with significant participation from both teaching and non-teaching staff members. Feedback from attendees was overwhelmingly positive, with many expressing appreciation for the practical tips and strategies provided during the session. Participants reported feeling more equipped to handle stress and better prepared to create a supportive work environment.

The workshop concluded with a closing note from **Dr. Seema Sharma**, who reiterated the department's commitment to fostering a healthy and balanced work atmosphere. She encouraged staff to practice the techniques learned and to support one another in managing stress effectively.

Overall, the workshop was a success, and it highlighted the importance of addressing mental health and well-being in academic settings. The department plans to continue offering such workshops in the future to promote staff wellness and professional development.

On 29 august 2024 a health awareness talk was organized on personal hygiene and menstrual hygiene

This event was organized by the girls of MBBS Students for 11th and 12th stander of Adarsh nagrik inter college Khajuri Dr. Akshita Rohit Yadav JR Department of Community Medicine, Subharti Medical College, Meerut emphasized on the impotence of maintaining personal hygiene of girls during period by bathing with hot water, using menstrual pads or cups, avoiding coffee and soft drink and heaving foods like fresh fruits and vegetables during menstrual periods. She also talked about proper disposal of sanitary menstrual pads in newspaper in the dustbin and not flushing them because it can clog the toilets and drains and can cause environmental pollution. She also consult the girls about providing emotional support by the family of the girls during periods and to perform some light exercises and walking during periods. The social stigma and taboo regarding periods should be removed from the society and periods should be normalized. The girl and women should not feel shameful during periods because it is normal process. if a girl is experiencing any menstrual period related problem, like increased or descries frequency of periods, light or heavy bidding or irregular bleeding, then she should consoled to the gynecologist as soon as possible.

AIDS DAY

World AIDS Day Awareness Program Conducted at Kalavati School (conducted by UHTC Multanagar Department of Community Medicine Subharti Medical College)

On the occasion of World AIDS Day, an awareness program was organized by Urban Health and Training Center of department of community medicine at Kalavati School multanagar on 2/12/24 The programme was organised by Dr. Bhawana Pant (professor and Head of Department of community medicine) and Dr. Varsha Chaudhary (Professor, MOIC, UHTC), the session was taken by Dr. Rahul Bansal (professor , advisor department of community medicine). A gathering of 60-70 students, aged approximately 16 years were educated about HIV/AIDS prevention and healthy living.

Students were emphasized upon the importance of avoiding risky behaviors, such as unsafe sexual contact and the reuse of needles or blades. Additionally, Dr. Rahul Bansal advised students to adopt a balanced lifestyle, including consuming native fruits, maintaining a nutritious diet, getting adequate sleep, and avoiding excessive screen time, particularly scrolling through social media late at night.

Students eagerly participated, asking about HIV/AIDS prevention, signs and symptoms, diagnostic methods, and dietary recommendations. Dr. Rahul Bansal answered their questions with clarity, earning the trust and gratitude of the students. As a token of encouragement, Red Cross badges were awarded to students who actively participated. The program successfully raised awareness and motivated students to adopt healthier lifestyles, reflecting the commitment of the medical team to community health education.

Lady Medical Officer Dr. Usha Minhas, along with interns Dr. Achyut, Dr. Faizal, and Dr. Shreya, as well as naturopathy interns and staff, were present on stage to assist in addressing students' queries.

The program's success was also made possible by the effective contributions of Mr. Virender, Mrs. Kusum, and Mrs. Anju, who worked diligently to ensure the required arrangements were in place.
