UN SDG - 4: QUALITY EDUCATION

Introduction

United Nations Sustainable Development Goal 4 (UNSDG 4) aims to “Ensure Inclusive and Equitable Quality Education and Promote Lifelong Learning Opportunities for All” by 2030. Education is recognized as a fundamental human right and a key driver of sustainable development, economic growth, social inclusion, and empowerment.

This goal emphasizes not only access to education but also its quality, relevance, and inclusivity—ensuring that all learners, regardless of gender, socio-economic status, ethnicity, or disability, can acquire the knowledge, skills, and values needed to participate fully in society. It addresses every stage of learning, from early childhood education to higher education and vocational training, while promoting lifelong learning opportunities beyond formal schooling.

UNSDG 4 also highlights the importance of trained teachers, safe and inclusive learning environments, adequate infrastructure, and education policies that meet the needs of diverse communities. By achieving this goal, nations can reduce inequality, foster innovation, and build a more just, peaceful, and sustainable world.

The mission of **Swami Vivekanand Subharti University** is to give everyone access to high-quality education, regardless of gender, caste, creed, or religion, is in line with the Sustainable Development Goal (SDG) 4 of the UN. The country is committed to provide high-quality education at a reasonable cost to everyone. The University collaborates closely with the government, its internal societies, and its sister organization to make this accomplishment a reality.

The university strategically aligns its vision, mission, and initiatives with the objectives of the UNSDG4: Quality Education. The academic policies, programmes, and outreach activities of the University are closely aligned with the targets set under the UNSDG4: Quality Education.

The university contributes meaningfully through its comprehensive educational framework towards the realization of the UNSDG4, which seeks to ensure inclusive and equitable quality education and promote lifelong learning opportunities for all. The University integrates the core principles of the UNSDG4: Quality Education into its academic, research, and community engagement initiatives. This goal represents a shared global vision for students from other countries, that every learner, regardless of background, nationality, or circumstance, deserves access to knowledge, skills, and opportunities to succeed.

By embracing cultural diversity and global collaboration in education, students contribute to a more interconnected and compassionate world. Quality education empowers young minds to think critically, innovate, and solve real-world problems. Together, through mutual respect and learning, we can build an inclusive educational environment where every student can thrive and make a meaningful impact on the world.

Focused Curriculum:

The curriculum of the university has relevance to their local, regional, national and global standards. The university revised the syllabus as per the requirements to overcome the industry-academia gaps through its Board of Studies (BoS) considering the inputs from various stakeholders such as Students, Alumni, Teachers, Professionals, and Employers etc. The university offers Choice Based Credit System (CBCS) and buckets of elective courses opt by the student on the basis of their

choice. The university offers a wide range of skill-based programs aimed at enhancing the quality of education and aligning with the Sustainable Development Goals (SDGs). It provides multidisciplinary courses through its various faculties, including Medicine, Engineering, Pharmacy, Hotel Management, Naturopathy, Nursing, Law, and Agriculture. To promote continuous skill development, the university regularly conducts Value Added Courses (VACs) every academic year. Curriculum enrichment is further achieved through diverse outreach activities such as field visits, research projects, industry internships, industrial visits, and community postings.

The feedback received from students on the curriculum, syllabi, and available facilities is effectively utilized to enhance the quality of education. Students of the University also actively participate in various social service schemes to contribute to community welfare. To support academic excellence, the University organizes seminars, conferences, workshops, and research activities for advanced learners. For slow learners, special support measures such as remedial classes, video lectures, short notes, previous year question paper solutions, and doubt-solving sessions are provided to strengthen their understanding and performance.

Student-centric approaches are adopted to enhance the learning experience through experiential, integrated, and interdisciplinary learning methods. Participatory learning, problem-solving methodologies, self-directed learning, patient-centric and evidence-based practices, humanities-based education, project-based learning, and role-play activities are incorporated to promote active engagement.

The University has implemented a mentor–mentee system to address student-related issues, ensure their overall development, and provide continuous motivation. Additionally, the University organizes extension and outreach activities in collaboration with industry, government, and non-government organizations to foster the holistic development of students and strengthen their practical knowledge.

Training and Placement:

The University guides and shapes its students through a curriculum developed in close collaboration with industry leaders. Since its inception, the University has focused on nurturing future leaders who contribute real value to organizations — combining professional competence with strong ethical principles that define them as responsible individuals and visionary business leaders. The professionalism, skills, and enthusiasm of the students have fostered enduring relationships between the University and various visiting companies.

The University continuously guides and nurtures its students through a curriculum developed in regular consultation with industry leaders. Since its inception, the University has remained committed to producing future-ready professionals who contribute meaningful value to

organizations—equipped not only with strong technical and managerial skills but also with ethical values and integrity. The competence, behavior, and enthusiasm of the students have strengthened long-term collaborations between the University and numerous visiting industries.

The University has played a vital role in facilitating the placement of first-generation students across various sectors such as banking, defense, healthcare, and information technology in both government and non-government organizations. These efforts have empowered students to move beyond their unrecognized lives in villages and rural areas, enabling them to achieve meaningful employment and social mobility. The University also encourages youth to participate in skill development programs aligned with their interests, helping them build successful and sustainable careers in their chosen fields.

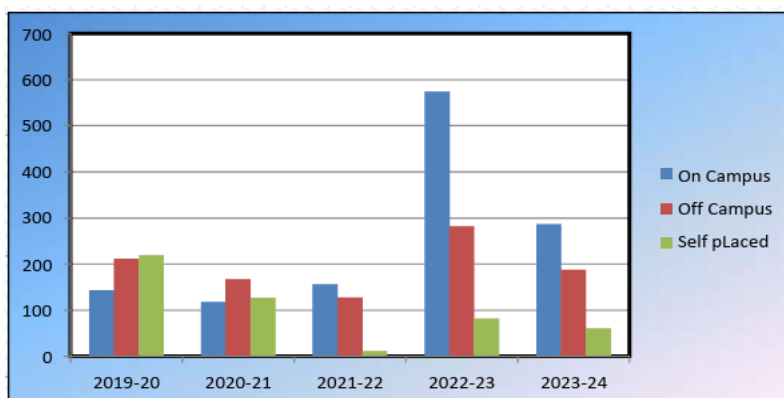

Fig.3.0: Year-wise placement of students.

Quality Instruction & Research

- The university houses diverse faculties—ranging from Medicine and Engineering to Arts, Law, Education, Hotel management, science, agriculture, management and Journalism—with robust infrastructure, well-equipped labs, a comprehensive library, and medical facilities.
- The university consistently ranks among the top tier of Indian institutions (top 10% in national rankings, and other accreditations).
- These achievements reflect its strong commitment to **SDG 4.1**, ensuring equitable access to quality primary, secondary, and higher education.

Fig.4.0: Well-equipped Laboratories at the university

Scholarships & Financial Support

- The university provides merit-based scholarships for both undergraduate and postgraduate students, promoting educational affordability and inclusivity.
- This initiative aligns with **SDG 4.2** and **SDG 4.3**, ensuring equitable access to quality education for learners from all financial backgrounds.

Fig.5.0: Scholarship Offered by Swami Vivekanand Subharti University

Table 2: Swami Vivekanand Subharti University & SDG 4 Alignment

SDG Target	How Swami Vivekanand Subharti University Aligns
Universal access to quality education	NAAC ‘A’ Grade accreditation, extensive infrastructure, experienced research-oriented faculty
Tertiary and vocational education access	Offers UG, PG, Doctoral, Post-Doctoral, Super speciality degree programs with flexible exit points and distance learning
Skills for employment	Industry collaborations, skill development programs, workshops, hands-on training etc.
Education for all	Scholarships, distance education for remote/working learners
Education for sustainable development	Holistic development via cultural, wellness & eco-workshops

In essence, the university’s holistic, flexible, and inclusive approach to education strongly advances the core objectives of **UN SDG 4: Quality Education**. The institution makes significant contributions to equitable and lifelong learning opportunities for all—through its commitment to quality accreditation, state-of-the-art infrastructure, innovative learning models, skill development initiatives, and values-based growth.

Memorandum of Understanding (MoU) addressing the SDGs:

Memorandums of Understanding (MoUs) serve as vital instruments in advancing **Sustainable Development Goal 4 (SDG 4)**, which promotes inclusive and equitable quality education and lifelong learning opportunities for all. These agreements formalize partnerships among educational institutions, government agencies, NGOs, and private sector organizations. Through MoUs, the university facilitates student and faculty exchanges, collaborative research, curriculum development, joint academic programs, and resource sharing—directly enhancing both the quality and accessibility of education.

The university has established **85 national** and **23 international MoUs**, strengthening collaborative efforts toward the sustainable development of quality education. The overarching goal of these MoUs is to ensure the **holistic development of students** through enriched learning experiences and global academic engagement.

Innovations in Teaching Learning Methods:

The university's faculty employs a diverse range of **teaching and learning strategies** tailored to course requirements and students' learning preferences—addressing **kinaesthetic, visual, auditory, and reading/writing** learning styles. Students present **clinical cases** in a structured **SOAP (Subjective, Objective, Assessment, and Plan)** format, which strengthens their **critical thinking, scientific reasoning, communication, self-directed learning, and problem-solving skills**. Additionally, the use of **mind mapping techniques** enhances **analytical reasoning, critical thinking, and collaborative teamwork** among learners.

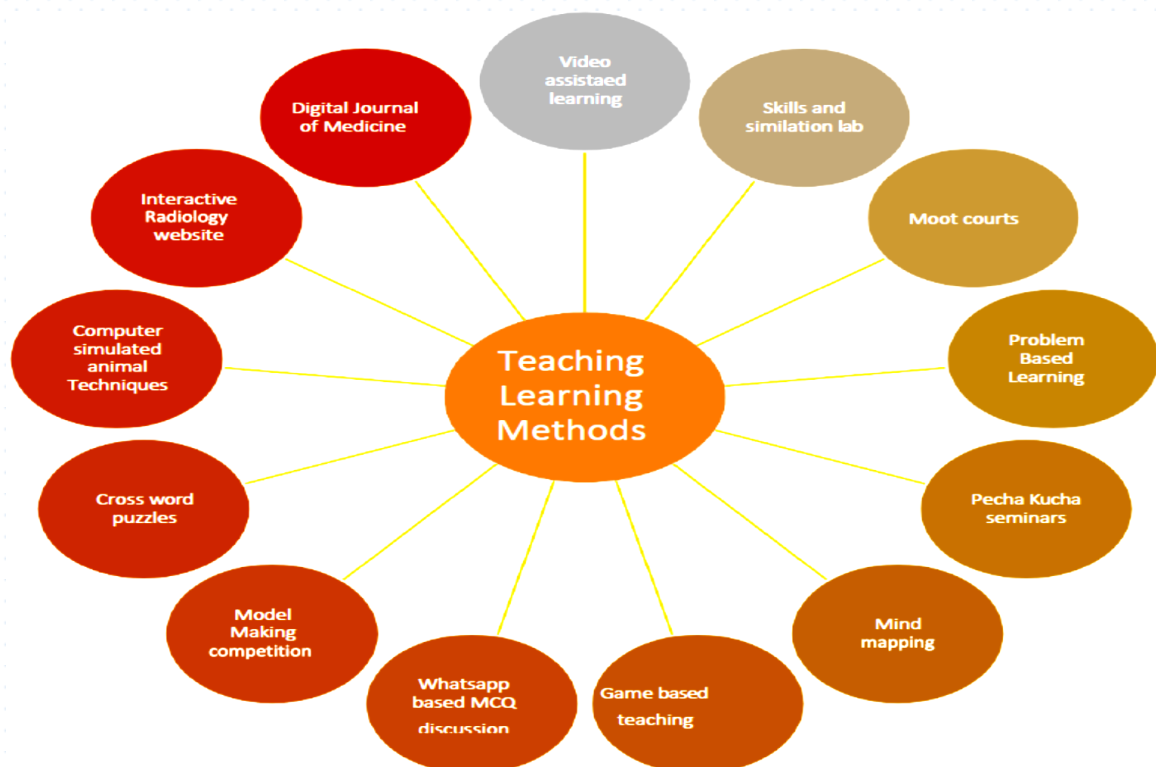

Fig. 6.0: Innovative Method used in Teaching Learning Pedagogy

Project work plays a crucial role in developing students' **communication skills, problem-solving abilities, scientific reasoning, critical thinking, teamwork, and self-directed learning**. The introduction of **block (modular) teaching** at the formative level provides opportunities to integrate various **student-centered learning activities** while enhancing **instructional flexibility**.

The faculty of **Swami Vivekanand Subharti University** adopts an **interprofessional education model**, engaging students from diverse healthcare disciplines. This approach fosters **collaborative learning**, strengthens **professional relationships**, and promotes a **team-oriented attitude**. Furthermore, the use of **IT-based frameworks**—including **online platforms, PharmD Info, and e-learning tools** — supports **active learning** and drives **pedagogical innovation** across programs.

Key Elements of UN Sustainable Development Goal 4: Quality Education

4.1 Research on Early Years and Lifelong Learning Education:

4.1.1 Quality Education: Paper Views:

The university demonstrates a strong commitment to **SDG 4.1.1 (Quality Education: Paper Views)** by ensuring that its research output is **widely disseminated, easily accessible, and socially impactful**. The consistent increase in paper views highlights the university's growing influence as a **knowledge hub**, actively contributing to **educational excellence, innovation, and global sustainable development**.

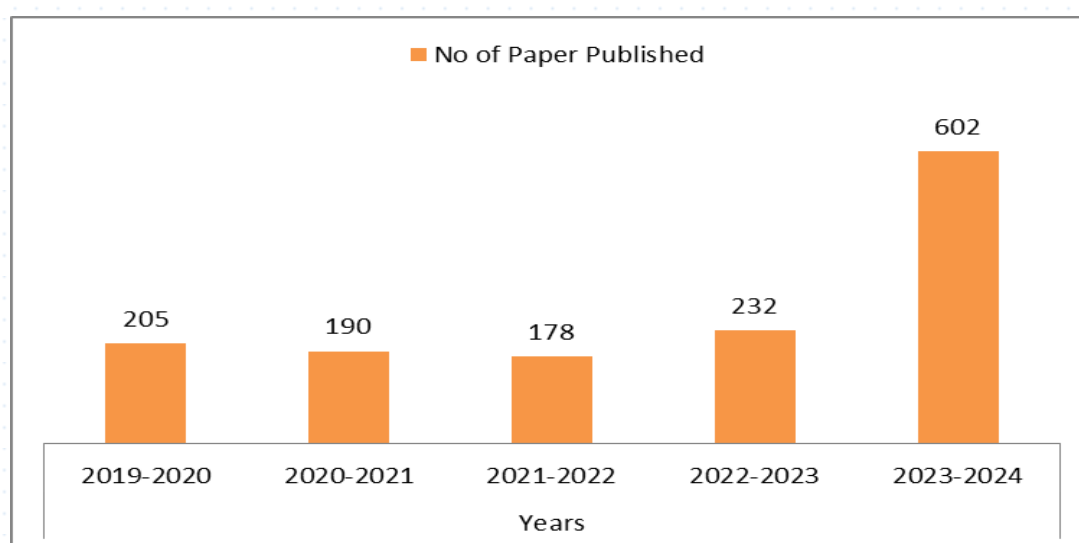

Fig.7.0: Research Paper Published by the Faculty Members of Swami Vivekanand Subharti University during the Academic Year 2023-24

4.1.2 Quality Education: Cite Score:

The university's strong **record of Scopus and Web of Science-indexed publications**, with an **institutional H-index of 26**, underscores its commitment to **high-quality research and academic excellence**. Faculty members actively publish their research in **CiteScore-recognised journals**, ensuring the dissemination of credible and impactful scholarly work.

Swami Vivekanand Subharti University:

- Enhances the **global visibility** and recognition of its research output.
- Promotes **student engagement** in research-oriented learning and innovation.
- Strengthens its alignment with **UN SDG 4.1.2 – Quality Education** by integrating **teaching, research, and impactful scholarship**.

4.1.3 Quality Education: Publications:

The university has established itself as a **significant contributor to the United Nations Sustainable Development Goals (UNSDGs)** through impactful research and innovation. In **2024**, a total of **41 research papers** affiliated with **Swami Vivekanand Subharti University** were published in the **Scopus database**, addressing various global goals. This reflects a **strong and focused research portfolio** across disciplines such as **medical, dental, engineering, and pharmaceutical sciences**.

The comparatively lower number of SDG 4-related publications does not indicate a gap in performance but rather highlights the university's **disciplinary focus and institutional strengths**. With a comprehensive cluster of **professional colleges—including Medical, Dental, Pharmacy, and Engineering**—the university's research output naturally aligns with **clinical, life science, and technical domains**, contributing meaningfully to global sustainable development.

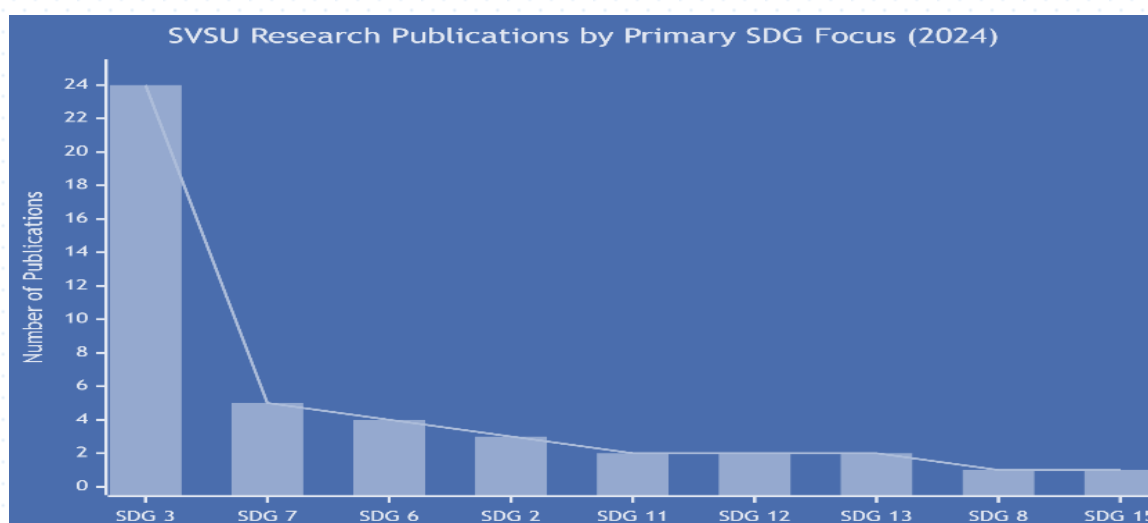

Fig.8.0: Number of Research Publication Aligning the SDGs

4.2 Research on Early Years and Lifelong Learning Education:

The university is strongly committed to advancing **Sustainable Development Goal 4.2**, which emphasizes access to quality early education and qualified teaching professionals. It ensures that all learners are prepared for primary education and benefit from well-trained educators. The university contributes to this goal by producing a strong pool of **graduates in teaching-related disciplines**, equipping them with the knowledge and skills to serve as **qualified educators** in **India and globally**.

4.2.1 Indicator: Proportion of Graduates with Relevant Qualification for Teaching in Academic Year 2023-2024:

The **174 academic programs** offered by the university reflect its **dedicated commitment** to developing graduates with formal teaching qualifications. Among these, several programs are **directly aligned with SDG 4.2.1**, emphasizing the preparation of qualified educators and the promotion of quality education.

Table 18: List of Programmes with Relevant Qualification for Teaching in Academic Year 2023-24:

S. No.	Name of Programme	Number of Degrees Awarded	Category
1.	Bachelor of Education (B.Ed.)	109	School Teaching
2.	Master of Education (M.Ed.)	11	Education Leadership
3.	Bachelor of Elementary Education (B.El.Ed.)	19	Elementary Teaching
4.	Bachelor of Physical Education (B.P.Ed.)	53	Physical Education
5.	Master of Physical Education (M.P.Ed.)	24	Physical Education
6.	Master of Arts (M.A.) – Yoga	7	Yoga Education
Total Teaching Graduates		223	

The proportion of teaching graduates is therefore calculated as: SDG 4.2.1 Proportion = (Number of B.Ed., M.Ed., B.El.Ed., B.P.Ed., M.P.Ed., and Yoga degrees awarded) / (Total number of undergraduate and postgraduate degrees awarded) * 100

Proportion for SDG 4.2.1 = $(223 / 1223) * 100 = 18.23\%$

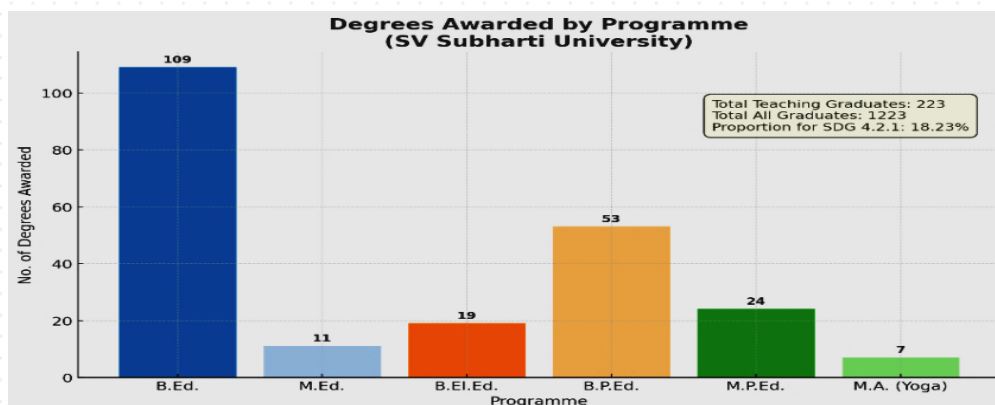

Fig.9.0: Number of Degree awarded in teaching related disciplines

The university is a **significant and impactful contributor** to **SDG 4.2.1**, focusing on the preparation of qualified educators. With **223 teaching graduates**, representing approximately **18.23%** of its annual output, the institution plays a **vital role in strengthening India's educational workforce**. Its **diverse program portfolio** supports multiple levels and specializations within the teaching profession, fostering academic excellence and professional readiness.

4.3 Lifelong Learning Measures

4.3.1 Public Resources (Lifelong Learning) During the Academic Year 2023-24:

The university demonstrates a **strong foundational commitment** to this goal through its extensive **physical infrastructure** and **health-focused community outreach initiatives**. Facilities such as the **library, e-library, sports complex, gymnasium, auditorium, and teaching hospital** function as valuable **public resources**.

The university's most impactful contributions lie in **non-formal, health-oriented lifelong learning**, offered through **free access** to its libraries, sports and gym facilities, as well as **medical services** provided during health camps, diagnostic programs, and **public health awareness campaigns**. These initiatives directly benefit the **regional and surrounding communities**, promoting well-being and inclusive access to learning and health resources.

However, the primary gap lies in the **structured, scalable, and digital dissemination** of the university's academic knowledge. There exists a significant opportunity to **formalize and expand open access** by developing a **Digital Open Access Repository**, translating **medical and academic expertise** into **public webinar series**, and creating **Open Educational Resources (OERs)** for broader reach.

Overall, the university serves as a **pillar of community learning**, particularly in the field of **healthcare education**. By strategically leveraging **digital platforms** to make its academic resources widely accessible, the institution can evolve from a primarily **institution-centered**

provider into a **regional leader in equitable, lifelong digital learning**—fully embodying the vision and spirit of **SDG 4.3.1**.

Swami Vivekanand Subharti University, contributing to lifelong learning, are as follows:

Open Education Programme:

A variety of undergraduate and postgraduate open education programs are available, including:

- Bachelor of Arts (BA)
- Master of Arts (MA)
- Bachelor of Commerce (B.Com)
- Master of Commerce (M.Com)
- Bachelor of Business Administration (BBA)
- Master of Business Administration (MBA)
- Bachelor of Journalism & Mass Communication (BJMC)
- Bachelor of Library & Information Sciences (BLIS)

- Master of Library & Information Sciences (MLIS)
- Master of Arts (MA) – Buddhist Studies

Physical Infrastructure as a Public Resource:

The university campus serves as a **vital resource for lifelong learning**, offering an environment that supports both academic and community engagement. Its **eco-friendly infrastructure, lush green surroundings, cafeteria, and Wi-Fi-enabled campus with CCTV surveillance** ensure a **safe, inclusive, and conducive learning atmosphere** for all members of the community. Although these facilities are primarily designed for students, the university's **community access initiatives** effectively transform them into valuable **public assets**, fostering learning and interaction beyond the classroom.

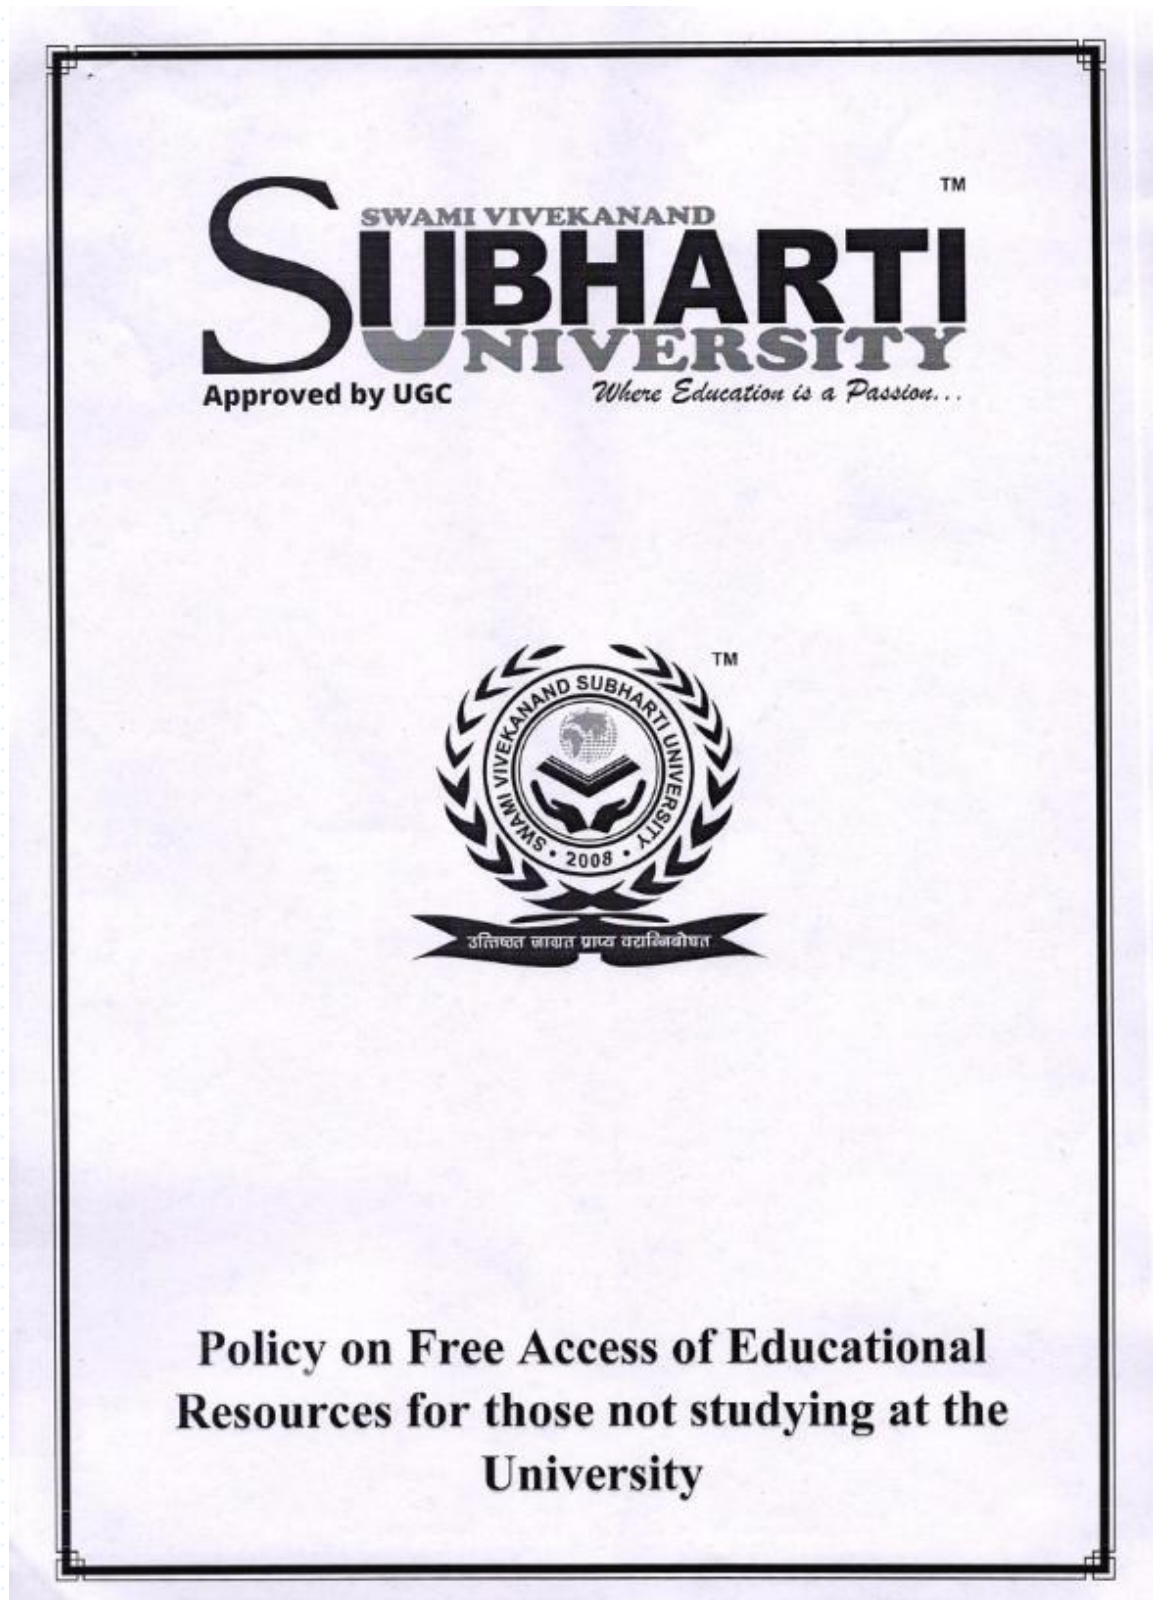

Fig.10.0: Outside Students Accessing the Campus Facilities Free of Cost

Central Library:

The University has implemented several **initiatives to provide access to educational resources** for individuals beyond its enrolled students. Its **central library** serves as a major knowledge hub, housing an

extensive collection of **books, journals, and periodicals** accessible to the wider community. The library holds **189,547 text and reference books**, along with **62 international** and **128 national journals**, reflecting the university's commitment to **inclusive and open access to quality educational materials**.

A policy has been drafted for the same and submitted to the IQAC for further approval.
(Annexure-I)

Policy on Free Access of Educational Resources for those not studying at the University

S. No.	Particulars	Description
1	Policy Number	U-07/SVSU/2024/2087
2	Policy Structure	The University encourages the advancement of knowledge and community learning by allowing free access to designated educational resources. Access will be based on identity verification, adherence to rules, and use of University designated facilities during approved hours.
3	Scope of the Policy	This policy applies to: - Access to designated university library reading spaces, computers, digital learning zones, and use of open learning materials during notified hours, subject to University norms and campus discipline guidelines. - Attendance in specified open lectures, seminars, and academic talks for external participation will be subject to adherence to classroom etiquette and the University's codes of conduct. - Access to University academic support services designated for external learners, as permitted by University authorities and within available capacity. - Entry to campus and learning spaces is subject to identity verification and security protocols, including visitor registration, access-card / gate-pass issuance, and compliance with security checks. This policy does not apply to: - Examination-related materials, internal academic content, or restricted databases. - Borrowing of physical library books without formal membership. - Paid certificate programs, professional training programs, and research labs require academic affiliation.

1. Purpose

This policy aims to promote equitable learning opportunities and community academic development by offering free access to specified educational resources of the University to individuals who are not enrolled as University students. This initiative supports lifelong learning, academic collaboration, and aligns with national education priorities and global educational development goals (SDG-4).

2. Objectives:

The objectives of this policy are to:

- A. **Promote Equitable Access** – Ensure that specified educational resources are accessible to all learners, regardless of location, institutional affiliation, or economic background.
- B. **Encourage Lifelong Learning** – Support continuous education and skill development for students, professionals, and the general public.
- C. **Maximize Utilization of Institutional Knowledge** – Make full use of resources produced by the university for the benefit of society.

3. Eligible Beneficiaries

Access will be granted to the following categories:

- Identified school students and teachers from the local region
- University aspirants and competitive exam learners
- Researchers, educators, and community learners
- Senior citizens and lifelong learning enthusiast
- Visitors from outside the defined community or organized groups may access resources upon prior approval from the University.

4. Guidelines for Use

To ensure effective and responsible use, the following rules shall apply:

- Entry shall require prior registration and valid ID proof.
- Access will be available on working days during announced hours, without affecting regular academic schedules.
- Users shall bring their own stationery and devices, where required.
- Users must maintain discipline, dress appropriately, and follow campus conduct rules.
- Online access/lectures will be view-only; download/sharing without permission is not allowed.
- Academic spaces must be used only for learning purposes; misuse or disturbance will lead to access withdrawal.
- Commercial training, coaching, or group activities require prior University approval.
- The University retains the authority to revise access hours, suspend access temporarily, or withdraw permissions in case of misconduct or institutional requirement.

5. University Support, Roles and Responsibilities

The University's Library Department shall:

- Provide supervised access to designated study and digital facilities.
- Offer orientation or guidance for external learners when required.
- Facilitate awareness about available academic resources.
- Manage access permissions, supervise user activity, and maintain resources.
- Maintain user registration records, attendance logs, and feedback.

The University's IT Department shall:

- Ensures secure digital access, maintain systems, and protect academic content

6. Review

- Policy will be reviewed as and when required by the University to enhance learning access and security

Fig. 11.0: Outside Students Accessing the Library Facilities Free of Cost

Public Access Analysis:

Typically, **public access to the university library** is facilitated through **visitor memberships** or **referral programs**; however, this initiative could be **more prominently promoted** as a dedicated **community service**. In addition, the university's **sports and recreational facilities** hold great potential for hosting **inter-school tournaments** and **community sports events**, thereby fostering **physical literacy, well-being**, and the spirit of **lifelong health and learning**.

Fitness Centres:

University offers these fitness facilities for overall development of students as well as community peoples. The community peoples can freely access the facility by providing their necessary details.

Gymnasium:

The university campus houses **two well-equipped gymnasiums for boys** and **one dedicated gymnasium for girls**, each supervised by **qualified trainers**. Access to these facilities is available to both **university students** and **members of the external community**, in accordance with the university's established policies. This initiative promotes **fitness, well-being**, and a **healthy lifestyle** among all participants.

Fig. 12.0: Free Access of Gymnasium Facilities at University Campus

Yoga – Yoga is widely recognized as one of the most effective practices for achieving **holistic development**—nurturing both the **body and the mind**. The **Department of Naturopathy and Yogic Sciences** at **Swami Vivekanand Subharti University** regularly conducts **free yoga sessions** on campus, promoting **physical fitness, mental well-being**, and **spiritual harmony** among students, staff, and community members.

Fig. 13.0: Free access of yoga and meditation centre at university campus

Subharti Hospital: The **Subharti Hospital** serves as a **dynamic hub for public engagement and practical learning**, representing one of the university's most impactful contributions to **SDG 4.3.1 (Lifelong Learning Opportunities for All)**. The **Chhatrapati Shivaji Subharti Hospital** is equipped with **25 spacious wards, 12 major and 7 minor state-of-the-art operation theatres**, and a **well-equipped premature nursery ward** for neonatal care. It also houses **seven specialized ICUs** for critically ill patients — including **Surgical, Burn, Medical, Cardiac, Pulmonary, Paediatric, and Neonatal** units — along with a **25-bed Accident and Trauma Centre**.

These facilities not only provide essential healthcare services to the community but also offer students **hands-on clinical exposure and experiential learning**, embodying the university's mission to integrate **education with service and sustainability**.

The **Intensive Care Units (ICUs)** of **Chhatrapati Shivaji Subharti Hospital** are equipped with **state-of-the-art life-saving, therapeutic, and monitoring equipment**, including **ventilators, Bi-PAP, NIBP monitors, multi-parameter systems, infusion pumps, phototherapy and radiant warmer units, defibrillators**, and other advanced devices. Each unit is supported by a **central gas and suction facility** and staffed with **highly trained and qualified paramedical professionals** available **round the clock**.

The hospital also features **modern diagnostic and therapeutic facilities**, such as **MRI (1.5 Tesla), DSA, Spiral CT (128 Slice), PCR, Mammography, Modified ECT, EEG, Sleep Study, NCV, EMG, PUVA, PTA, BERA, FESS, Colour Doppler, TMT, Holter Monitoring, ECHO, Endoscopy, Paediatric Endoscopy with Cardiography, CO₂ Laser, Endo-bronchial USG, PFT, Video-Bronchoscopy, Glaucoma and Retina Services, Green Laser,**

Angiography, OCT, Harmonic Knife, Bac-T Alert, Vi-Tek, Hemo and Peritoneal Dialysis Units, Blood Bank, Blood Component Services, and ICTC, among others.

Subharti Hospital provides **free OPD services** on designated days across multiple disciplines, including **General Medicine, Surgery, Orthopaedics, ENT, Obstetrics & Gynaecology, Paediatrics, Dermatology and Venereology, Psychiatry, Ophthalmology, Rehabilitative Medicine, and Respiratory Medicine**. In addition, **super-specialty clinics** are offered in **Plastic Surgery, Endocrinology, Cardiology, Neurology, Paediatric Neurology, Haematology, Immunology, Rheumatology, and Nephrology**.

Beyond healthcare delivery, the hospital actively fulfills its **social responsibility** by implementing various **National Health Control Programmes** such as **Blindness Control, NRHM, Blood Safety, AIDS Control, and Mental Health initiatives**, as well as organizing **outreach health camps and blood donation drives**—thereby strengthening its commitment to **community welfare and public health education**.

Fig.14.0: Chhatrapati Shivaji Subharti Hospital at Swami Vivekanand Subharti University

Free Medical & Health Camps:

The University **regularly organizes free health camps** for **medical check-ups, diagnosis**, and, most importantly, **public education on preventive healthcare, disease awareness, and healthy living practices**. These initiatives are collaboratively conducted by the colleges of **Medicine, Dentistry, Nursing, Pharmacy, Physiotherapy, and Naturopathy**, ensuring a multidisciplinary approach to community wellness. This embodies **lifelong learning in its most essential form**, where knowledge is translated into **health awareness and societal well-being**.

Fig.15.0: Free Medical and Health Camps Organised by University in Nearby Villages

Public Access Analysis:

The University conducts **free health camps, diagnostic services, and public health awareness workshops**, offering valuable opportunities for **non-formal education in health and well-being**. These initiatives directly benefit **thousands of community members**, promoting preventive healthcare and fostering a culture of **lifelong learning and social responsibility**.

Legal Aid & Awareness Clinics:

The Subharti College of Law regularly organizes **free legal aid and awareness clinics** that provide **legal guidance** and **educate the public about their rights and legal processes**, thereby **empowering individuals through knowledge and access to justice**.

Fig.16.0: Free Legal Aids and Awareness Clinics Organised by University

Cultural and Social Awareness Events:

The university regularly organizes **events and activities** around **festivals, environmental observances** (such as **International Yoga Day** and **World Environment Day**), and **social awareness themes**. These events actively encourage **community participation** and are designed to **integrate educational messages** that promote **social responsibility and environmental consciousness**.

Digital Access to Educational Resources

The university's **online academic resources**—including **syllabi**, **lecture notes**, **video lectures**, and **research publications**—are currently hosted within a **secured login portal**, accessible only to **enrolled students and faculty members**. At present, there is **no dedicated Open Educational Resource (OER) repository** or **Massive Open Online Course (MOOC) platform** offering free public access to the university's academic content. Establishing such platforms would represent a **transformative step toward promoting inclusive, lifelong learning** and advancing the principles of **SDG 4: Quality Education for All**.

4.3.2 Public Events (Lifelong Learning) During the Academic Year 2023 – 2024:

The university consistently undertakes initiatives to **promote lifelong learning through public educational events**, aligning strongly with **SDG 4.3.2**, which emphasizes **free access to knowledge and skills for all members of the community**, beyond enrolled students. By organizing a wide range of **seminars, workshops, cultural-educational festivals, and public or guest lectures**, the university reinforces its role as a **hub of community-based education**.

All listed events are **open to the public** and **announced on the university's official website**, ensuring transparency and accessibility for community members. The topics covered—ranging from **career guidance, educational philosophy, interfaith dialogue, to entrepreneurship**—offer valuable learning opportunities that extend beyond traditional academic curricula.

Key initiatives undertaken by Swami Vivekanand Subharti University in alignment with **SDG 4.3.2** are outlined below:

Open Seminars and Public Lectures — The University regularly organizes **guest lectures and public talks** covering diverse themes such as **education, health, law, and social development**. Bhikaji Cama Subharti College of Hotel Management, SVSU, organized a Public Awareness Campaign on the theme of *Jal Hi Jeevan Hai* on the occasion of World Water Day on 22/03/2024. The campaign aimed to raise awareness among school students and the villagers about the importance of water conservation and the need to protect this precious resource.

The event started with a speech by Dr. Dhananjay Srivastav, Assistant Professor, BCSCHM who highlighted the significance of World Water Day and the importance of water conservation. He emphasized that water is a precious resource and that everyone should make an effort to conserve it.

The students and faculty members then proceeded to organize various activities and events to spread awareness about water conservation. These activities included a poster-making competition, and Speeches by students. The poster-making competition saw students showcase their artistic skills and create beautiful posters with slogans highlighting the importance of water. The campaign also included a rally in which students and faculty members marched through the streets with placards and banners carrying messages on water conservation. The rally was attended by a large number of villagers, including school students, teachers, and members of the public.

The event was a huge success, with students and members of the public participating in the various activities and events. The campaign was able to raise awareness about the importance of water conservation and the need to protect this precious resource. It is hoped that such initiatives will encourage people to take action to conserve water and ensure that it remains available for future generations.

During the events villagers support the team members and during the activity 30 students and 2 faculty members were present.

Report on the World Environment Day Campaign Organized by Bhikaji Cama Subharti College of Hotel Management, SVSU

Introduction:

On 5th June 2024, Bhikaji Cama Subharti College of Hotel Management, SVSU, successfully organized a World Environment Day campaign, dedicated to raising awareness about environmental conservation and promoting tree plantation. The event, held at Kalanjari Village, Jani Khurg, Meerut, aimed to engage students and villagers in activities that underscore the importance of protecting our environment and preserving natural resources for future generations.

Objective:

The primary objectives of the World Environment Day campaign were:

1. To Raise Environmental Awareness:

- Educate school students, villagers, and participants about the significance of environmental conservation and the role each individual plays in maintaining ecological balance.

2. To Promote Tree Plantation:

- Encourage active participation in tree planting activities to combat deforestation, reduce carbon footprints, and enhance green cover in the local area.

3. To Foster Community Involvement:

- Engage the local community, including students and villagers, in collective efforts to protect the environment, thereby fostering a sense of responsibility and stewardship.

Activities Conducted:

The campaign included a variety of activities designed to educate, engage, and inspire participants:

1. Awareness Sessions:

- Faculty members and student volunteers from Bhikaji Cama Subharti College of Hotel Management conducted interactive sessions with the villagers and school students. These sessions highlighted the importance of environmental conservation, the impact of deforestation, and the benefits of planting trees. Visual aids, such as posters and charts, were used to enhance understanding.

2. Tree Plantation Drive:

- The central activity of the campaign was the tree plantation drive. Students, faculty members, and villagers enthusiastically participated in planting saplings in designated areas of Kalanjari Village. The saplings included a mix of fruit-bearing and shade-providing trees, chosen for their adaptability to the local climate and soil conditions.
- **Species Planted:**

- Saplings of mango, neem, and banyan trees were planted during the drive. These species were selected due to their environmental benefits, such as air purification, providing shade, and enhancing soil fertility.
- **Process:**
 - Before the planting began, participants were given a brief demonstration on the proper techniques for planting and caring for young trees. This ensured that the saplings would have the best chance of survival and growth.
- 3. Pledge Ceremony:**
 - At the conclusion of the event, all participants took a pledge to continue protecting the environment in their daily lives. They committed to reducing waste, conserving water, planting more trees, and spreading awareness about environmental issues within their communities.

Participation:

The campaign saw active participation from various groups:

- 1. Students:**
 - Students from the Bachelor of Hotel Management and Catering Technology (BHMCT), Master of Hotel Management and Catering Technology (MHMCT), and B.Voc. H&T programs participated enthusiastically. Their involvement in both the awareness sessions and the tree plantation drive demonstrated their commitment to environmental conservation.
- 2. Faculty Members:**
 - Faculty members from Bhikaji Cama Subharti College of Hotel Management guided the activities and provided valuable insights during the awareness sessions. Their leadership ensured that the campaign was educational and impactful.
- 3. Villagers and School Students:**
 - The local community, including school students and villagers from Kalanjari Village, participated actively in the event. Their involvement was crucial in spreading the message of environmental conservation beyond the immediate academic environment.

Outcomes:

The World Environment Day campaign yielded several positive outcomes:

- 1. Increased Environmental Awareness:**
 - Participants gained a deeper understanding of the importance of environmental conservation and the practical steps they can take to protect the environment. The awareness sessions helped instill a sense of responsibility towards nature among the villagers and students.
- 2. Contribution to Local Ecology:**
 - The tree plantation drive resulted in the planting of over 100 saplings, contributing to the greening of Kalanjari Village. These trees will help improve air quality, provide habitat for wildlife, and contribute to the ecological balance of the area.
- 3. Community Engagement:**

- The campaign successfully engaged the local community, fostering a sense of unity and collective responsibility. The active participation of villagers and students demonstrated the campaign's success in building a community committed to environmental stewardship.
- 4. Long-Term Impact:**
- The event not only had an immediate impact on the participants but also laid the groundwork for ongoing environmental efforts in the community. The pledge taken by participants is expected to lead to further initiatives aimed at conserving the environment.

Challenges and Solutions:

While the campaign was largely successful, a few challenges were encountered:

- 1. Logistical Coordination:**
 - Coordinating the transport of saplings and participants to the remote location of Kalanjari Village required careful planning. To address this, the college arranged for transportation and collaborated with local authorities to ensure smooth logistics.
- 2. Ensuring Sapling Survival:**
 - Ensuring the survival of the planted saplings was a concern. To mitigate this, participants were provided with guidance on post-planting care, and local villagers were encouraged to take responsibility for watering and protecting the young trees.

The World Environment Day campaign organized by Bhikaji Cama Subharti College of Hotel Management was a resounding success, achieving its objectives of raising awareness about environmental conservation and promoting tree plantation. The active participation of students, faculty members, and the local community ensured that the event was both educational and impactful. As the planted saplings grow, they will serve as a lasting reminder of the collective effort made to protect and preserve the environment. The college remains committed to continuing such initiatives, fostering a culture of environmental responsibility among its students and the broader community.

**Report
of
SEVEN DAY/NIGHT NSS SPECIAL CAMP – 2024
15th MARCH -21st MARCH 2024**

Introduction

National Service Scheme (NSS) is a Central Sector Scheme of the Government of India, Ministry of Youth Affairs and Sports that provides the opportunity for students to take part in various government programs and camps. This expresses the essence of democratic living, upholds the need for selfless service and appreciation of the other man's point of view, and underlines that the welfare of the individual is ultimately dependent on the welfare of society as a whole. Therefore, it should be the aim of the NSS to demonstrate this motto in its day-to-day programs.

Special Camping forms an integral part of the National Service Scheme. It has special appeal to the youth as it provides unique opportunities to the students for group living, collective experience sharing and constant interaction with the community. They are organized generally on various developmental issues of national importance.

This year, a Seven Day/Night NSS Special Camp – 2024 was organized by NSS Unit-iii of Swami vivekanand subharti University, Meerut U.P from 15th March – 21st March, 2024 where the theme was 'Green India Clean India'. The main objectives of this camp were to

Seven Day/ Night NSS Special Camp

Special Camping forms an integral part of National Service Scheme. It has a special appeal to the youth as it provides unique opportunities to the students for group living, collective experience sharing and constant interaction with the community.

The primary objectives of the special camping programs are:

- Making education more relevant to the present situation, to meet the felt needs of the communities and supplement the education of university/college/school students by bringing them face to face with the prevailing situation of the community.
- To provide opportunities for students to play their due roles in the implementation of various development programs by planning and executing development projects, which not only help in creating durable community assets in rural areas and slums but also result in the improvement of the condition of weaker sections of the communities.
- Encouraging the students and non-student to work along with the adults in rural areas, thereby developing their character, social consciousness and commitment, discipline and healthy and helpful attitudes towards the community.

- Building potential youth leaders by exploring the latent potential among the campers, both students as well as local youth (rural and urban), with a view to involve them more intimately in development projects for longer periods. The local leadership generated during the camps would also be useful in ensuring proper maintenance of the assets created as a result of the camps.
- Emphasizing the dignity of labor and self-help and the need for combining physical work with intellectual pursuits, and encouraging youth to participate enthusiastically in the process of national development, and promote national integration through democratic living and cooperative action.

The Seven Day/Night NSS Special Camp – 2024 from 15th March to 21st March, 2024. During the camp, a plethora of activities was organized under the dynamic leadership of NSS Programme Officers – Mrs. Shivani Bhadouriya

TITLE OF THE ACTIVITY: Inauguration *cum* orientation session

Date: 15 March 2024

Number of NSS Volunteers participated: 50

Objectives-

1. To acquaint the volunteers with the aims and objectives of NSS camp.
2. To motivate and recognize the efforts of the volunteers and instill the idea of personality and character development through social work.
3. To administer NSS rally to promote a clean and safe environment.

The Event

Seven day special camp of Subharti NSS started by Build personality through community service Gen. Thapliyal Meerut (Friday, March 15, 2024): A seven-day special camp of Unit-3 of the National Service Scheme (NSS) of Swami Vivekanand Subharti University has been started from 15th March in village Khajuri (Block Parikshitgarh), Meerut. Vice Chancellor Major General (Dr.) G.K. Thapliyal flagged off the NSS volunteers from the University campus for the camp. In the flag off program organized on this occasion, Vice Chancellor General Thapliyal said that the primary objective of NSS is to develop the personality and character of the students through voluntary community service. 'Education through service' is the objective of NSS. Addressing the volunteers, he said that the purpose of getting education is also related to service to the society.

Motivating the volunteers, Dr. Thapliyal said that development schemes have to reach every citizen and NSS volunteers can play a big role in it and can realize the dream of a "Viksit Bharat". Principal & Dean of Dental College, Dr. Nikhil Srivastav said that the first objective of Subharti family is also social service and NSS plays a part in it. He told the volunteers that it is important to know the rural environment where the common man lives. On this occasion, NSS Program Coordinator of the University, Dr. S. C. Thaledi told that four units of National Service Scheme are working in Subharti University and all the units will organize seven-day special camps in rural areas in the month of March.

With this, students will do development related awareness programs in rural areas. Under this, Volunteers will spread the awareness about cleanliness, health, vaccination, voter awareness, digital literacy, clean drinking water, environmental awareness; educate daughters, save daughters, water conservation, rural development schemes etc. NSS Unit 3 Program Officer Shivani Bhadauriya said that only 50 volunteers have been selected out of 100 volunteers from Nursing, Dental, Naturopathy and ParaMedical colleges for the camp. After this successful seven-day camp, the volunteers will be given a certificate for working for 120 hours. This certificate will be an important document for the future of the students. On this occasion, Dr. Sanchit Pradhan from Dental College, Dr. Abhijeet from Naturopathy, Pushpendra Kumar from Paramedical, Program Officer of Unit- 4 Vishal Kumar etc. were present.

INAUGURATION CEREMONY

The Inaugural ceremony began at 11:00am in the presence of Gram Pradhan Mrs. Afshana Khajuri, Meerut U.P., Mr. Farhat Community medicine department, Mr. Pushpendra Asst. Prof. Paramedical college, Mrs. Shivani Bhadauriya Programme officer. It was followed by the welcoming of the chief guest with a token of gratitude and Mrs. Shivani Bhadauriya NSS officer praised the volunteers for their enthusiastic participation and lauded their efforts and services. Chief guest of this event shared our thoughts and encouraged the volunteers.

After the inauguration ceremony one NSS rally was conducted in Khajuri village by the volunteers. Clean-up drives are an effective way to clear waste from natural habitats. Moreover, the visual impact of seeing others cleaning up a particular place littered with waste can have a domino effect and compel people to reflect on their actions. All volunteers engaged in the cleaning activity where they stay for 7 days. All the volunteers were divided into various committees and each volunteer was allotted different committees according to their interests. For each day volunteers were given responsibilities.

The different committees were the namely Discipline committee, Hospitality committee, Documentation committee, Photography committee, Stage management and Cultural committee. Every day morning the Volunteers undergo a warm up exercises or suryanamaskar for 30 to 40 minutes. In the evening session, To improve the stage daring and communication skill every volunteer gave speech about her/his own interesting subject, activity was conducted by the volunteers. It was to promote the sense of "humor" among the team. The subject regarding the recent trends or issue of health & their improvement strategies, life threatening diseases, importance of hygiene, water conservation and Cleaning drive, Social Issues, Importance of education, woman empowerment, gender equalization were shaped artistically by the volunteers. The night activity at the hostel was filled with fun and interaction.

These basic conversation sessions aimed at improving communication skills and to develop confidence in the volunteers and learn lessons from each other's life experiences. The day was filled with various new experiences which for sure helped each one of us to grow in one way or the other.

DAY -2 ACTIVITY

THEME-“CLEAN INDIA GREEN INDIA”

The NSS Volunteers had done “sawchta-relli” in the village with the banners and posters for giving message of cleanness. Volunteers also try to discuss with Village peoples for their problems and how to solve all.

In the evening session our Program officers interacted with the volunteers to encourage and enlighten them with their words and how to contribute to society and have a different outlook.

Objective: The rally was conducting keeping in mind the following goals:

- To create awareness on cleanliness.
- To encourage the residents of the village, to be part of cleanliness drives and practice it regularly.
- To depict that with unity or togetherness significant change can be brought in the society.
- The aim was to create awareness among village people about the depletion of natural resources, their sustainability, importance and various techniques to protect them.

Methodology: It was an open-ended discussion, whereby volunteers were allowed to keep their views and interact with the PO's and other students. Through interaction and various live examples, they portrayed the significance of NSS and social work in general.

Impact: As a result of this, the volunteers were able to develop confidence in them and thought of inculcating self-evaluation as a necessary means to comprehend themselves and their inner capabilities. This discussion also helped them to know how social work can become their profession and passion

and on the other hand its worth in academics. Later, at night the volunteers made posters on various themes such as "Swachhta" and "Water Conservation". The night activity is what helped the volunteers mingle with each other and gain their confidence through basic interaction.

DAY-3 ACTIVITY — THEME-MERA PEHLA VOTE DESH KE LIYE CAMPAIGN

Day three starts with yoga and exercise. Through this activity, the volunteers also gave the message of Fit India and also openly discussed the benefits of yoga and meditation. After this, the volunteers conducted a voter

awareness rally. from Panchayat ghar Khajuri volunteers went door to door in the village, and told about the importance of voting and the process of how to get a Voter ID card.volunteers also went door to door and got people to pledge to vote.

OBJECTIVE-

TO enhance the awareness regarding voting.

To improve the knowledge about the importance of voting.

Impact: The villagers were motivated by the awareness rally hence they participated in it actively which set the foundation for future activities to be held in the village. The rallies are symbolic of, “Mera Pehla Vote Desh Ke Liye”

DAY-4 ACTIVITY

THEME- "BETI BACHAO BETI PADHAO"

In the morning volunteers started their day with some exercise. The fourth day's action was based on the theme of Beti Bachao, Beti Padhao, in which the volunteers also conducted rallies and street plays, later they made people aware or expressed their views about women empowerment. In the evening the volunteers discussed their thoughts and shared experiences from the entire routine.

DAY-5 ACTIVITY

THEME –“JANANI SURAKSHA ABHIYAN”

Awareness on Women Health and Menstrual hygiene . The aim was to highlight health related issues faced by the women with a special focus on Menstrual Hygiene and the importance of Happiness which can be achieved through sound mental health.

Objectives:

- To highlight various health related issues faced by the women with special focus on Menstrual Hygiene
- Eradicate social taboos and myths regarding menstruation.
- Proper disposal of sanitary napkins.

women are more prone to Cancer because of the various problems such as PCOD/PCOS; white discharge; cyst tumour; irregularity in their menstrual cycle. He discussed the early signs as well as the reasons for development of these problems. This was followed by a live demonstration of the effectiveness of the sanitary napkins with the motive to spread the message among the volunteers to be more cautious while choosing their sanitary napkins. Along with this, volunteers also made women aware on issues like digital awareness and cyber fraud.

Impact: This was one of the most amazing interactive sessions in which the volunteers learned about the menstrual hygiene management. The students learnt various facts about it and how to dispose a sanitary napkin and its various substitutes. It also helped to wipe out conventional taboos in relation to periods. In all fifth day of NSS camp was a reflection of new ideas and insight.

DAY -6 ACTIVITY THEME- "HEALTHY INDIA"

On the day 6 NSS volunteer conducted free health camp and free medicines were also distributed for this activity, doctor Pawan and Dr.Chhavi department of community medicine SVSU and their poor health team also participated, they also motivated the volunteers and rula Mr. Farhat also explained the need for health awareness in the areas. Community medicine department also supported and motivated the volunteers. Around 96 Patient checked during the camp & Free medicines alsoprovided for to the needy people.In the evening Volunteers did fun activities and played games.

Objective –

To provide free health check ups for needy people

To improve village health status

Impact –

The volunteers with this learnt to showcase their ideas well and how to involve large number of people to bring change towards health. The activity paved a way for the members to know each other better. There had been free camp successfully completed .

DAY-7 ACTIVITY

THEME-“CLEAN INDIA GREEN INDIA”

The aim of valedictory was to put forth the endeavours done by the NSS unit during the camp and to show the glimpses of the Seven Day and Night Camp- 2024 based on the theme Swachh Bharat Abhiyan, Beti Bachao Beti Padhao, Jal Shakti Abhiyan, Fit India, Mera Pehla vote desh ke liye. Apart from this, the camp also promoted the idea, vision and theme of „Ek Bharat Shreshtha Bharat“. As it was the last day of the camp, the NSS volunteers piloted a Cultural Event which included various cultural performances and a full overview of the camp was also given. The event was graced by Mrs. Afshana Gram Pradhan Khajuri Meerut. After welcoming him we commenced our event by remembering our NSS founders and singing NSS Song. Saraswati vandana was recited by our NSS volunteers to seek the blessings of Goddess Saraswati. A full report about the activities conducted in the camp was given by our NSS volunteer. A heartfelt speech was given by Mrs. Shivani to make the students aware about the true meaning of being a NSS volunteer. He asked the volunteers to always strive for selfless help and relish the meaning of being a NSS volunteer in its true sense.

Our NSS volunteers have been working all over the year to serve the community and bring the best out of them but there are some volunteers who have put their heart and soul throughout the year and especially during the camp. So to acknowledge those volunteers the Award of Appreciations were given to them. In the evening, volunteers did plantation in the school and Aaganwadi. Gram Pradhan, school principal, Aaganwadi workers and school children and volunteers also participated in this activity.

OBJECTIVE-

- To bring out the best in students and help them to discover their capabilities.
- The Program Officers, with the help of number of examples explained the importance of social work and moreover, how it contributes in the development of an individual.
- The purpose of NSS and how it contributes in individual and social development.
- How volunteers can make social work their profession

Objective of the Activity: The International Day for Biological Diversity traces its roots back to a pivotal decision made by the United Nations General Assembly in 2000. The primary goal behind this initiative was to champion the preservation and sustainable utilisation of the diverse array of life on our planet.

Description: "Biodiversity Day" on 22 May 24 was celebrated by Panna Dhai Maa Subharti Nursing College and Environment committee Swami Vivekanand Subharti University Meerut. In this programme two events were organised as Plantation drive and Poster competition. The programme was initiated by the lighting of lamp in front of Goddess Sarasvati at 10:00 am followed by Sarasvati Vandana by the PDMSNC students. The programme was attended by the students from different constituted college of SVSU, faculty members of PDMSN College, SVSU, Meerut and Dr Mahek, Dr tripti, Lab technician and staff nurse of Rohta Chc. In this program 50 students from colleges were participated in all two different events..

Outcome of the Activity: This program is helpful to create awareness related to Biodiversity ecological system and effect of climate change on health and life including water bodies, air and soil. As have been degraded since the 1700s, and we are losing Biodiversity three times faster than forests. Yet, biodiversity are critically important ecosystems that contribute to biodiversity, climate mitigation and adaptation, freshwater availability, world economies and more. So it is an urgent need to react and save the water bodies from further degradation. Keeping this view this one-day program has been organised by the university

We offer our sincere thanks to hon VC svsu sir and all members of university environment committee for guidance and motivation and Horticulture dept coordinator for the activity of plantation drive

1. Introduction

Swami Vivekanand Subharti University, inspired by the teachings of Swami Vivekanand, upholds education as a means for character building, self-reliance, and national service. Guided by the motto "*Learn 24x7 Anytime Anywhere*," the University fosters a lifelong learning ecosystem that integrates inclusivity, flexibility, and accessibility.

Aligned with the National Education Policy (NEP) 2020 and United Nations Sustainable Development Goal 4 (SDG 4) — "*Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all*" — this Policy provides a structured framework to promote continuous education and skill enhancement across all stages of life.

2. Objectives

- A. To provide free access to *designated* educational resources for learners not enrolled at the university.
- B. To conduct regular educational and awareness events open to the general public.
- C. To organize vocational and skill-based training programmes accessible to all members of society.
- D. To promote outreach education and community engagement that extends beyond the university campus.
- E. To ensure equitable participation in lifelong learning activities, free from discrimination based on gender, religion, ethnicity, disability, or immigration status.

3. Policy Provisions

- The university library and digital repositories will provide open access to earmarked books, journals, and learning materials for community users not enrolled in the university as per the university's norms.
- University's earmarked free e-learning resources, including lectures, recorded seminars, and open courses will be accessible through the university website.
- The university will organize public seminars, webinars, conferences, and awareness programmes on contemporary issues such as health, environment, sustainable development, gender equality, and social justice. These events will be publicly announced through the university media, official website, and community networks to ensure open participation.
- The university will conduct extension activities and community teaching programmes in adopted villages, nearby schools, and social welfare centres through NSS, NCC, and various other university's departments targeting the marginalised society.
- Participation in identified lifelong learning activities will be open to all individuals without discrimination on the basis of ethnicity, religion, disability, gender, or immigration status as per the university's norms.

2020-08-06

- The university's Equal Opportunity Cell will ensure inclusivity and address grievances related to access or discrimination.

4. Implementation and Monitoring

- Annual reports on lifelong learning and outreach activities will be compiled and submitted to the Internal Quality Assurance Cell (IQAC) of the University by each respective faculty/college of the university. The IQAC will analyse the report and prepare an action plan to bridge the gap.

5. Review and Revision

- This policy shall be reviewed as and when required to ensure relevance, inclusivity, and alignment with evolving educational needs and SDG objectives.
