

Criteria II

Metric 2.3.4: Student: Mentor Ratio (preceding Academic Year).

Obtained Grade: 2

Expected Grade: 4

HEI input: 14:1

DVV Suggested input: 16:1

Remark/Finding of DVV: NIL

HEI Clarification Input: NIL

Reasons for Appeal

HEI would like to mention that due to error in understanding of metric, numbers of only UG mentors (410) and assigned UG mentees (5642) were filled within the prescribed format for which the ratio is 14:1 as submitted.

It has been observed that DVV has computed 16:1 as mentor mentee ratio, perhaps considering the total number of mentors as 410 (only for UG students) from the metric 2.3.4.1 and total no. of enrolled students 6714 (UG, PG, Ph.D.) as mentee either from extended profile 2.1 or metric 2.2.2 .

It appears that the same was accepted by DVV and HEI has not received any DVV clarification for the same, resulting in no comments during data validation.

Whereas, HEI has a total of 946 faculty members in A.Y. 2020-2021, out of which 933 (excluding Deans/HsOI i.e. $946-13=933$) were assigned as mentors to the total enrolled students (6714), hence the input in sub metric 2.3.4.1 may be revised to **933 (UG & PG mentors) in place of 410 (UG mentors)** and accordingly the response would be $6714/933=7.2:1$.

HEI therefore, requests for reconsideration of the response from 16:1 to 7.2:1 and grading accordingly.

Criteria	Awarded	Expected Revision Score in Appeal	Impact on Scoring
2.3.4	02 (6X2=12)	04	6X4=24
