### Reasons for Appeal:

We would like to submit that the University was established in 2008 and completed its 13 years of existence at the time of submitting the SSR. During A.Y. 2020-21, a total of 946 faculty members with 7533.22 years of cumulative experience & 08 years of average experience were in the posted strength of HEI.

HEI had submitted cumulative experience as 7533.22 years and average experience 08 years, whereas DVV suggested input was 0.01. We are not able to understand how DVV suggested input was 0.01? Since, no clarifications were sought for this figure it resulted in no comments during data validation.

Therefore, this is our earnest request that input in sub metric 2.4.3.1 may be revised from 08 years to 7533.22 years as cumulative experience and accordingly the response to this metric may be revised to **7533.22/946=8 Years**.

**In view of the above facts, HEI requests that the grading may please be revised accordingly.**
