

Criteria IV

Metric 4.4.1: Percentage of classrooms, seminar halls and demonstration rooms linked with internet /Wi-Fi enabled ICT facilities (data for the preceding academic year)

Obtained Grade: 3

Expected Grade: 4

HEI input: 90.9%

DVV Suggested input: 53.57%

Remark/Finding of DVV: Provide Geotagged Pictures of all classrooms, seminar halls and demonstration rooms enabled with ICT tools claimed by HEI.

HEI Clarification Input: HEI has provided Geotagged Pictures of all classrooms, seminar halls and demonstration rooms enabled with ICT tools

Reasons for Appeal

As per the SSR the HEI had submitted the data, having total 264 classrooms, seminar halls and demonstration rooms out of which 240 are ICT enabled. After the submission of SSR, it showed number of classrooms, seminar halls and conference rooms as 448 instead of 264 and for this deviation HEI had raised an issue vide Ticket No. 2112201607 dated 20/12/2021 through HEI Portal. The answer received was that all the queries will be responded at the time of DVV clarifications. At the time of DVV clarification, the HEI submitted a declaration certificate dated 02 March, 2022 duly signed by Registrar along with the required documents verifying the number as given above. However, no cognizance was taken to our request resulting into no amendment/correction in total no. of classrooms, seminar halls and conference rooms.

It is therefore, once again requested that the input in sub-metric 4.4.1.2 may be revised to 264 as total no. of classrooms, seminars halls & demonstration rooms out of which 240 are ICT enabled that makes the percentage to 90.9% ($240 \times 100 / 264 = 90.9\%$) instead of 53.57% (as suggested by DVV).

In view of above, we request you to kindly re-consider and revised the grade accordingly.

Criteria	Awarded	Expected Revision Score in Appeal	Impact on Scoring
4.4.1	3 (5X3=15)	4	5X4=20
