Value Added Course
BASICS OF INDIAN CONSTITUTION

COURSE DESCRIPTION:

Basics of Indian Constitution: course caters the basics of the longest Constitution in the world in a capsule form to make the learner understand its relevance and legal sanctity among all the citizens of India.

Objective: India is the world's largest democracy and her Constitution, the governing document serving as an express notification to all, embodies the main principles of how the people of India in this enormous and culturally diversified country are governed. It has engraved about the procedure for the formation of democratic government, what are its powers, functions, responsibilities and obligations though power are limited and distributed. Whatever might have been the force of the Constitution earlier, today it has acquired legitimacy as the highest norm of public Law. Constitution is *Geeta*, *Bible* and *Quran* for a democratic State. Therefore, a good understanding about the Constitution is essential for all the inhabitants of such a state. S/He must also know its genesis, nature and special features and be aware of the influence of politics and finance on the Constitution to work efficiently and diligently as a citizen or while playing his/her part in political and economic process of our country. This describes the rights & duties in a way for a citizen to become a tough stone in nation building. Only a law abiding Indian can be considered as a Good Indian. And an Indian can be law abiding if he is well aware of the law. Therefore to transform a '*Bhartiya*' into '*Subhartiya*', this course is essential.

Methodology: The course will be delivered through a combination of lecture series, discussions and home assignments on Constitutional principles, conventions, practices and judicial case study analysis in a precise manner.

Outcomes: On completion of this course, learners should be in a position:

1. To illustrate the structure of Union of India and governmental machineries.
