## Objectives of the BLS Workshop

The purpose of value added courses like BLS is to understand the basic principles of emergency treatment. Treatment for specific needs depends on the context, the patient status, the capabilities and competencies of the treating professionals. The treatment needs to be tailored according to such combination. Medicine is ever changing subject and the principles need to be updated. Thus, BLS courses are conducted annually for interns, students, postgraduate students and dental faculty:

- To orient the dental students on humanistic values in medical care.
- To inculcate the values of humanism through cooperative, team based learning approaches
- To bring in the concepts of reflective practice in patient care and team building.

## Who are the participants?

- Dental Students
- Dental Interns
- Post graduate students
- Dental Faculty

## COURSE OUTCOME

- Additional opportunity for students to enhance their knowledge and skills
- Inter-professional education
- Added certification to enhance job opportunities for students
- Life skills is essential for survival in this competitive world
