Objectives:

1. To define pharmacovigilance, its need & aims.
2. To describe the adverse drug reactions & its reporting.
3. To explain the pharmacovigilance process, its spontaneous & mandatory reporting
4. To explain the nurses role in pharmacovigilance.

Programme Report:

The value added course has conducted in Panna Dhai Maa Subharti Nursing College from 08/02/2021 to 17/02/2021 with the topic of “Nurses role in pharmacovigilance”. The day started with offline presentation by **Prof.Anandh Sam Perera**, Department of Medical Surgical Nursing. He explained the topic and importance of Pharmacovigilance, its need & aims.

Sessions were taken by the faculties as per scheduled. Mr. Amir (Asst. Prof.) has described the adverse drug reactions. Prof. Mr. Anandh explained about the pharmacovigilance process, its spontaneous & mandatory reporting. As a part of course he demonstrated how to report the adverse effects of the drug online. Finally students has gained the knowledge regarding reporting the adverse effects of the drug online. He also explained the nurses role in pharmacovigilance.

Ex Capt. & Principal Dr. Geeta Parwanda conducted a discussion class regarding pharmacovigilance & nurses role in pharmacovigilance.

Total 64 students attended the value added course. It was an effective session. Students got awareness regarding how to report any adverse drug reaction due to the intake of a particular drug online.

(Prof. Mr. Anandh and Mr. Amir (Asst. Prof.) has described the adverse drug reactions and also explained about the pharmacovigilance process, its spontaneous & mandatory reporting.)
