

Ethics in Dental Practice

Course Contents

"ETHICS IN CLINICAL PRACTICE"

COURSE OUTCOME

In a four days value added course, participants learnt their duties towards their patients and the community. They learnt how to use the resources available to the best of their knowledge. The ethical issues associated with fees and insurance related issues. Their duties towards their colleague and employee. This course lead to their overall development and was beneficial for their dental practice and personality development

Objectives of Ethics in Clinical Practice

It is important for every dentist to understand what is meant by ethics in dentistry. To understand the term profession and how it relates to the ethics in dentistry. One should know the principles of ethical decision making, understand the ethics of patient relations, delegation of duties, substance abuse in dentistry and financial arrangements. By understanding these principals and applying them to everyday practice so as to benefit the profession and the society.

EFFORTS IN INDIA

Medical Council of India (MCI) in 2002 released its code of ethics which was a regulatory document on professional conduct, etiquette, and ethics of doctors. In 2011, the vision 2015 document was released which promised a refreshing start by recommending integration of professionalism at various phases of medical education. In a massive step, MCI, in its regulations on graduate medical education 2012, elaborated the roles of the Indian medical graduate (IMG) as a clinician, leader and member of the health care team, communicator, lifelong learner and with attributes of professionalism and ethics. The document highlighted the importance of competencies pertaining to professionalism and ethics and recommended it to be an integral part of the curriculum through a structured longitudinal and dedicated program for the same.

Content proper

The content of curriculum for various phases is as outlined below:

Preclinical phase

Preclinical phase will include foundation course and MBBS 1st professional phase. Content will include:

History and various regulations

- Hippocratic oath and other more modern oaths taken by physicians and its significance; literary discussion on history of medicine, core values, and the aim of medicine

Report

Ethics in Dental Practice

Objective: Interactive Session

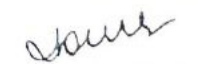

Activity: Lecture on learning his/her duties towards their patients and the community was taken by Guest Speaker Dr. Anubhav Kesari. Participants learn how to use the resources available to the best of their knowledge. The ethical issues associated with fees and insurance related issues. Their duties towards their colleague and employee. This course lead to their overall development and was beneficial for their dental practice and personality development.

Place of Event: LT-4, Subharti Dental College & Hospital, Meerut
