### Message

As said by legendary writer "Jerry Kosinski" - The Principles of the art is not to portray, but to evoke". Each time I try to comprehend the dynamic complexities and subtleties of art: it becomes more intricate and intense but always leaves behind a beguiling profundity at its culmination that bring eternal solace. Art imitates life in its most expansive and benign form. To celebrate life through art: NBSCFF - since its embarkment, is bequeathing the legacy of 'pure art' upon its artistes and artisans. With its great art acumen and dedicated faculty members supported by highly zealous management Together at NBSCFF we invoke imagination, creativity and authenticity to win over the challenging paradigms of art, thereby changing the unattainable surrealism into blissful realism. The college will continue to cherish and bestow the gems of art upon the promising society.

I thank one and all with deep gratitude for their love, support and faith that keep our strides firm and long. NBSCFF vows to never extend a valediction:

For art is beauty, and a  
Thing of beauty is joy forever".
