9th Annual Art Exhibition 2020

Art & Strokes

11-13 November 2020

"Art Fragrance" is the Ninth Annual Art Exhibition of Fine Arts Department, NBSCFF, focusing on works of art done by Faculties and students of Fine Arts Department NBSCFF, Swami Vivekanand Subharti University Meerut. The Exhibition comprises spectacular works on photography, sculptures and paintings.

Every year Department of Fine Arts organizes its Annual Art Exhibition, in which we displayed paintings, photography and sculptures made by the students throughout the year. Amidst due to Covid 19 pandemic we decided to do online Annual art Exhibition. Theme of the Exhibition is "Art & strokes". Art is a diverse range of human activities involving the creation of visual, artifacts (artworks), which express the creator's imagination, conceptual ideas and technical skills. The two classical branches of Fine arts are Visual and Commercial Art in which painting, sculpture, and decorative or applied arts are drawn. In visual arts, style is defined as "...distinctive manner which permits the grouping of works into related categories". In theory any piece of art is capable of being analyzed in terms of style; neither periods nor artists can avoid having a style, except by complete incompetence, and conversely natural objects or sights cannot be said to have a style, as style only results from choices made by a maker. Whether the artist makes a conscious choice of style, or can identify his own style, hardly matters. Budding Artists of Department of Fine Arts tend to be highly conscious of their own style.

For example this year Art Fragrance's photography, sculptures and paintings are full of different styles. NBSCFF is committed in providing an ethical point of sale for Art Fragrance and to supporting the career development of Budding Artists from across the Nation.
