About Exhibition

Sanghamata Dr. Mukti Bhatnagar Memorial Art Exhibition 2022

Focusing on works of art done by Sanghamata Dr. Mukti Bhatnagar and Fine Arts students of Nandal Bose Subharti College of Fine Arts and Fashion Design, Swami Vivekanand Subharti University Meerut, the Exhibition comprises spectacular works on Buddha. Buddhism celebrates the organic and ever changing nature of life. The Essence of Living Buddhism reflects –Peace in the community of humankind and environmental peace with earth. A Buddhist approach to peace reflected in the Art work of Sanghamata Dr. Mukti Bhatnagar. It shows her acquaintance with Buddhist philosophy of nature.

Impermanence is an undeniable and inescapable fact of human existence from which nothing that belongs to this earth is ever free. According to the teachings of Buddha, life is comparable to a river. It is a progressive moment, a successive series of different moments, joining together to give the impression of one continuous flow. It moves from cause to cause, effects to affect, one point to another, on state of existence to another, giving an outward impression that it is one continuous and unified movement, whereas in reality it is not. Same as the life of a person may not remain same as yesterday, today and tomorrow. Changes will be come every moment of life.

Harmony with nature, body and mind along with law of life. It depicts oneness of individual and environment and harmony within the self. In fact, any expression of harmonious relations in one's life is a direct result of the ultimate desire of the individual to be in harmony with the act of life.

Compassion in soothing living creatures in distress. We all feel compassion in our general life, when we see our family or friends in distress and even animals feels compassion when they see their offspring in pain. We all wish for quick recovery so that we may enjoy their company. In short true compassion is based on cherishing others.

Middle path avoids attachment to the two extremes. The "Middle Path" represents a distinct theory and way of Buddhist practice that is not common to other religions. Buddhism is a religion with high moral values. It lays great emphasis on human thought and action in dealing with the natural environment, society or individual problems. It is concerned with the relationship between thoughts and behavior, and the relationship between behavior and its consequences.

Enlightenment is the vital goal in Buddhism which controls all evil thoughts and glitter all positive virtues as joy, fearlessness and peace. Living Buddhism enlighten us through working with our mind, body, thoughts and feelings those are constantly changing. Living Buddhism views them as lasting essence.

These simple Buddhist teachings with profound implications in entering the consciousness of many in India and the world. Many creative artists are turning to the tents of Buddhism for inspiration. The quest to express and understand the essence of living Buddhism through Sanghamata Dr. Mukti Bhatnagar Memorial Art Exhibition jointly organized by Sanghamata Dr. Mukti Global Buddhist Foundation and Subharti Group, hosted by Nandal Bose Subharti College of Fine Arts and Fashion Design will disseminate the thoughts of Sanghamata Dr. Mukti Bhatnagar about Buddhist Art.

"If you want not to be forgotten as soon as you are gone, either write something worth reading or do something worth writing." - BENJAMIN FRANKLIN

As this saying goes, Sangha Mata, Dr. Mukti Bhatnagar, was a legacy in herself. She wasn't just an impeccable medical practitioner and academician, she was also an artist with innumerable talents.

Message

It is with a mixed bag of emotions that I am writing this message for Subharti Institute of Fine Arts and Fashion Design, as they are publishing a catalogue for the "Sangha Mata- Dr. Mukti Bhatnagar Memorial Art Exhibition, that will be conducted from 11-16 January, 2022 in the Raja Ravi Verma Art Gallery, in Subharti University.

The words art exhibition gives me a sense of pride and at the same time, the word memorial leaves me saddened to no end. Dr Mukti Bhatnagar was a connoisseur of art and could easily transform even an ordinary to something beautiful and extraordinary thus increasing the worth manifold. She never shied from trying out new and always had the company of her painting brushes and tools. The artist in her always craved for luminous splendour of vibrant colours she used on the canvas and other materials always giving a new lease of life to even the long-forgotten things. The makeover works used to leave many a people flabbergasted and speechless.

I extend my earnest appreciation to Dr Pintu Misra and his spruced crew who have been striving hard to make this catalogue see the light of the day. The exhibition too will be another well- deserved laurel for the Subharti Institute of Fine Arts and Fashion Design. My best wishes are with each one of you to soar high in the sky and stop nothing short of better than the best.
