13 Annual Art Exhibition-2025

"Art and Expression"

"Art and Expression" is the 13th Annual Art Exhibition of Fine Arts Department, NBSCFF, focusing on works of art done by Faculties and students of Fine Arts Department, NBSCFF, Swami Vivekanand Subharti University Meerut. The Exhibition comprises spectacular works on posters, photography, sculptures, murals and Paintings.

Art is a form of expression and a way to communicate. Similar to how language is used to communicate with one another, art is a great way to talk to other people. When it comes to art, the emotion of what you are trying to express is more important. The emotion can be positive (happy) or negative (sad). But usually we share positive emotions without hesitation and hide negative emotions. Since these hidden emotions stay inside us, they're processed into a beautiful art form. Art is a form of expression and every person in the world have the right to express themselves, but not every person has the ability to make art. Through metaphor, symbolism, and other creative techniques, artists can convey complex concepts and abstract ideas in a way that is both accessible and engaging. This is particularly true in the realm of political art, where artists have long used their work to comment on social issues, challenge the status quo, and raise awareness about important causes.

This is particularly important in today's world, where social and political tensions can often divide people along lines of race, gender, religion, and other factors. Art has the power to bridge these divides and bring people together in a shared appreciation of beauty, creativity, and expression. For example Art and Expression's posters, photography, sculptures, murals and paintings are full of life, different moods and stories. NBSCFF is committed to providing an ethical point of sale for Art and Expression and to supporting the career development of Budding Artist's from across the Nation.
