Rooted in the theme of Fusion Fiesta, our collection merges the resilience of denim with the ethereal beauty of organza, symbolizing the divine duality of Iris. As the personification of the rainbow, Iris guides our color palette. Deep indigo denim represents strength and power, while soft pastels—pink, lavender, and sky blue—capture the fleeting beauty of the sky at dawn. White and yellow reflect clouds and sunlight, adding a touch of celestial radiance. Handcrafted gold accessories complete the look, mirroring the regality of the gods. Each design speaks to those who embrace confidence and grace—where strength blends with delicacy.

## WHISPERS OF THE FALLS

This collection draws its inspiration from the serene and powerful beauty of waterfalls, symbolizing both the flow of nature and the delicate balance between strength and grace. # PEAFOWL

**Aksha, Gulmohammad, Kirti, Meghna, Priya, Salisha,

The "Peafowl" theme draws its inspiration from the mesmerizing beauty of peacock feathers. Known for their vibrant hues, intricate patterns, and graceful movements, peacocks stand as one of nature's most strikingly beautiful creatures. Their distinctive plumage, with a stunning array of colors and textures, sets them apart from all other birds. This theme celebrates the elegance and allure of the peacock, translating its visual magnificence into fashion. Through creative design, we aim to capture the essence of this regal bird, bringing its vivid tones and graceful forms to life on the runway.

# NOCTURNAL ELEGANCE

Inspiration is Mosquito bio bay also known as bioluminescent bay or bio bay. The thing that attracted the most towards this was high concentration of bioluminescent organisms, mainly dinoflagellates, which emit a blue-green light when agitated. This creates a stunning natural spectacle where the water appears to glow in the dark
