**A fire safety team's responsibilities include:**

- **Fire risk assessments:** Identify potential fire hazards, such as faulty electrical systems, blocked escape routes, or flammable materials storage.
- **Train all floor occupants according to your Emergency Response Plan**
- **Emergency evacuation plans:** Develop and implement emergency evacuation policies and plans.
- **Fire safety training:** Educate employees on fire prevention measures, how to use firefighting equipment, and evacuation procedures.
- **Fire safety strategy documents:** Develop fire strategy documents for businesses.
- **Fire safety accessories:** Design and implement fire plan, fire evacuation plan, fire posters, signage, and fire partition design.
- **Fire safety inspections:** Inspect for all fire safety aspects and identify potential fire hazards.
- **Fire safety hazard analysis:** In case of a fire, perform a hazard analysis to assist organizations in filing an insurance claim

*This committee will work with immediate effect and will work for next three years*

*Shimon*
