SUBHARTI UNIVERSITY CONFERRED WITH "INCUBATION CENTER OF THE YEAR AWARD 2026"

Swami Vivekanand Subharti University Conferred with "Incubation Center of the Year Award 2026" for Subharti Research and Incubation Center at Startup Mahakumbh 5.0

Swami Vivekanand Subharti University, Meerut, for its Subharti Research and Incubation Centre (SRIC), has been conferred with the prestigious "Incubation Centre of the Year Award 2026" at Startup Mahakumbh 5.0 – The 5th Chapter of Asia's Biggest Startup Congress, held at the India International Convention & Expo Centre (Yashobhoomi), New Delhi, on 09-10 March 2026. This remarkable achievement has been achieved under the dynamic leadership of honourable CEO Professor (Dr.) Shalya Raj and the valuable guidance of the Hon'ble Director General, Maj. Gen. G. K. Thapliyal.

The event, themed "Local to Global: Taking Indian Innovation to the World," served as a premier platform bringing together leading innovators, entrepreneurs, policymakers, industry leaders, investors, and academicians to deliberate on strengthening India's startup ecosystem and promoting globally competitive technologies.

This prestigious recognition highlights the significant contribution of Swami Vivekanand Subharti University's Research & Development Cell and SRIC in fostering a strong innovation, startup, and entrepreneurship ecosystem within the University. Through its incubation initiatives, the University actively promotes technology-driven innovation, startup incubation, intellectual property generation, technology transfer, and the commercialization of research outcomes. The ecosystem facilitates idea-to-prototype development, proof-of-concept validation, product development, startup mentoring, and industry-academia collaboration, enabling innovators and entrepreneurs to transform research ideas into market-ready technologies and scalable ventures.

The IPR Cell and Startup Committee under the Research & Development Cell play a pivotal role in strengthening the innovation framework by providing support in prior art searches, patent drafting, patent filing, intellectual property protection, technology disclosure management, and IP commercialization strategies.

“VIBE AND VICTORY 2026” SPORTS DAY EVENT

Bhikaji Cama Subharti College of Hotel Management, under the aegis of Swami Vivekanand Subharti University, Meerut, successfully organized a vibrant sports event titled “Vibe and Victory 2026.”

The event was conducted by the EpicZone Gamer’s Club, a student-led club that aims to promote recreational activities, sportsmanship, and healthy competition among students. The event was held on 27 February 2026 and witnessed enthusiastic participation from students across different academic years of the college. The primary objective of the event was to encourage students to participate in extracurricular activities, strengthen teamwork, and foster a spirit of unity and sportsmanship within the academic community.

A total of 22 students actively participated in the sports event, forming two teams of 11 members each. The highlight of the day was a friendly yet competitive cricket match played between the 1st Year students and a combined team of 2nd and 3rd Year students. The match created an exciting and energetic atmosphere on the campus, with both teams demonstrating remarkable enthusiasm, coordination, and sporting spirit throughout the game.

NATIONAL-LEVEL AI HACKATHON & INTERNATIONAL COLLABORATION

MEERUT, March 28, 2026: The second day of VIGYANOTSAV 2026 at Swami Vivekanand Subharti University (SVSU) reached a global scale with the inauguration of the National-level AI Hackathon at the Satyajit Ray Auditorium. The event highlighted SVSU's growing international academic footprint through significant foreign collaborations. The ceremony was graced by esteemed international guest, Dr. Sergei Koltsov, a renowned Professor and Principal Investigator from the National Research University Higher School of Economics, St. Petersburg. His presence emphasized the importance of global synergy in solving complex technological challenges. The AI Hackathon, coordinated by Dr. Sharvan Kumar Garg, commenced at the FET, drawing brilliant minds to compete in real-world problem-solving. AI Hackathon, organized in collaboration in Hackshastra will continue for 24 hours and students will provide AI driven solutions for the given problem statements.

Simultaneously, the campus buzzed with energy as the Project Exhibition continued for the second day and students showcased their research and innovation skills. Dr. Shalya Raj, CEO, graced the Project Exhibition with his esteemed presence and encouraged the students. He appreciated all the projects and praised the innovative ideas presented by the participants. He also motivated the students to further develop their projects and transform their ideas into practical solutions. The day concluded with an overnight session for Hackathon participants, supported by the university's hospitality team led by Dr. Sweta Bhardwaj and Eklavya Club.

FIVE-DAY VALUE-ADDED COURSE BASED ON INDIAN KNOWLEDGE TRADITIONS

A five-day Value-Added Course titled "Traditions of Indian Music and Dance" commenced at the Department of Performing Arts, Swami Vivekananda Subharti University. Conducted under the framework of Indian Knowledge Traditions, the course focused on the subject of "Rare *Bandishes* (Compositions) of Kathak Dance and Their *Nikas* (Execution)." Serving as the Guru for the course was the renowned Kathak danseuse and Sangeet Natak Akademi awardee, Guru Rajashree Shirke, who had traveled from Mumbai to impart the intricate nuances of Kathak dance. The Program was inaugurated with the ceremonial lighting of a lamp before the idol of Goddess Saraswati. Subsequently, the Dean of the Faculty of Fine Arts and Head of the Department of Performing Arts, Professor Bhavna Grover, formally welcomed Guru Rajashree Shirke by presenting her with a sapling and a traditional *Angavastram* (honorary stole).

The celebrated Pakhawaj artist, Shri Aniruddha Shirke—who had also arrived from Mumbai—was similarly welcomed with the presentation of a sapling. The Dean of the Faculty of Fine Arts, Professor Pintu Mishra, along with Dr. Bhavna Grover, extended their best wishes to both the visiting students and all the students of the Department of Performing Arts. On the first day of the course, Guru Rajashree Shirke provided an introduction to the subject of rare *Bandishes*. She explained how great Kathak Gurus have composed numerous beautiful *Bandishes* inspired by various aspects of nature. Throughout the five-day course, students received instruction in *Bandishes* set in *Mishra Jati*, *Khanda Jati*, and *Chatusra Jati* *Tals* (rhythmic cycles), as well as the *Ganesh Vandana* (invocation to Lord Ganesha) titled "Gajanan Bhuta Ganadi Sevitam"—all of which were rooted entirely in traditional Kathak dance. On the fifth and final day of the course, the students presented all the *Bandishes* they had learned; subsequently, certificates for the "Traditions of Indian Music and Dance" Value-Added Course were awarded to all participants, complete with grading. During the concluding session of the program, the University's Chief Executive Officer, Professor Shalya Raj, witnessed the students' presentation of the learned *Bandishes*. The students had mastered these compositions with great dedication and diligence, and they executed their performance in an exceptionally beautiful manner.

GENDER SENSITIZATION IN ACADEMIC INSTITUTIONS BUILDING AN INCLUSIVE AND RESPECTFUL ENVIRONMENT

The Department of Library and Information Science, Swami Vivekanand Subharti University, Meerut organised a guest lecture on “Gender Sensitization in Academic Institutions Building an Inclusive and Respectful Environment” on 23.03.2026 with the overarching aim of cultivating meaningful awareness about gender sensitization among students in educational settings. The programme sought to foster an inclusive, respectful, and dignified academic environment by encouraging participants to develop an empathetic understanding of gender equality and the rights associated with it.

Additionally, the lecture endeavoured to equip students with substantive knowledge of the social and legal dimensions of gender-related issues, and to inspire them to assume their responsibilities as conscientious and informed citizens. The event was graced by Dr. Reena Bishnoi, Dean, Faculty of Law, who delivered the keynote address. In her comprehensive and thought-provoking lecture, She articulated that gender sensitization is not merely an academic concept but a fundamental social imperative that serves as the cornerstone of equality, respect, and inclusivity within educational institutions. She underscored the critical need for institutions to direct sustained attention towards awareness programmes, evidence-based policy formulation, and behavioural transformation to ensure the realisation of gender equality in practice. Dr. Bishnoi further emphasised that the creation of a positive and safe educational environment is contingent upon every individual embracing sensitivity, respect, and equitable conduct towards one another. She also shed light on the significance of awareness pertaining to the Prevention of Sexual Harassment (POSH) legislation and its practical implications in the workplace and institutional context. WATER CONSERVATION AWARENESS RALLY

On the occasion of World Water Day (22th March 2026), the University Environment Committee, in collaboration with Jyotirao Phule Subharti College of Physiotherapy, organized a Water Conservation Awareness Rally on 20th March 2026 with active participation of students. The Honourable Vice Chancellor, Prof. (Dr) Pramod Kumar Sharma, graced the rally with his presence and inspired everyone with his valuable words. Our Officiating Principal, Prof. (Dr) Amit Kumar Goel, also enlightened the gathering on how small contributions in daily life can help in preventing water wastage and conserving water effectively. Following this, the Head of the Environment Committee, Prof. (Dr) Mukesh Ruhela, addressed the gathering and shared meaningful insights on the importance of water conservation. Students from various colleges participated in the rally with great enthusiasm and energy. The primary objective of this rally was to spread awareness about the importance of saving water and using it wisely in our daily lives. During the rally, students and Environment Committee members visited different colleges within the university campus and interacted with faculty members, students, and staff to share simple, practical, and easy-to-follow ways to conserve water and promote sustainable habits. Water is one of our most valuable resources, yet we often don't realize its importance until it becomes scarce. Through this rally, we aimed to remind everyone that even small actions—like turning off taps properly, fixing leaks, reusing water where possible, and avoiding unnecessary wastage—can make a big difference. Every drop saved today helps secure a better tomorrow.

AIU BASKETBALL CHAMPIONSHIP (M/W)

WORLD SPARROW DAY CELEBRATED AT SVSU WITH A MESSAGE OF ENVIRONMENTAL CONSERVATION

The Department of Liberal Arts and Humanities, Faculty of Arts and Social Sciences, Swami Vivekanand Subharti University, Meerut, celebrated World Sparrow Day with great enthusiasm and a strong commitment towards environmental sustainability. The event was organized to spread awareness about the declining population of sparrows and to encourage collective efforts for their conservation. The celebration witnessed enthusiastic participation from students who actively contributed by preparing handmade nests for sparrows using eco-friendly materials. These nests were thoughtfully designed to provide a safe and comfortable habitat for sparrows. The students, along with faculty members, installed these nests at various suitable locations across the Subharti campus, ensuring accessibility and safety for the birds. RESPONSIBLE CONSUMPTION AND PRODUCTION: BUILDING A SUSTAINABLE FUTURE

The Faculty of Arts and Social Sciences, Swami Vivekanand Subharti University, Meerut organised a guest lecture on the theme “Responsible Consumption and Production: Building a Sustainable Future” on 24.03.2026 as part of its academic engagement with the United Nations Sustainable Development Goals, which focuses on responsible consumption and production. The event sought to sensitise students to the mounting pressures that unsustainable resource use and consumerism place upon the natural environment, and to inspire them with a commitment to adopting more mindful and environmentally responsible lifestyles. Beyond environmental awareness, the programme also endeavoured to cultivate a sense of social responsibility and ecological ethics among the student community, encouraging them to recognise their individual and collective agency in contributing to broader sustainability goals. The event was formally introduced by Dr. Monika Mehrotra. The principal address was delivered by Dr. Shahroze Alam Rizvi, Head of the Department, Economics, Aligarh Muslim University, Aligarh, whose scholarly expertise lent considerable depth to the discourse. In his lecture, Dr. Rizvi elaborated upon the significance of SDG-12 within the broader framework of sustainable development, highlighting how rising consumerism and the indiscriminate exploitation of natural resources have emerged as formidable challenges for environmental sustainability. GUEST LECTURE ON “STRESS MANAGEMENT AND ART OF LIVING”

A guest lecture on the topic “Stress Management and Art of Living” was successfully organized on 26th March 2026 by the Department of Physical Education, Swami Vivekanand Subharti University, Meerut. The objective of the program was to create awareness among students about effective stress management techniques and to promote a balanced and healthy lifestyle. The program was gracefully anchored by Mr. Mohd Sartaz, who conducted the event in a confident and engaging manner.

The distinguished Guest Speaker, Prof. (Dr.) Rajeev Chaudhary from Pt. Ravishankar Shukla University, delivered an insightful and motivating lecture. The program began with a welcome address by Dr. Manju Adhikari, Head Physical Education, who highlighted the importance of mental well-being and stress management in today’s academic and professional life. As a mark of respect, a plant sapling (Paatka) was presented to the guest speaker by Dr. Manju Adhikari and Dr. Praveen Kumar. During his lecture, Prof. Chaudhary elaborated on the causes and effects of stress and explained various practical techniques to manage it effectively. He emphasized the importance of positive thinking, time management, self-discipline, and maintaining emotional balance. He also discussed the applications, benefits, and advantages of stress management, including improved concentration, enhanced performance, better decision-making, and overall mental and physical well-being. The session was highly interactive, where students actively participated and gained valuable insights into handling stress in daily life, academics, and sports activities.

The program concluded with a memento and a vote of thanks delivered by Dean Faculty of Education Lt. Prof. (Dr.) Sandeep Kumar, expressing gratitude to the guest speaker and all participants. [Click to read full news](#)

LEADERSHIP ADVENTURE CAMP AT PACHMARHI SUCCESSFULLY CONCLUDED

The Department of Physical Education under the Faculty of Education, Swami Vivekanand Subharti University, Meerut, successfully organized a Leadership Adventure Camp at Pachmarhi, Madhya Pradesh, in collaboration with Bharat Scouts and Guides. The team of students and faculty members returned safely to the university campus on 19 March 2026, marking the successful completion of the camp. The primary objective of the camp was the holistic development of students. During the camp, participants actively engaged in various adventurous and educational activities such as trekking, rock climbing, nature study, survival skills training, and team-building exercises. These activities significantly enhanced their leadership qualities, confidence, courage, and decision-making abilities. Pachmarhi, popularly known as the “Queen of Satpura,” provided an ideal natural environment for such activities. The serene surroundings, hills, and dense forests offered participants a unique opportunity to connect with nature and understand the importance of environmental conservation.

Throughout the camp, students demonstrated excellent discipline, teamwork, time management, and cooperation. They also participated in leadership tasks that helped in developing their organizational and managerial skills. The faculty members of the Department of Physical Education accompanied the students and provided constant guidance, ensuring safety and discipline during all activities. Their support played a crucial role in the successful execution of the camp.

PADMASHREE AHMED HUSSAIN MOHAMMED HUSSAIN**

AWARENESS SESSION ON SUICIDE PREVENTION AND EARLY SYMPTOMS

Sardar Patel Subharti Institute of Law conducted an awareness session on Suicide Prevention and Early Symptoms under the esteemed guidance of Hon'ble Justice Rajesh Chandra, Director (Former Judge, High Court of Judicature at Allahabad), and Prof. (Dr.) Reena Bishnoi, Officiating Dean, Faculty of Law. This session was conducted as per the directives of U.P.Government by the University Task Force working for the prevention of suicide tendency among students. This session was conducted by the Dr.Sarika Tyagi, Wellness Officer Subharti Law College in association with Psychiatry department Subharti University.

She said that suicide is a serious public health issue that affects individuals, families, and society at large. According to the World Health Organization, suicide is one of the leading causes of death globally, particularly among young people. She told about the effects of suicide over the health of individual and their families. She also discussed the provisions of Mental Health Act and encourage students to take measures to prevent the suicide tendency among their friends and others. After that Second speaker Dr.Antul Tyagi told about the factors responsible for the Suicide tendency. There can be many reasons like toxic relations with others ,peer pressure of friends or parents and some other factors also. It is up to you that how you deal with situation and go forward in to your life because life is very precious and we should not waste our life for the others. She also told that we should not cope up with our problems but we should work for the others also. This session is not only organized to make you aware but it is your duty to aware the society also. The session end with the vote of thanks given by the coordinator of the program.

VISIT TO DRUG DE-ADDICTION CENTRE ALONG WITH PLEDGE

Sardar Patel Subharti Institute of Law conducted an educational trip to a Drug De-addiction Centre under the esteemed guidance of Hon'ble Justice Rajesh Chandra, Director (Former Judge, High Court of Judicature at Allahabad), and Prof. (Dr.) Reena Bishnoi, Officiating Dean, Faculty of Law, on the occasion of the Nasha Mukta Bharat Abhiyaan. As part of experiential learning and social awareness, students were taken on an educational visit to a Drug De-Addiction Centre. The objective of the visit was to sensitize students about substance abuse, its harmful effects on individuals and society, and the rehabilitation process adopted for recovery. The activity aimed to provide practical exposure beyond classroom teaching and to encourage empathy, social responsibility, and awareness about legal and social issues related to drug addiction. During the visit, the officials and counselors of the centre briefed the students about the causes of drug dependence, psychological and physical impacts of addiction, and the various stages of treatment including detoxification, counseling, therapy sessions, and rehabilitation. Students were also informed about preventive measures, the role of family support, and the importance of community participation in helping individuals recover from addiction.

An interactive session was conducted where students asked questions regarding relapse, legal provisions related to drug abuse, and the challenges faced by rehabilitation centers. The counselors shared real-life experiences (without disclosing identities) to help students understand the seriousness of addiction and the efforts required for recovery. Students also observed the facilities available at the center, including counseling rooms, therapy areas, and recreational spaces designed to support patients' rehabilitation. GHAZAL NIGHT BY USTAD KAMAL SABRI SAHAB

ALUMNI SESSION ON “ESSENTIAL ASPECTS OF BUILDING A LEGAL CAREER”

The Alumni Session titled “Essential Aspects of Building a Legal Career” was organized with the objective of providing students with valuable insights into the professional journey and experiences of an accomplished alumna who has successfully entered the judicial services. The session aimed to guide students on developing the competencies necessary for success in the legal field. The program began with the formal introduction of the distinguished alumni speaker Dr. Shivani Sharma, Civil Judge-cum-Judicial Magistrate, Government of Jharkhand. She is a proud alumna of Sardar Patel Subharti Institute of Law, Meerut, where she completed her B.A. LL.B. (2012–2017) and LL.M. (2017–2019) and later pursued M.Phil. and Ph.D. in continuation from the same institution. Her academic journey and professional achievements were highlighted to inspire the students and demonstrate how dedication, discipline, and consistent effort can lead to success in the legal profession. During the session, Dr. Shivani Sharma shared her experiences regarding the preparation and dedication required to achieve success in the judicial services. [Click to read full news](#)

GUEST LECTURE ON VISION MANAGEMENT ORGANIZED ON WORLD OPTOMETRY DAY

The Department of Optometry, Subharti College of Allied and Healthcare, Swami Vivekanand Subharti University, successfully organized a Guest Lecture on the topic “Vision Management in OPD” on the occasion of World Optometry Day on March 28, 2026. The session was delivered by Dr. Sindhuja Singh, Assistant Professor, Department of Ophthalmology, Subharti Medical College. The lecture focused on enhancing students’ understanding of effective vision management practices in outpatient departments and their clinical significance. Bachelor of Optometry students actively attended the session and gained valuable insights into practical aspects of patient care and vision management in clinical settings. The lecture proved to be highly informative and beneficial for strengthening their clinical knowledge. [Click to read full news](#)

THE CONSTANT NEED FOR ENERGY

A Never-ending Story

#Energy is essential for anything and everything. It's a prerequisite for life. All energy on the Earth comes from the Sun. Life on Earth would have been unthinkable without the Sun as a natural source, releasing massive amounts of energy every second. Even with the Sun as a gigantic source of energy, early humans needed another source of energy. They needed a source of light to pierce the thick darkness of night; they needed a source of heat to get warm in brutal winters, to cook food on, to sit round and tell stories; so they made fire.

Humans, seeking energy in the form of light and heat, cut down trees, chopped logs, and fed the fire with dry wood. Their nights were lit by lamps filled with oil obtained from nuts, seeds, or animal fats, and by candles made of wax. Humans also recognized energy as a weapon against the enemy in the battleground, when they invented black powder, first type of explosive mixture, and used it in large, heavy cannons.

As time went by humans discovered fossil fuels, buried deep inside the Earth. Fossil fuels are plants and animals died hundreds of millions of years ago, even before the dinosaurs, and were converted—by the processes inside the Earth—into coal, crude oil, and natural gas. Once humans found fossil fuels, the world changed dramatically as these new sources of energy revolutionized the way humans lived. Energy stored in fossils—that could be released by burning these fossils—was used as a source of power that could make machines work and run engines.

Meanwhile, humans understood how to utilize the power of steam, and they began using coal-fired steam engines to drive locomotives. Crude oil was separated out into various products including petrol, diesel, and LPG. While petrol was used in car engines, buses, trucks, and locomotives too ran on diesel. LPG, a mixture of gases kept in a liquid form by the pressure in a container, was widely used for cooking. With the advent of electricity came a radical change. Because electricity could be transported long distances and used in countless applications, it was the most versatile source of energy.

Fossil fuels are limited; they will run out some day, and they can't be replenished even in many, many centuries. When coal and oil burn, they pollute the air and release a large excess of carbon dioxide that traps heat, making the Earth warmer than usual. So humans are now seeking 'green alternatives' to fossil fuels. They are now looking for energy sources that naturally renew, or replenish themselves, that will practically never run out; they are looking for sources that provide clean energy. Humans are now able to harness the energy in the Sun, wind, Earth's crust, and moving water. Humans today can even harness the incredible amount of energy released when atoms of Uranium are split. The world also saw energy in its most destructive form when the US dropped two nuclear bombs on Japan in 1945, killing thousands of people in a matter of seconds.

Despite an enormous growth in renewable energy use, fossil fuels still dominate the global economy. Coal, oil, and gas supply lines continue to be lifelines of economies worldwide. Again, fossil fuels are not distributed evenly around the Earth. Countries without coal, oil, or gas reserves depend on those with abundant reserves for their energy needs. These countries depend crucially on energy imports for their survival. They need large quantities of fossil fuels—shipped or piped to them every day—to feed their energy-hungry economies.

The world today is facing an unprecedented crisis. The ongoing conflict in West Asia has disrupted global energy supplies, pushing up prices and causing fuel shortages across the world. This war that came as the biggest energy supply shock in recorded history, has led the world to an **#EnergyCrisis** like never before. The US-Iran-Israel war has fully exposed gaps in **#EnergySecurity** which continues to take center stage in world affairs.

The Law of Conservation of energy says that energy is neither created nor destroyed. When people use energy, it doesn't disappear, it transforms, it changes into another form. Energy keeps changing its form, and so does its story. ***Energy never dies, and its story never ends!***

SUNDARA SASTRI SATYAMURTI DEATH ANNIVERSARY

Subharti Polytechnic College solemnly observed the death anniversary of Sundara Sastri Satyamurti on 28th March 2026 with great respect and patriotism. The program was organized to remember his invaluable contribution to India's freedom struggle and to inspire students with his ideals. The event commenced with a floral tribute to the portrait of Satyamurti by the faculty members and students. The program began with a brief introduction highlighting his life and achievements. Sundara Sastri Satyamurti was a great freedom fighter, politician, and leader of the Indian National Congress who played a significant role in India's independence movement. He passed away on 28 March 1943. The speakers emphasized his dedication, leadership qualities, and his efforts in promoting democratic values. [Click to read full news](#)

LEGAL AID AND AWARENESS PROGRAM BY SUBHARTI LAW COLLEGE

Sardar Patel Subharti Law Institute, Swami Vivekananda Subharti University, Meerut Under the direction of Director of the Subharti Law College Mr. Rajesh Chandra (Former Justice, Prayagraj, High Court, Uttar Pradesh) and under the guidance of Prof. (Dr.) Reena Bishnoi, Officiating Dean, Subharti law college organized a Legal Aid and Awareness program in village Nangla Jamalpur to make the villagers aware about Right to education and Child Rights, Good Samaritan Laws, Womens Rights and various Government Policies. This program was coordinated by Dr.Sarika Tyagi, Coordinator Law Club. Dr.Sarika told the villagers about legal rights and duties. She also told about the The Right of Children to Free and Compulsory Education (RTE) Act, 2009 in India, based on Article 21A of the Constitution, makes free and compulsory elementary education for children aged 6 to 14 a Fundamental Right and she encouraged the villagers to take the education of their children on priority.

Further Mr. Ayush Anand B.A.L.L.B. student told about The "Criminal Law Amendment Act 2023" is not a single act, but rather the new criminal laws of India, which include the [Bharatiya Nyaya Sanhita \(BNS\), 2023](#), [Bharatiya Nagarik Suraksha Sanhita \(BNSS\), 2023](#), and [Bharatiya Sakshya \(BS\) Act 2023](#). These laws replace the Indian Penal Code (IPC), Code of Criminal Procedure (CrPC), and the Indian Evidence Act, respectively, and introduce significant changes, such as making certain crimes gender-neutral, adding offenses like terrorism and organized crime, making video-graphy of searches compulsory, and digitizing the entire criminal justice process and also told about various government schemes. Aditi Kumari, B.A.L.L.B. student told about the duty of good Samaritan. A Good Samaritan is a bystander who takes the accident victim to the nearest hospital or helps the victim by informing police or medical emergency. After that students of subharti Law College divided into different teams and by door to door campaign also make aware the villagers about the free legal aid benefits and told about the free legal aid clinic of Subharti Law College. They told the villagers about Women's Rights and various government policies for the benefit of the Women's. Devansh Sagar, Surbhi Singh, Diya [Click to read full news](#)

“THE ARTISTIC TOUCH: TOWEL ORIGAMI AND FLORAL DESIGN”

The Bhikaji Cama Subharti College of Hotel Management, Swami Vivekanand Subharti University, Meerut successfully organized a skill-oriented workshop titled “The Artistic Touch: Towel Origami and Floral Design” on 30th March 2026. The workshop was designed to enhance the creative and practical competencies of students in the field of housekeeping and hospitality aesthetics.

The session was conducted by distinguished resource persons, Mr. Shailandra Kumar, Assistant Professor at Quantum University, Uttarakhand, along with Mr. Vansh Pandey, a BHMCT 3rd-year student, who assisted as co-resource person. Their combined expertise provided both academic insight and practical exposure to the participants. The workshop witnessed active participation from 31 students and 4 faculty members. The event was conducted under the leadership of Dr. Indraneel Bose, Head of BCSCMH, whose guidance ensured the smooth execution of the program. The event was effectively coordinated by Dr. Nitin Gupta, Ms. Akansha Sengar, Dr. Saras Verma & Mr. Rohil Bhatnagar Faculties at BCSCMH. And student club ArtistryFold Club & GastroGenius Club. The session commenced with an introduction to the importance of aesthetic presentation in the hospitality industry, particularly in housekeeping and guest experience enhancement. Mr. Shailandra Kumar elaborated on the role of towel origami as a value-added service in hotels, emphasizing creativity, precision, and attention to detail. He demonstrated various towel folding techniques such as animal shapes, decorative patterns, and bed arrangements, which are commonly used in luxury hospitality settings. SUICIDE PREVENTION AWARENESS PROGRAM

The Department of Liberal Arts and Humanities, Faculty of Arts and Social Sciences, organized an awareness programme on suicide prevention to enhance mental health awareness, promote early identification of risk factors and the importance of seeking timely help. The session included valuable inputs from the Head of Department, Dr. Jyoti Gaur, along with distinguished speakers Dr. Seema Sharma, Dr. Antul Tyagi, and Dr. Shyamashish Gupta. The programme was coordinated by Dr. Mohini Mittal, Assistant Professor and anchored by the host Vanshika Vats of B.A Honors II Sem. During the Lecture, Dr. Seema Sharma underscored the critical importance of psychological well-being and the role of awareness and communication in preventing suicidal tendencies.

She also referred to legislative developments such as the Mental Healthcare Act, 2017, which recognizes suicide attempts as a mental health concern requiring care and support rather than punishment, while also pointing out that social stigma continues to hinder help-seeking behavior. She emphasized the importance of mental well-being and highlighted early warning signs such as emotional instability, withdrawal, and behavioral changes. She also discussed the role of awareness and communication in reducing stigma and encouraging individuals to seek help. The experts collectively discussed the early warning signs, including emotional instability, withdrawal from social interactions, noticeable behavioral changes, and declining interest in daily activities. Special attention was drawn to young individuals, particularly those between the ages of 15–29 years, as a highly vulnerable group. [Click to read full news](#)

VIGYANOTSAV DAY 5-CULTURAL GRANDEUR AND MUSICAL FINALE & VALEDICTORY FUNCTION

VIGYANOTSAV 2026 culminated in a spectacular display of art and culture at Swami Vivekanand Subharti University. The final day focused on celebrating India's rich heritage alongside modern creativity, bringing the five-day mega event to a memorable conclusion. The valedictory ceremony was graced by Hon'ble Chancellor Madam Stuti Narayan Kakkar, along with distinguished guests including Poinosawmy Mehen (Vice President – GIO Europe), Saju Jakob (Solicitor – UK & Germany, Law Offices in Europe), and internationally acclaimed Sarangi maestro Ustad Kamal Sabri Ji (Renowned Sarangi Maestro & Composer). Their presence added prestige and inspiration to the grand closing ceremony. The morning session featured a variety of cultural performances coordinated by Cultural Committee Head Dr. Ashima. Students showcased vibrant dance, music, and theatrical performances reflecting India's diverse cultural traditions and creative talent.

This was followed by the grand Closing Ceremony held at the Satyajit Ray Auditorium. The festival reached its emotional peak with a dedicated performance by world-renowned Sarangi Virtuoso and Composer Ustad Kamal Sabri, whose soulful rendition mesmerized the audience and provided a dignified conclusion to the academic and technical festivities. During the Valedictory Function, prizes were distributed to winners and participants of various technical, sports, and cultural competitions conducted throughout the five-day festival.

GUEST LECTURE ON “WOMEN EMPOWERMENT THROUGH SELF-HELP GROUPS (SHGS)”

The lecture was delivered by Dr. Sarika Abhay, In-charge, University Gender Sensitization Cell, who served as the resource person for the event. Dr. Sarika Abhay elaborated on the concept of Self-Help Groups (SHGs) as a grassroots-level initiative that enables women to achieve financial independence and collective strength. She highlighted how microfinance plays a crucial role in providing accessible financial services to women, particularly in rural and underprivileged communities. The session concluded with an interactive discussion, where students engaged with the resource person through questions and shared their perspectives. [Click to read full news](#)

A guest lecture on “Women Empowerment through Self-Help Groups (SHGs) and Microfinance” was organized by Subharti College of Allied and Healthcare in collaboration with the University Gender Sensitization Cell on 31st March 2026. The session aimed to create awareness among students regarding the role of SHGs and microfinance in promoting women's socio-economic empowerment.

16TH SARDAR PATEL SUBHARTI MOOT COURT COMPETITION

The 16th Sardar Patel Subharti Moot Court Competition was successfully conducted by Moot Court Association in hybrid mode from 7–9 March, bringing together aspiring law students for an engaging display of advocacy and legal reasoning. The Final Round, held in the Moot Court Hall, providing participants with a realistic courtroom experience and maintaining the formal atmosphere expected in a moot court proceeding. Rounds were adjudicated by a distinguished panel of judges comprising alumni and legal professionals associated with various courts.

The panel included:

Adv. Aman Bansal, Adv. Akansha Rai, Adv. Akansha Chaudhary, Adv. Tanupriya Joshi, Adv. Srishti, Adv. Rishabh, Adv. Harsh Yadav, Adv. Mansi, Adv. Shikha Upadhyaya, Adv. Anurag Choudhary, Adv. Parth Malhotra.

SARANGI PLAYER USTAD KAMAL SABRI APPOINTED AS 'PROFESSOR OF PRACTICE' AT SUBHARTI UNIVERSITY

Internationally acclaimed sarangi player Kamal Sabri has been appointed as the Professor of Practice in the Faculty of Fine Arts at Swami Vivekanand Subharti University. This appointment is considered a significant step towards taking art and music education at the university to new heights.

Speaking on the occasion, the university's Vice-Chancellor, Prof. Pramod Kumar Sharma, said, "It is extremely inspiring for our students to have a globally renowned artist like Kamal Sabri associated with Subharti University. Under his guidance, students will get the opportunity to understand the depth of Indian classical music and gain practical knowledge." The university's CEO, Prof. Shalya Raj, stated, "Our aim is to make education not only theoretical but also practical and connected with the industry. The appointment of Kamal Sabri is a strong initiative in this direction, as it will allow students to learn from real-world experiences." The Dean of the Faculty of Fine Arts, Dr. Pintu Mishra, added, "With Kamal Sabri's presence, the standard of music education in the department will rise even higher. He will teach students the nuances of sarangi playing, along with stage performance techniques and insights into the global music scenario."
