In the event of this Agreement being cancelled under any circumstances, the Institution shall refund to WHO the balance of uncommitted funds. The funds provided under this Agreement shall be spent only in accordance with its terms.

2.2 The funds transferred to the Institution under this Agreement may not be used to meet any form of emoluments, travel costs or any other reimbursements of expenditure to a staff member of WHO.

- b. cost of maintenance, repair, running or insurance of existing equipment and machinery belonging to the Institution;

3.2 Notwithstanding subparagraph 3.1 above, the Institution shall transfer ownership of any equipment acquired under this Agreement to WHO, if so requested by WHO, upon termination or expiry of this Agreement, in such cases the Institution shall dispatch the equipment to any destination chosen by WHO, the cost of which will be borne by WHO.

4. REPORTS

The Institution shall submit technical and financial reports to WHO on the work as required, or at least annually, in accordance with the following provisions:

4.1 Technical reports shall be prepared by the Principal Investigator and forwarded through and countersigned by the authorized official of the Institution or his authorized representative. Each annual report shall summarize the results of the project and give in sufficient detail its positive and negative findings so that the value of the work can be assessed.

**TECHNICAL SERVICES AGREEMENT
ACCORD DE SERVICES TECHNIQUES**

CONDITIONS GENERALES

Les conditions générales énoncées ci-après s'appliquent au présent Accord sur l'appui de l'OMS aux recherches ou autres services techniques. Cet appui vise à aider une institution à entreprendre pour le compte de l'OMS, des investigations portant sur un problème particulier ou des travaux convenus entre l'institution et l'OMS. Si l'appui au titre du présent Accord provient d'une subvention principale accordée à l'OMS, le présent Accord est conclu sous réserve que le montant total de la subvention principale soit payé à l'OMS. Dans l'éventualité où l'OMS ne recevrait pas le montant total de la subvention principale, l'OMS se réserve le droit d'annuler le présent Accord ou d'ajuster le montant de l'appui à l'institution (à la seule discrétion de l'OMS et sans encourir aucune responsabilité vis-à-vis de l'institution).

1. INSTITUTION ET CHERCHEUR PRINCIPAL

1.1 L'institution et le Chercheur principal (ou l'Administrateur technique responsable), lequel doit être employé par l'institution, sont conjointement responsables de l'ensemble des aspects techniques et administratifs des travaux visés par le présent Accord.

1.2 L'institution est tenue d'aviser immédiatement l'OMS lorsqu'elle apprend que le Chercheur principal va cesser, ou a cessé, d'être employé par elle, ou bien qu'il ne continue pas à exercer les fonctions visées par le présent Accord. En pareil cas, l'OMS peut:

- (a) soit résilier le présent Accord;
- (b) soit accepter de poursuivre le projet sous la conduite d'un nouveau Chercheur principal proposé par l'institution et approuvé par l'OMS.

2. DISPOSITIONS FINANCIERES

2.1 Des versements seront faits au(x) compte(s) bancaire(s) de l'institution comme il est stipulé dans le présent Accord et conformément au calendrier qui y figure. Si, après communication du rapport financier final mentionné plus loin au paragraphe 4.4, il apparaît que l'institution détient un solde non utilisé, ce solde reste payable à l'OMS. En cas de résiliation du présent Accord, celles qu'en soient les circonstances, l'institution restituera à l'OMS les sommes non encore engagées. Les sommes fournies en vertu du présent Accord ne pourront être dépensées que conformément aux dispositions dudit Accord.

2.2 Les fonds versés à l'institution en vertu du présent Accord ne peuvent être utilisés pour verser des émoluments quelconques à un fonctionnaire de l'OMS, couvrir ses frais de voyage ou lui rembourser toute autre dépense.

2.3 Sauf dispositions contraires du présent Accord, les fonds versés à l'institution en vertu des présentes ne peuvent être utilisés pour couvrir:

- (a) les dépenses administratives et les frais généraux normaux de l'institution;
- (b) le coût de l'entretien, de la réparation, de l'exploitation ou de l'assurance de matériels ou d'appareils existants qui appartiennent à l'institution;
- (c) le coût de la construction de nouveaux bâtiments, ou de la transformation ou de la modification de bâtiments et locaux existants; ou
- (d) le versement d'un complément de traitement au Chercheur principal.

3. MATERIEL ET FOURNITURES; ACHAT

3.1 Sauf convention contraire, et sous réserve des dispositions de l'alinéa 3.2 ci-après, tout matériel et toutes fournitures obtenus en vertu du présent Accord sera la propriété de l'institution. L'institution et le Chercheur principal seront conjointement responsables du bon état de conservation, de la maintenance et de l'entretien de tout matériel et de toutes fournitures acquis en application du présent Accord.

3.2 Notobstant les dispositions de l'alinéa 3.1 ci-dessus et si l'OMS en fait la demande, l'institution transfèrera à celle-ci, lors de la résiliation ou de l'expiration du présent Accord, les droits de propriété afférents à tout matériel et à toutes fournitures acquis au titre dudit Accord. L'institution expédiera alors ce matériel et ces fournitures vers toute destination que lui aura indiquée l'OMS, les frais d'expédition étant à la charge de cette dernière.

3.3 Dans la mesure où l'institution doit acheter des biens et/ou des services dans le cadre de l'exécution du présent Accord, elle devra veiller à ce que l'achat de ces biens et/ou services soit effectué sur la base du principe du meilleur rapport qualité-prix. On entend par « meilleur rapport qualité-prix » l'offre qui présente la meilleure combinaison du point de vue des spécifications techniques, de la qualité et du prix.

4. RAPPORTS ; AUDIT

L'institution soumettra à l'OMS des rapports techniques et financiers concernant ses travaux, chaque fois qu'il y a lieu et au moins une fois par an, selon les modalités suivantes :

4.1 Les rapports techniques seront établis par le Chercheur principal, envoyés sous couvert du responsable de l'institution ou de son représentant l'un et l'autre dûment autorisés, et contresignés par eux. Chaque rapport annuel résumera les résultats du projet et en exposera les conclusions positives ou négatives de façon assez détaillée pour permettre d'apprécier la valeur des travaux.

4.2 Les rapports financiers devront être envoyés, après avoir été vus conjointement par le Chef des Services financiers de l'institution et par le Chercheur principal. Les rapports devront indiquer l'utilisation des fonds provenant de l'OMS au regard des prévisions de dépenses initiales dont avaient convenu l'institution et l'OMS.

4.3 L'OMS peut demander qu'un examen ou un audit de type financier et opérationnel du projet et des activités y afférentes, soit effectué par l'OMS et/ou par des parties autorisées par l'OMS, et l'institution s'engage à faciliter cet examen ou cet audit.
