Sub: Regarding information to not to participate in 62nd national Music And Dance Competition.

Respected Sir,

This is for your kind information that National Reputed organization Prayag Sangeet Samiti Allahabad is organizing this year's 62nd National Music and Dance competition. It is a matter of pride for the university that from the last 5 years, our students of Performing Arts have been participating in the competitions and receiving awards on top position, due to which there has been a positive discussion about the course being run in this field by Subharti University in other universities and other institutions.. This is helping for the admission growth of Performing Arts department also.

As per the rules of the cultural Committee of the university, only 42.3% (20,700 rupees) of the demanded fees (48,850 Rupees) have been approved, with which it is not possible to participate in this competition and only 48 hours are left for the registration of the competition, hence it is informed with great regret that the students of the University will not be able to participate in this competition this year.

Thank You

Tree Plantation on World Environment Day

Faculty of Management & Commerce
Subharti College of Hotel
Management

Date: 05/06/2024

Report on the World Environment Day Campaign Organized by Bhikaji Cama Subharti College of Hotel Management, SVSU

Introduction:

On 5th June 2024, Bhikaji Cama Subharti College of Hotel Management, SVSU, successfully organized a World Environment Day campaign, dedicated to raising awareness about environmental conservation and promoting tree plantation. The event, held at Kalanjari Village, Jani Khurg, Meerut, aimed to engage students and villagers in activities that underscore the importance of protecting our environment and preserving natural resources for future generations.

Objective:

The primary objectives of the World Environment Day campaign were:

- 1. To Raise Environmental Awareness:**
 - Educate school students, villagers, and participants about the significance of environmental conservation and the role each individual plays in maintaining ecological balance.
- 2. To Promote Tree Plantation:**
 - Encourage active participation in tree planting activities to combat deforestation, reduce carbon footprints, and enhance green cover in the local area.
- 3. To Foster Community Involvement:**
 - Engage the local community, including students and villagers, in collective efforts to protect the environment, thereby fostering a sense of responsibility and stewardship.

Activities Conducted:

The campaign included a variety of activities designed to educate, engage, and inspire participants:

- 1. Awareness Sessions:**
 - Faculty members and student volunteers from Bhikaji Cama Subharti College of Hotel Management conducted interactive sessions with the villagers and school students. These sessions highlighted the importance of environmental conservation, the impact of deforestation, and the benefits of planting trees. Visual aids, such as posters and charts, were used to enhance understanding.
- 2. Tree Plantation Drive:**
 - The central activity of the campaign was the tree plantation drive. Students, faculty members, and villagers enthusiastically participated in planting saplings in designated areas of Kalanjari Village. The saplings included a mix of fruit-bearing and shade-providing trees, chosen for their adaptability to the local climate and soil conditions.
 - **Species Planted:**

- Saplings of mango, neem, and banyan trees were planted during the drive. These species were selected due to their environmental benefits, such as air purification, providing shade, and enhancing soil fertility.
- **Process:**
 - Before the planting began, participants were given a brief demonstration on the proper techniques for planting and caring for young trees. This ensured that the saplings would have the best chance of survival and growth.
- 3. Pledge Ceremony:**
 - At the conclusion of the event, all participants took a pledge to continue protecting the environment in their daily lives. They committed to reducing waste, conserving water, planting more trees, and spreading awareness about environmental issues within their communities.

Participation:

The campaign saw active participation from various groups:

- 1. Students:**
 - Students from the Bachelor of Hotel Management and Catering Technology (BHMCT), Master of Hotel Management and Catering Technology (MHMCT), and B.Voc. H&T programs participated enthusiastically. Their involvement in both the awareness sessions and the tree plantation drive demonstrated their commitment to environmental conservation.
- 2. Faculty Members:**
 - Faculty members from Bhikaji Cama Subharti College of Hotel Management guided the activities and provided valuable insights during the awareness sessions. Their leadership ensured that the campaign was educational and impactful.
- 3. Villagers and School Students:**
 - The local community, including school students and villagers from Kalanjari Village, participated actively in the event. Their involvement was crucial in spreading the message of environmental conservation beyond the immediate academic environment.

Outcomes:

The World Environment Day campaign yielded several positive outcomes:

- 1. Increased Environmental Awareness:**
 - Participants gained a deeper understanding of the importance of environmental conservation and the practical steps they can take to protect the environment. The awareness sessions helped instill a sense of responsibility towards nature among the villagers and students.
- 2. Contribution to Local Ecology:**
 - The tree plantation drive resulted in the planting of over 100 saplings, contributing to the greening of Kalanjari Village. These trees will help improve air quality, provide habitat for wildlife, and contribute to the ecological balance of the area.
- 3. Community Engagement:**

- The campaign successfully engaged the local community, fostering a sense of unity and collective responsibility. The active participation of villagers and students demonstrated the campaign's success in building a community committed to environmental stewardship.

4. Long-Term Impact:

- The event not only had an immediate impact on the participants but also laid the groundwork for ongoing environmental efforts in the community. The pledge taken by participants is expected to lead to further initiatives aimed at conserving the environment.

Challenges and Solutions:

While the campaign was largely successful, a few challenges were encountered:

1. Logistical Coordination:

- Coordinating the transport of saplings and participants to the remote location of Kalanjari Village required careful planning. To address this, the college arranged for transportation and collaborated with local authorities to ensure smooth logistics.

2. Ensuring Sapling Survival:

- Ensuring the survival of the planted saplings was a concern. To mitigate this, participants were provided with guidance on post-planting care, and local villagers were encouraged to take responsibility for watering and protecting the young trees.

The World Environment Day campaign organized by Bhikaji Cama Subharti College of Hotel Management was a resounding success, achieving its objectives of raising awareness about environmental conservation and promoting tree plantation. The active participation of students, faculty members, and the local community ensured that the event was both educational and impactful. As the planted saplings grow, they will serve as a lasting reminder of the collective effort made to protect and preserve the environment. The college remains committed to continuing such initiatives, fostering a culture of environmental responsibility among its students and the broader community.

Description

World Health Day 2025, with the theme “**Healthy Beginnings, Hopeful Futures**” emphasizes the critical importance of investing in health from the earliest stages of life. The day serves as a reminder that the foundation for a healthy society begins with nurturing the well-being of mothers, children, and young people, ensuring they have the care, support, and environment necessary to thrive.

The theme reflects a commitment to:

- **Early intervention and preventive healthcare**, especially during pregnancy, infancy, and childhood
- **Encouraging healthy habits and lifestyle choices** from a young age to prevent chronic diseases and promote lifelong well-being
- **Addressing mental health, nutrition, sanitation, and access to basic healthcare services** for all, especially marginalized communities.
- **Building a health-literate and health-conscious society** through education, community involvement, and public awareness campaigns.

By focusing on “**Healthy Beginnings**” the goal is to give every child a strong start in life. And through “**Hopeful Futures**” the initiative aspires to create a generation that is physically, mentally, and socially healthy-paving the way for a stronger, more resilient nation.

World Health Day 2025 calls on individuals, communities, healthcare providers, and policymakers to come together and ensure that every life begins with health, dignity, and hope.

Activity was facilitated by **Ms. Dimple Singh Tomar**, Assistant Professor, Faculty of Pharmacy, Swami Vivekanand Subharti University, Meerut

Outcome of the Activity

2. **Health Screenings and Services**
 - Thousands of health camps were held globally, offering free checkups, vaccinations, and maternal health services.
 - Over 2 million women and children were screened for various health conditions during these events.
 3. **Policy Advocacy and Government Action**
 - Multiple governments announced new or strengthened health policies focusing on maternal and child health.
 - Funding was pledged in several regions to improve neonatal care and rural healthcare access.
 4. **Community Engagement**
 - Grassroots organizations led local events, including workshops, health fairs, and school programs, promoting healthy habits from early childhood.
 - Parent support groups and mental health awareness workshops were launched in 40+ countries.
 5. **Partnerships and Collaborations**
