### Recommendations

- **Curriculum Enrichment Activities:** The University is in practice to update the curriculum time to time in consultation with all stakeholders. The curriculum enrichment activities can be enhanced to make it more vibrant as per NEP-2020.
- **Examination Reforms:** The examination policies are well framed and are in place. More emphasis can be given to strengthening the automation of the examination process.
- **Research and Development Promotion:** Faculty members may be encouraged to undertake research projects and engage in consultancy services to address real-world challenges and contribute to knowledge dissemination. The research ecosystem needs to be strengthened, highlighting the thrust areas for achieving UN sustainable development goals. All faculty members, Ph.D. scholars, and students will have to be motivated to publish their research outcomes in Indexed Journals with high-impact factors.
- **Interdepartmental/Collaborative Projects:** During A.Y. 2022-23 few interdepartmental and collaborative projects were in place. Still, there is a requirement for the promotion of interdepartmental and collaborative projects to be prioritized, and aligned with the policies to facilitate partnerships and interdisciplinary research initiatives.

- **Encouragement for Fellowship Programs:** Faculty members are to be more sensitized to participate in fellowship programs to enhance their professional development and academic expertise.
