## सुभारती गीत

जहाँ भी अंधेरा हो, दीप तू जलाता चल, रास्ते चमक उठें रोशनी दिखाता चल।

- (1) एक ऐसी दुनिया की, रचना हमको करनी है,  
छीन हीन दुखियों की, सेवा हमको करनी है,  
सेवा हमको करनी है :  
जातियाँ न जिसमें हो, दुनियाँ ऐसी रचता चल,  
अरबों के मेले में, एकता फैलाता चल:  
जहाँ भी अंधेरा हो, दीप तू जलाता चल,  
रास्ते चमक उठें रोशनी दिखाता चल।
- (2) विश्व के ललाट पे, तिलक हमको बनना है  
शारदे के चरणों में, जीवन होम करना है,  
जीवन होम करना है,  
धनवन्तरी का दूत बन, व्याधि को हटाता चला,  
भास्कर का तेज बन तिमिर को मिटाता चल:  
जहाँ भी अंधेरा हो, दीप तू जलाता चल,  
रास्ते चमक उठें रोशनी दिखाता चल।
- (3) गौरव है तू देश का हिमालय से ऊँचा बन,  
सुभारती सा बनकर तू, सुभारत बनाता चल:  
जहाँ भी अंधेरा हो, दीप तू जलाता चल,  
रास्ते चमक उठें रोशनी दिखाता चल।

सुभारत बनाता चल, सुभारत बनाता चल, सुभारत बनाता चल,  
तमस मिटा दे, दीप जला दे ओ मेरी साथी रे S S S .....

## THE VISIONARY

Education is the first step towards making people aware of their rights and responsibilities. The University was established with the dream of making young Indians not only professionally sound but also for developing 'Awakened Nationals', who are inclined towards not just building their careers but making their parents and peers proud while fulfilling their social and national duties.

Our University was established with the *motto* of 'शिक्षा, सेवा एवं संस्कार'. Today, after a long struggle and overcoming many hurdles, I am proud that Swami Vivekanand Subharti University is not only one of the most reputed Universities of Northern India, but has also established itself, in the list of top ranking Universities of India, and awarded Grade 'A' accreditation by NAAC.

We have worked hard over the years and achieved many milestones. I am confident that soon, we will be on the International educational map and be known for producing competent professionals with our unique brand of values and academics.

We have left no stone unturned for achieving excellence and will keep working towards perfection. However the journey to excellence is never ending.

# GANESH SHANKAR VIDYARTHI SUBHARTI COLLEGE OF JOURNALISM AND MASS COMMUNICATION

## FACULTY OF JOURNALISM AND MASS COMMUNICATION

Ganesh Shankar Vidyarthi Subharti College of Journalism & Mass Communication, which is determined to meet the ever-growing demands of young journalists and mass communicators, is the pride of the University. Its priority is to develop a new breed of journalists, with a sensitive heart, technical skills, broad knowledge and moreover a dream of a beautiful society. With the philosophy 'learning by doing' the courses of this Institute seek to combine the 'How to' aspect of Journalism with a critical, analytical and reflective 'Why' perspective that enables the young journalists to keep up with the demands of the dynamic world of journalism and mass communication and the changing world.

Ganesh Shankar Vidyarthi Subharti College of Journalism & Mass Communication is working as a destination for all those who want to reach the glittering heights in the field of media and communication studies. Media is one of the most revered career options for intellectuals coming from different walks of life. In Subharti College of Journalism, we turn talents into success stories and transform the caterpillars into the breathtaking beautiful butterflies.

College of Journalism and Mass Communication believes that establishment of soft skills is foremost requirement. To make teaching learning process smooth, dynamic and everlasting physical facilities play vital role in learning experience.

Physical facilities in any College system range from the university buildings, classroom, library, laboratories, learning materials to other infrastructures. Experience shows that physical facilities motivate students to have interest in learning that invariably lead to high performance.

Research says that inadequate physical facilities have some adverse effect on students' interest to learn. Hence, this may invariably affect their academic performance. In a situation where students are not having access to normal facilities like library, equipments and adequate seats in the classrooms it is observed that these could contribute to low performance of students. Apart from protecting student from sun, rain, heat and cold, there should be enough space, seats, laboratories and internet facilities and a host of other physical facilities that could enhance the level of motivation and academic performance of students.

In college of Journalism and Mass Communication practical training is integral part of course curriculum and teaching learning process. So, it is well equipped with latest technical infrastructure and advance labs to impart knowledge. The facilities are as follows:

**Facilities for Specially Challenged Students:** College is well equipped to support all who wants to take education and live their dreams. It is believed that no one should be stopped because of some physical barriers. We have two lifts to reach department and washrooms are made keeping in mind differently abled individuals requirements. Even we have wheel chair to meet any emergency.

**Seminar Hall:** Our seminar hall is ICT tool enabled with inbuilt smart board, P.A system and projector. And this is platform is to refine the presentation and public speaking skills.

**Examination Hall:** Department has separate examination hall where 100 students can sit and challenge their knowledge.

**Sick Room:** To assist the students who feel unwell and need some rest then sick room is there with beds to take rest and relief.

**Library:** Libraries are important cornerstones of a healthy community. Keeping this in mind we have departmental library with more than 500 books and journals on journalism and allied subjects. It has good ambience to sit and do research on the subjects of your desire. Where you can learn and earn intelligence.

**Mentoring Method:** Mentoring is one such way in which each participant is motivated to practically participate and demonstrate his or her skills. We have different mentor clubs in which 1<sup>st</sup> year students are mentored by 2<sup>nd</sup> year students and 2<sup>nd</sup> year students are mentored by 3<sup>rd</sup> year students are finally monitored by a teacher. Like this it becomes a chain where everyone is connected with each other for endless flow of learning. To make this process goal oriented, whole process is further subdivided as:

**Let's meet in meeting:** Every Friday mentors meeting is taken at respective corners of mentor clubs. In these meetings agendas are set and future plans are discussed. In these meetings students personal problems are also discussed and some positive solutions are taken. The most essential element of these meetings is action taking report and minutes of meeting.

**Creative Corners:** Creative corners are platform to showcase the personal and academic achievements of students. It not only brings the sense of pride but also the feeling of belongingness also comes in each and every student. By seeing each other working for best they get motivated, competitive and their self-confidence also gets boosted. Here they learn the importance of healthy competition, team work and belongingness.

**Mentor Record Book:** In Mentor Book we keep record of student's personal and academic achievements as well as track their strength and weaknesses while resolving the issues that are becoming obstacle in their progress. We have even provided psychological assistance/Lending ear to some of our students who were going through depression and other psychological problems.

**Tutorial classes:** Through tutorial classes we try to interact one-on-one with students and solve their doubts and assist them to excel in academics.

**Clubs:** We even have different clubs like production club, radio club, literary club, P.R Club and creative club. These clubs are especially dedicated to enhance the skills of students and make them realize about their strength and weakness.
