3.3 Choice Based Credit System (CBCS):

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India to begin with and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

The curriculum offers a total of 58 courses out of which the student has to complete 34 Theory courses and two compulsory summer training of 6 weeks, two Dissertations and eight comprehensive viva voce. No Specialization will be given unless it has minimum 10 students enrolled/opting for it.

The total number of credits required for the award of INTEGRATED MBA degree is 199 credits. The courses are divided into 5 categories, i.e. Core courses, Generic Electives, Discipline Specific Electives, Skills enhancement courses, Field Work/Dissertation.

1. **Core Course:** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.
2. **Elective Course:** Generally, a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

- 2.1 **Discipline Specific Elective (DSE) Course:** Elective courses may be offered by the main discipline/subject of study is referred to as Discipline Specific Elective (to be offered by main discipline/subject of study). The Program has 5 groups of 4 electives. Each elective is of 4 credits. The candidate has to choose any two groups for 7th and 8th semester.
- 2.2 **Dissertation/Project Work:** An elective course of 6 credits designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project work. A Project/Dissertation work *may be* given in lieu of a discipline specific elective paper. The program offers two Summer Training after 2nd and 3rd year of program of 6 credit, which will have to be done in a organization/industry. In all eight semester there is the course of Comprehensive Viva Voce of 4 credits. In the 6th and 8th semester both there is one dissertation of 6 credits that is offered.
- 2.3 **Generic Elective Course (GEC):** An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure to other subjects/disciplines is called a Generic Elective Course.

P.S.: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

There are no Generic Elective being offered in this program.

3. **Ability Enhancement Courses:** The Ability Enhancement (AE) Courses may be of two kinds: AE Compulsory Course (AECC) and Skill Enhancement Courses (SEC). AECC courses (two) are the courses based upon the content that leads to knowledge enhancement. They [(i) Environmental Science, (ii) English/MIL Communication] are *mandatory* for all disciplines. SEC courses (minimum two) are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc. The program offers 10 Compulsory skill enhancement courses.

All core courses, discipline electives have a practical component along with theory. Skills Enhancement courses have theory with the practical component if required.
