PREAMBLE

The modern education system is slowly finding its roots in ancient Indian Education System which was so dynamic that it kept evolving in complex environmental conditions. A vibrant and flexible educational system is a sure bet against all odds that a nation could face in the contemporary world. Against this importance of the need to keep the educational system in vibrancy, the Government of India constituted under the Chairmanship of Great Educationist and Scientist Dr. Kasturirangan. The Committee, after an exhaustive examination of the existing educational system and of the need to adapt to the changing condition of Young India aspiring for greater skills and knowledge, produced a voluminous Document known as 'The National Education Policy (NEP) – 2020'.

The NEP-2020 is based on the principle that education must develop not only cognitive capacities - both the 'foundational capacities' of literacy and numeracy and 'higher-order' cognitive capacities, such as critical thinking and problem solving – but also social, ethical, and emotional capacities and dispositions. In a broader way, NEP envisions an education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower.

The NEP-2020 envisages a student centric educational system with an opportunity to learn multiple courses and programs and provides a comparable and globally competitive educational system. It transforms the existing Higher Educational System into creative, innovative and research-oriented system. In addition to the traditional and time-tested system of continuing with the 3- year educational program, the NEP provides an opportunity to the young minds to move up the ladder of knowledge stream by entering into the Honors and Research qualifications. The under-graduate three -year programs create a better avenue for higher-degree study at Master's / Ph.D. level and also demonstrate to prospective employers a higher capacity for independent learning and research, along with enhanced problem-solving, critical thinking, independent learning and communication.

The SVSU, an educational base always had an objective to provide holistic education and accredited “A” University by NAAC, has a history of latching all contemporary changes and developments which are student-centric and society-growth oriented. The NEP-2020 needs the whole- hearted co-operation and support of galaxy of academia and educationist. Hence, the University constituted a Committee under the Chairmanship of incumbent Vice-Chancellor Prof Dr Pramod K Sharma to frame Ordinance for all undergraduate programs under the umbrella of NEP-2020. This Ordinance shall be known as “Ordinance Governing Under-Graduate Programs under NEP-2020” of SVSU.

Nandlal Bose College of Fine Arts and Fashion Design was established in 2009 under Swami Vivekanand Subharti University (SVSU) Meerut with a vision to produce highly qualified, skilled, trained, artists, designers and competent professionals for preserving and promoting the Indian heritage and **focusing** on self employment generation.

Vision of NBSCFF is to impart quality education in the field of Arts , Animation, Fashion , Textiles & Interior design to students with the objective of awakening their innate creativity so that success follows them in future pursuit of life and they are able to achieve unique potential.

Mission to establish the NBSCFF was specially centralized to focus on and provide a stimulating learning environment in the present challenging world with technological aids and latest techniques in the field of Arts , Animation , Fashion , Textiles and Interior design.
