Action Taken Report

Various aspects of **Best practices** have been discussed in the meeting to enhance the resiliency and quality of teaching and to strengthen the interaction between faculties and students. There was a general consensus among all the members that online lectures and discussion are efficient alternative teaching methods in fluctuating conditions and disruptions.

To facilitate the learning experiences among students, following strategic plans have been decided to incorporate:-

1. Frequent assessment of weaker topics/chapters of students during seminar and lectures and face to face discussion on those topics.
2. Motivate the students to read and prepare articles on important topics/cases.
3. More interdepartmental discussion to enrich the clinical knowledge.

Sincerely yours,

Dr Arvind Krishna
Prof & Head
Dept of Dermatology

Dr. ARVIND KRISHNA
Professor & Head
