Resolution & Discussion

Discussion: The members discussed that the teaching methodology prescribed under DCI regulations adequately addresses the course outcomes and programme outcomes. The Board further deliberated on the need to **strengthen undergraduate teaching in Periodontology** with greater emphasis on emerging areas and skill-based learning to enhance clinical competence.

Also, the Board discussed the need to **enhance postgraduate clinical competence** by incorporating structured **pre-clinical exercises** to improve procedural skills, clinical confidence, and treatment outcomes among MDS students.

Resolution:

After detailed deliberation, the Board approved the following **curriculum revisions for the BDS programme in Periodontology:**

- a) Inclusion of **more lectures on Implantology.**
- b) Introduction of **lectures on Artificial Intelligence in Periodontology.**
- c) Addition of a **pre-clinical exercise on suturing** for undergraduate students.

Following **pre-clinical exercises** were included for MDS students in Periodontology:

- a) **Sinus lift procedure on goat head.**
- b) **Pre-clinical exercise on Endo-Perio procedures.**
- c) **Pre-clinical exercise on tooth preparation.**
