INSTITUTIONAL CHEMICAL, EQUIPMENTS AND SAFETY COMMITTEE

(Revised)

PURPOSE AND SCOPE

The committee has specific oversight responsibilities for chemical, equipment and safety in all teaching and research activities conducted in college laboratories.

Technical areas covered by the committee include chemicals, equipments and safety and compliance, including the following:

- Chemical management (use, storage and disposal) in laboratories and store
- Equipment management (installation, working and maintenance)
- Occupational health and safety for laboratory personnels and students
- Laboratory working and safety training, both required and recommended
- Emergency planning and response procedures
- Hazardous materials transport and laboratory waste management
- Incident investigation and root cause analysis for laboratory incidents involving chemical and physical hazards
- Emergency planning and response procedures
