MIDWIFERY LEADERSHIP PROGRAMME 2021

29 July 2021

To: Gita Parwanda

Dear Gita,

We would like to congratulate you on successfully completing the India Midwifery Leadership Programme 2021. It was a great pleasure and honour to work with you and to share information, experiences and ideas about how to implement the Government of India Midwifery Initiative.

We are aware that you joined the programme at short notice in very difficult professional and personal circumstances. Not only were you doing your normal work, you were also dealing with the devastating impact of the COVID-19 pandemic in your workplace, which required many additional heavy and sometimes distressing duties.

Furthermore, as many participants shared with us, you were also dealing with the impact of the pandemic in your own community and family, and on your own physical and mental health.

Joining the programme online was a new and sometimes stressful experience for many of us, requiring rapid acquisition of new skills in information and communication technology.

Despite all this, you and your state trio colleagues made significant progress in creating plans and collecting data for implementation of the Midwifery Initiative in your state, and laying important foundations for the future.

You will soon be contacted about joining the new network of midwifery leaders in India, where you will be able to stay in touch with other MLP graduates. Meanwhile we hope you stay in regular contact with your state trio and other participants.

We wish you every success, luck and good health in your future personal and professional life, and we hope very much to meet you again soon.

Yours sincerely,

Jane Salvage
